HEROES OF LIBERTY

...have vanished.

Mickey Marion, Private Detective
I'm retired from the service but
after Uncle Sammy sends you all over
the world for the better part of a
decade, a guy tends to get a bad habit
of being predictable, so I gets a phone
call, says Uncle Sammy's trying to find
some folks. I says to tell him that
I'd rather not take the job, they said
that he is not asking.

So, needless to say, I'm
tracking down some big war heroes.

As of where it stands right now,
they are all missing and nobody
knows anything.

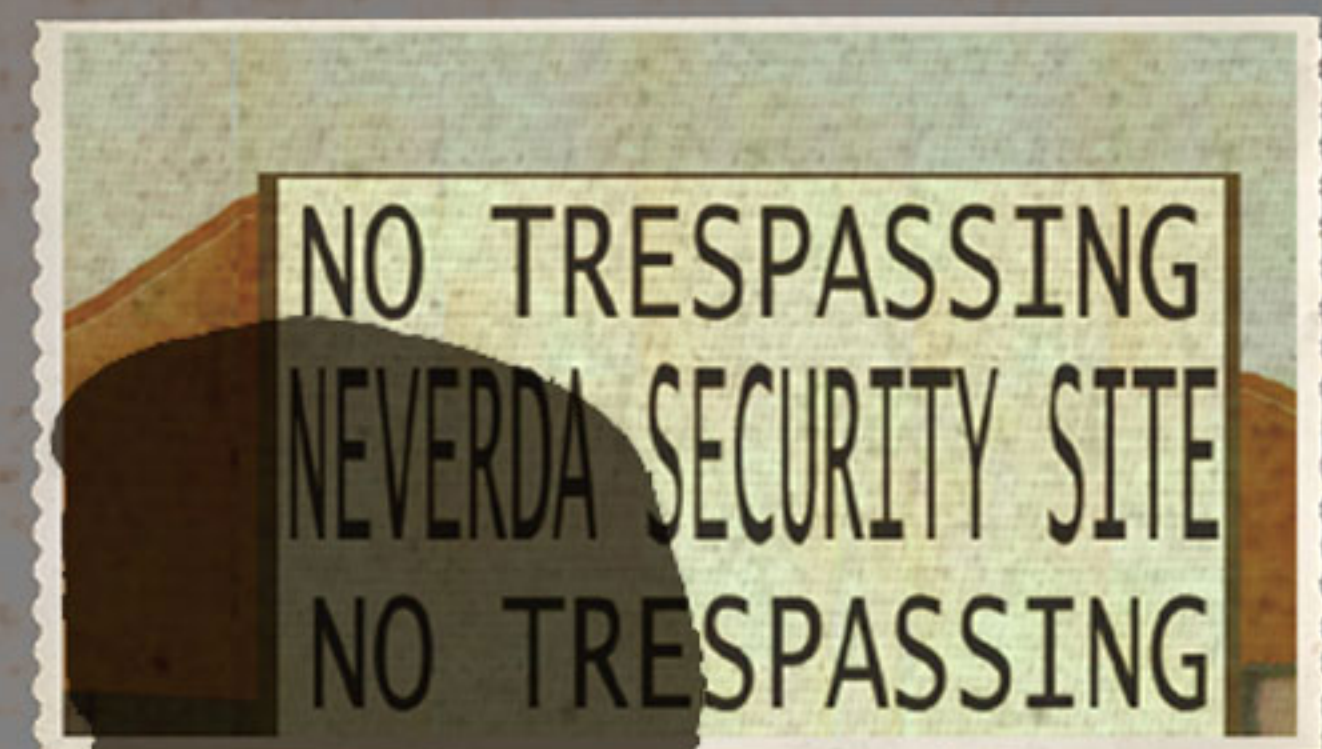

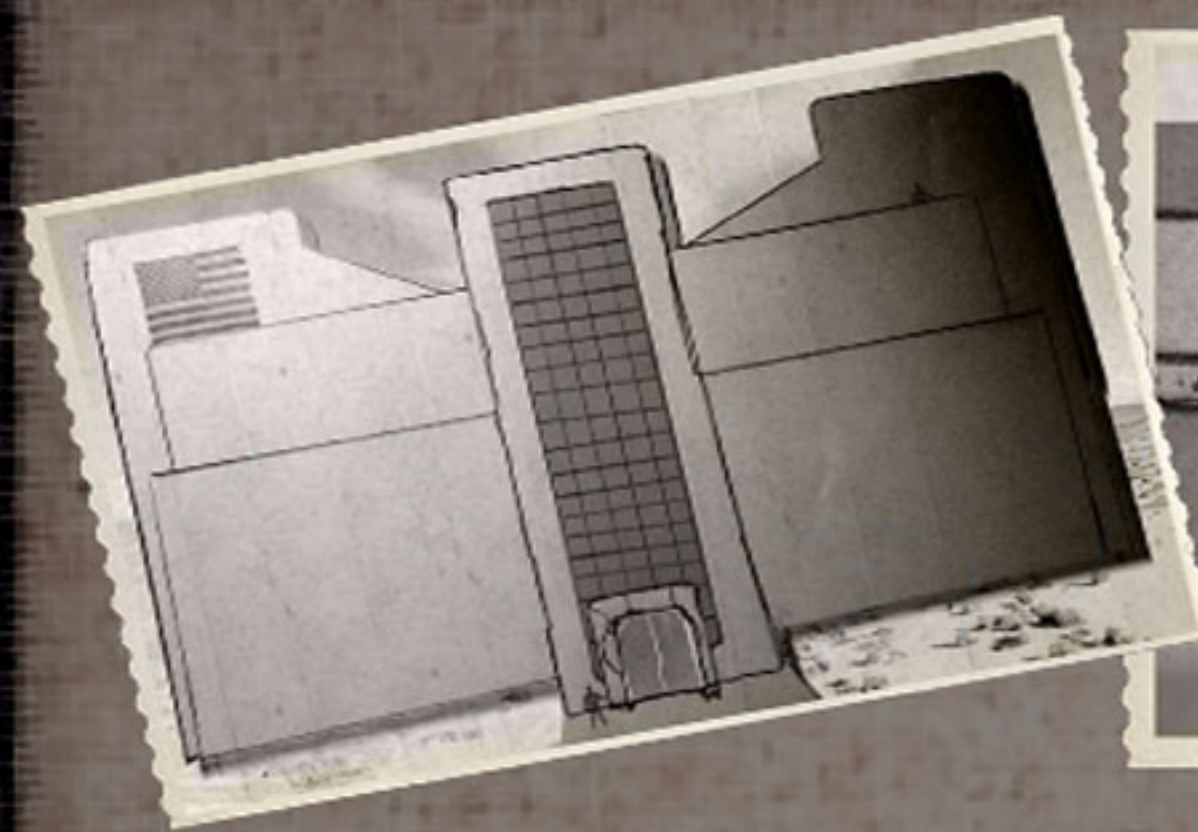

It's up to me to find them.

I AM SELLING
WEAPONRY
TO THE AXIS
AND NO ONE
CAN STOP ME!
HAHAHAHAHA!

I Can

British Uncover 'Fifth Column' Plot

LONDON, (Sunday)
(U.P.)—The British intelligence has uncovered a "fifth column" plot to seize power and broadcasting stations and sabotage railway and telephone service, it was reported today.

The City of Sea Ville had once been decimated by an earthquake. That is what the papers all said. however this contact hands me a photo proving that headline False.

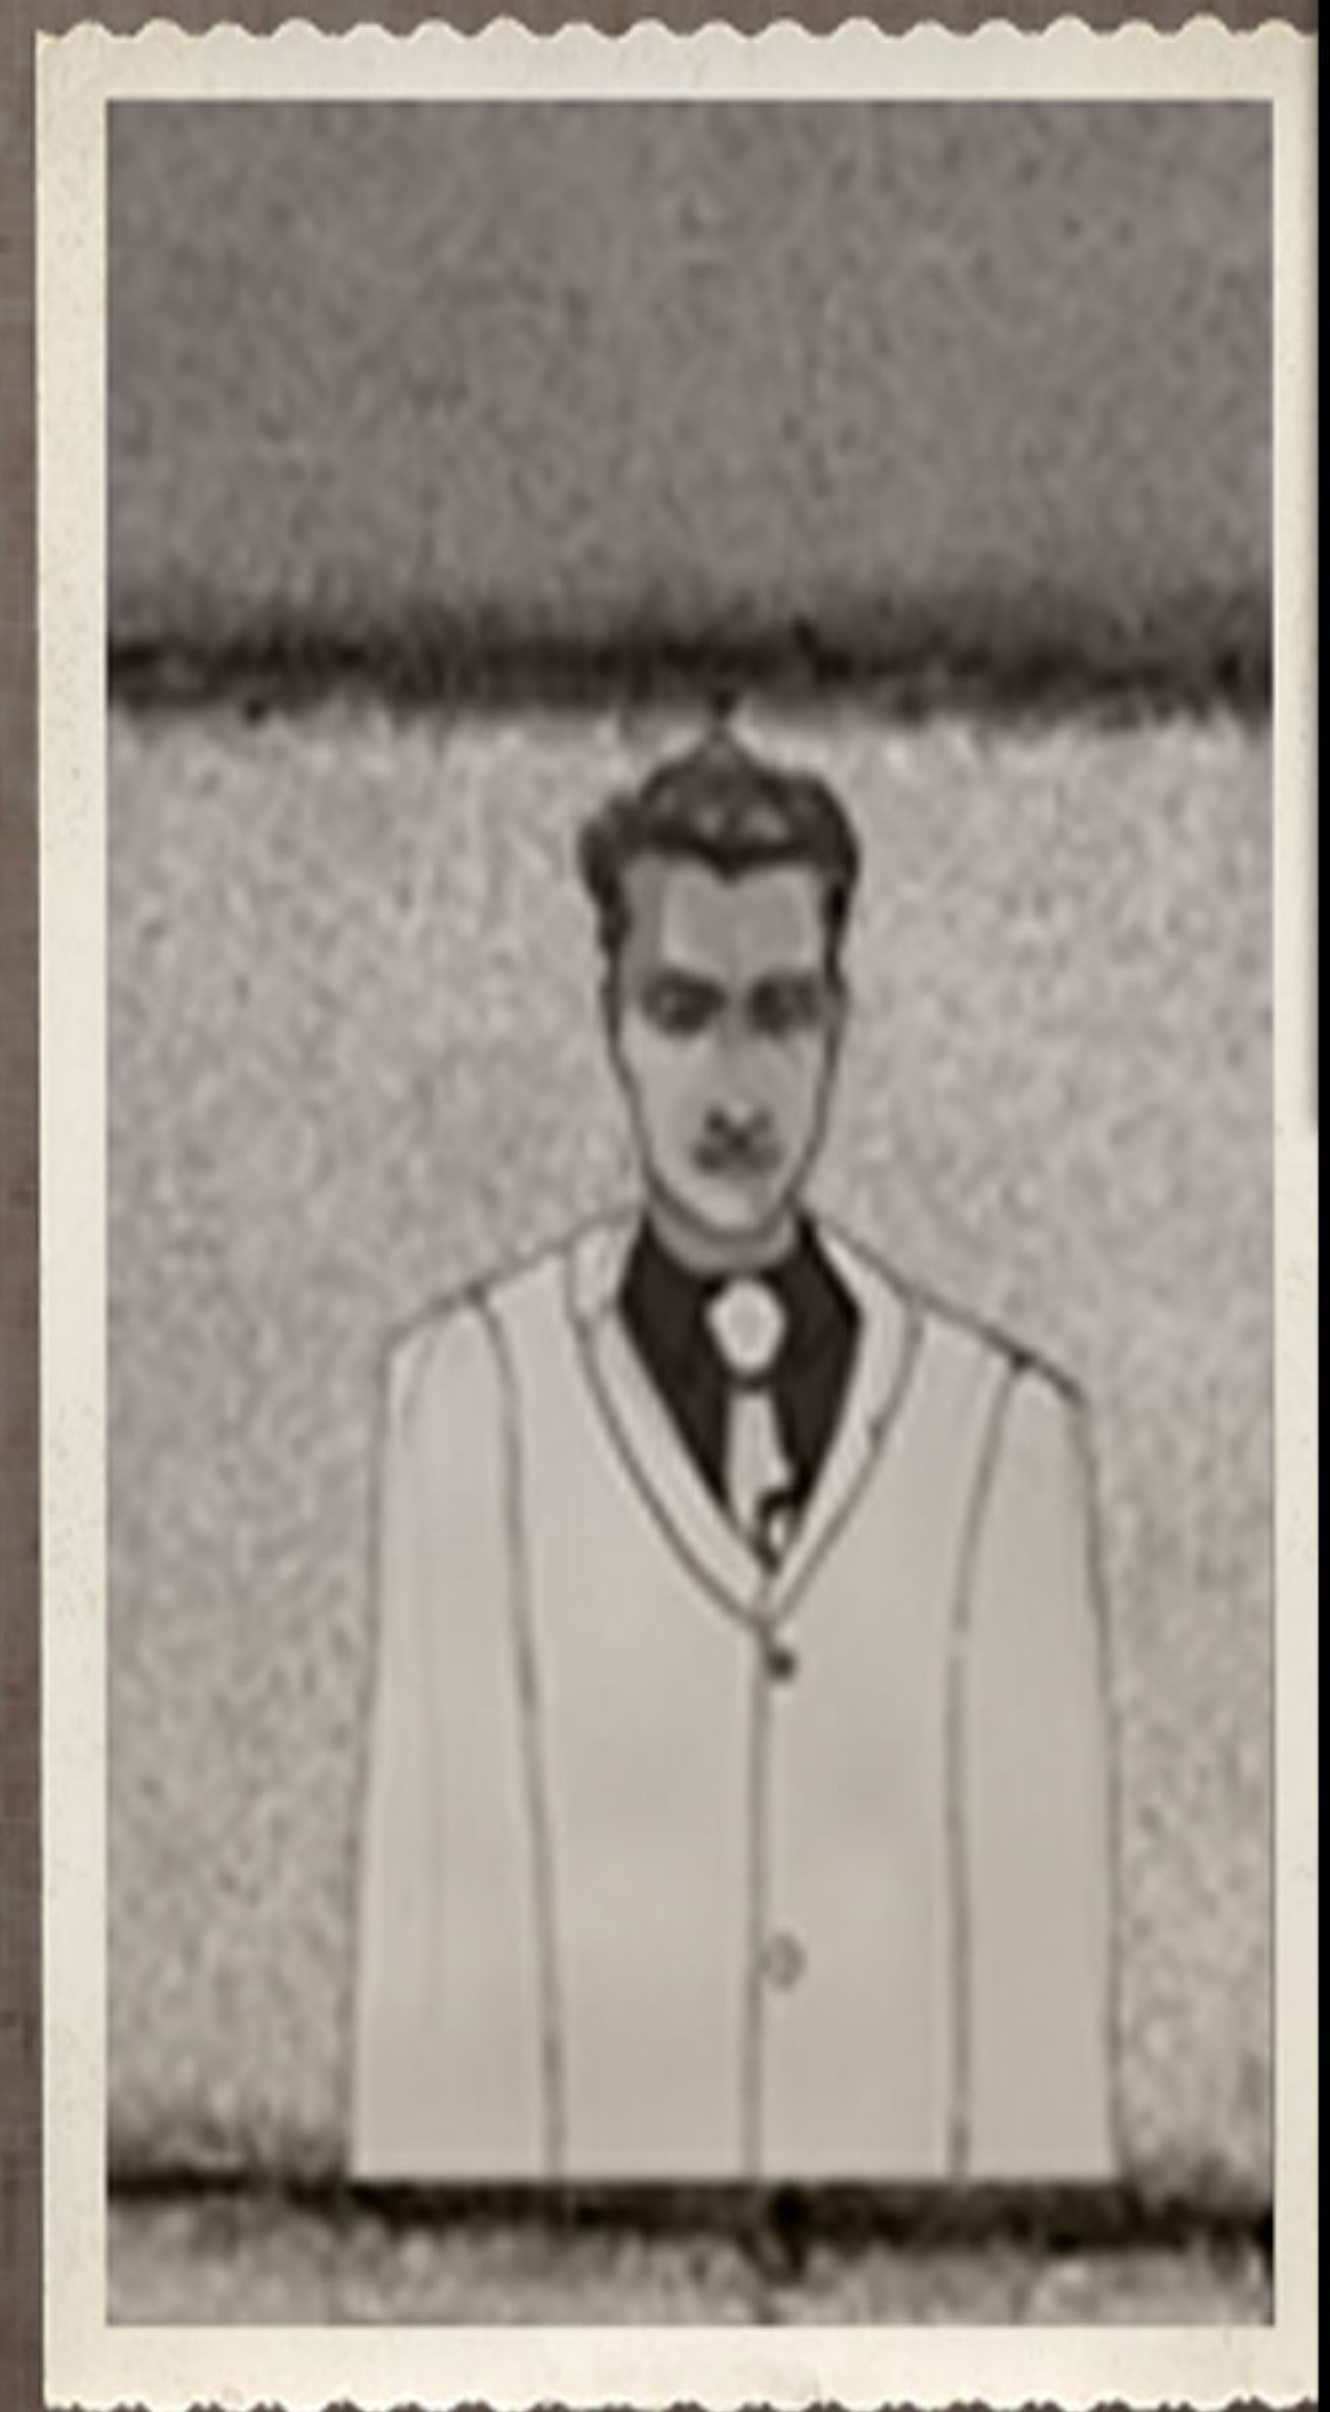

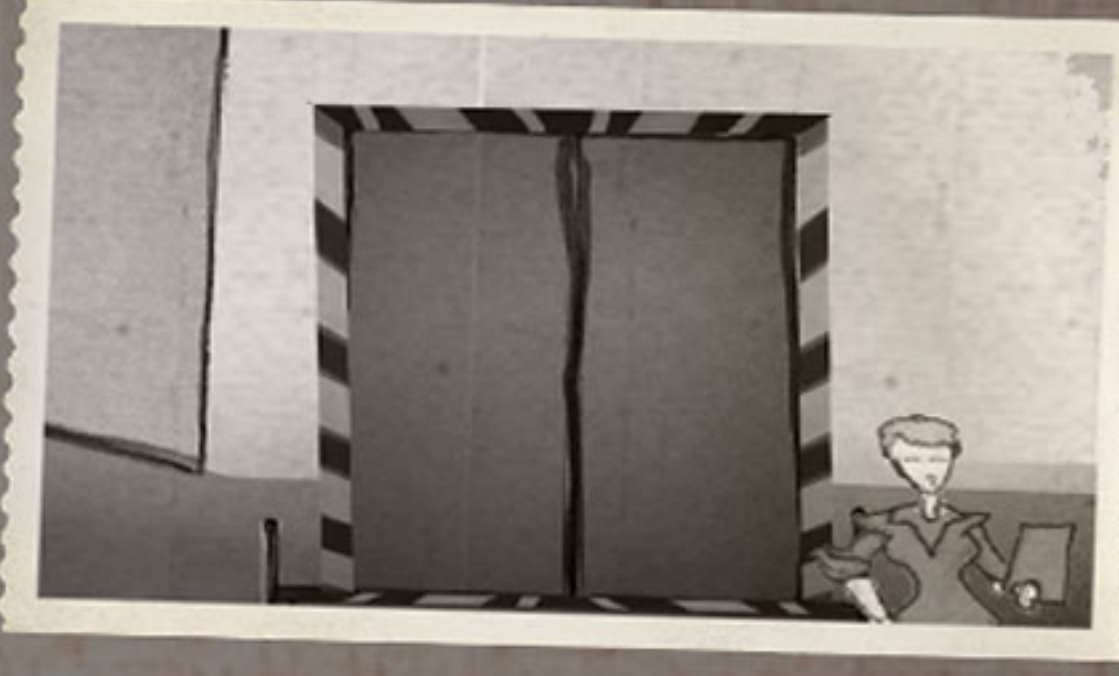

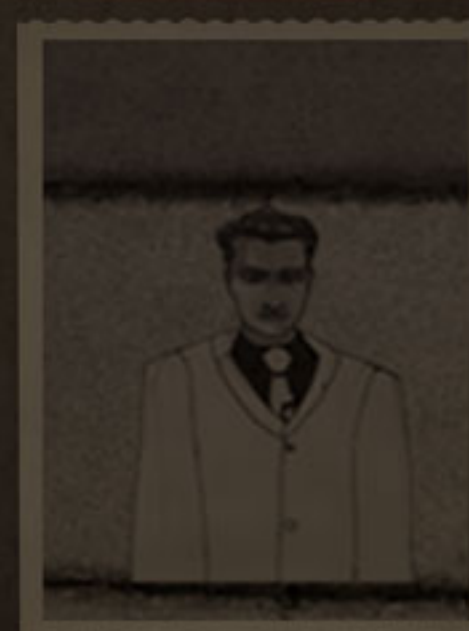

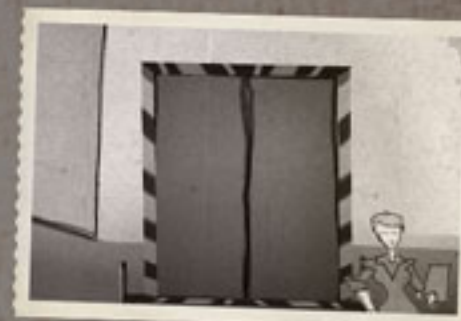

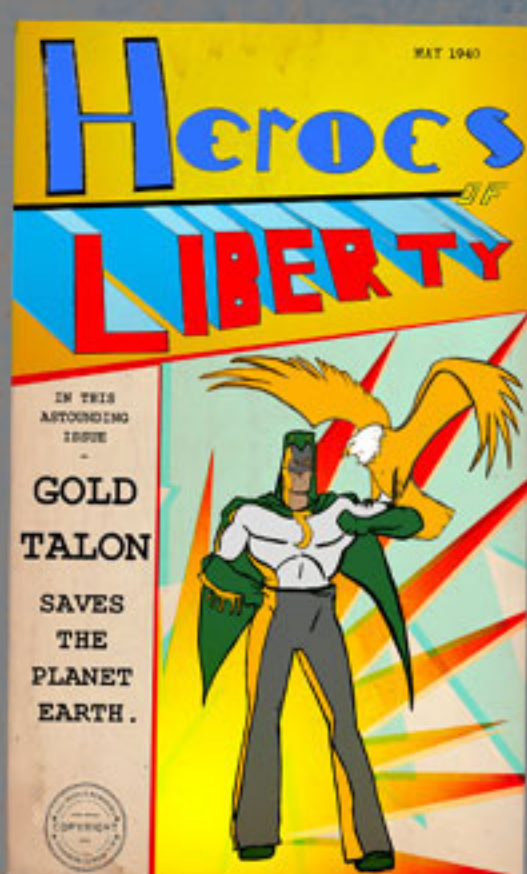

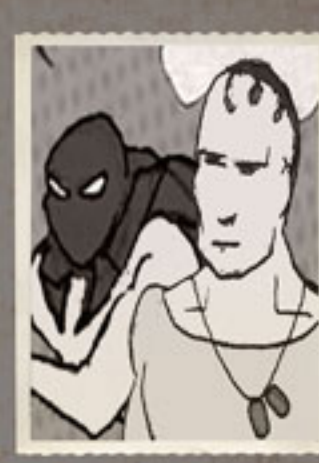

News and reports throwing light on the actual existence of the creature must be submitted to the Government

**NOT ON
MY WATCH....**

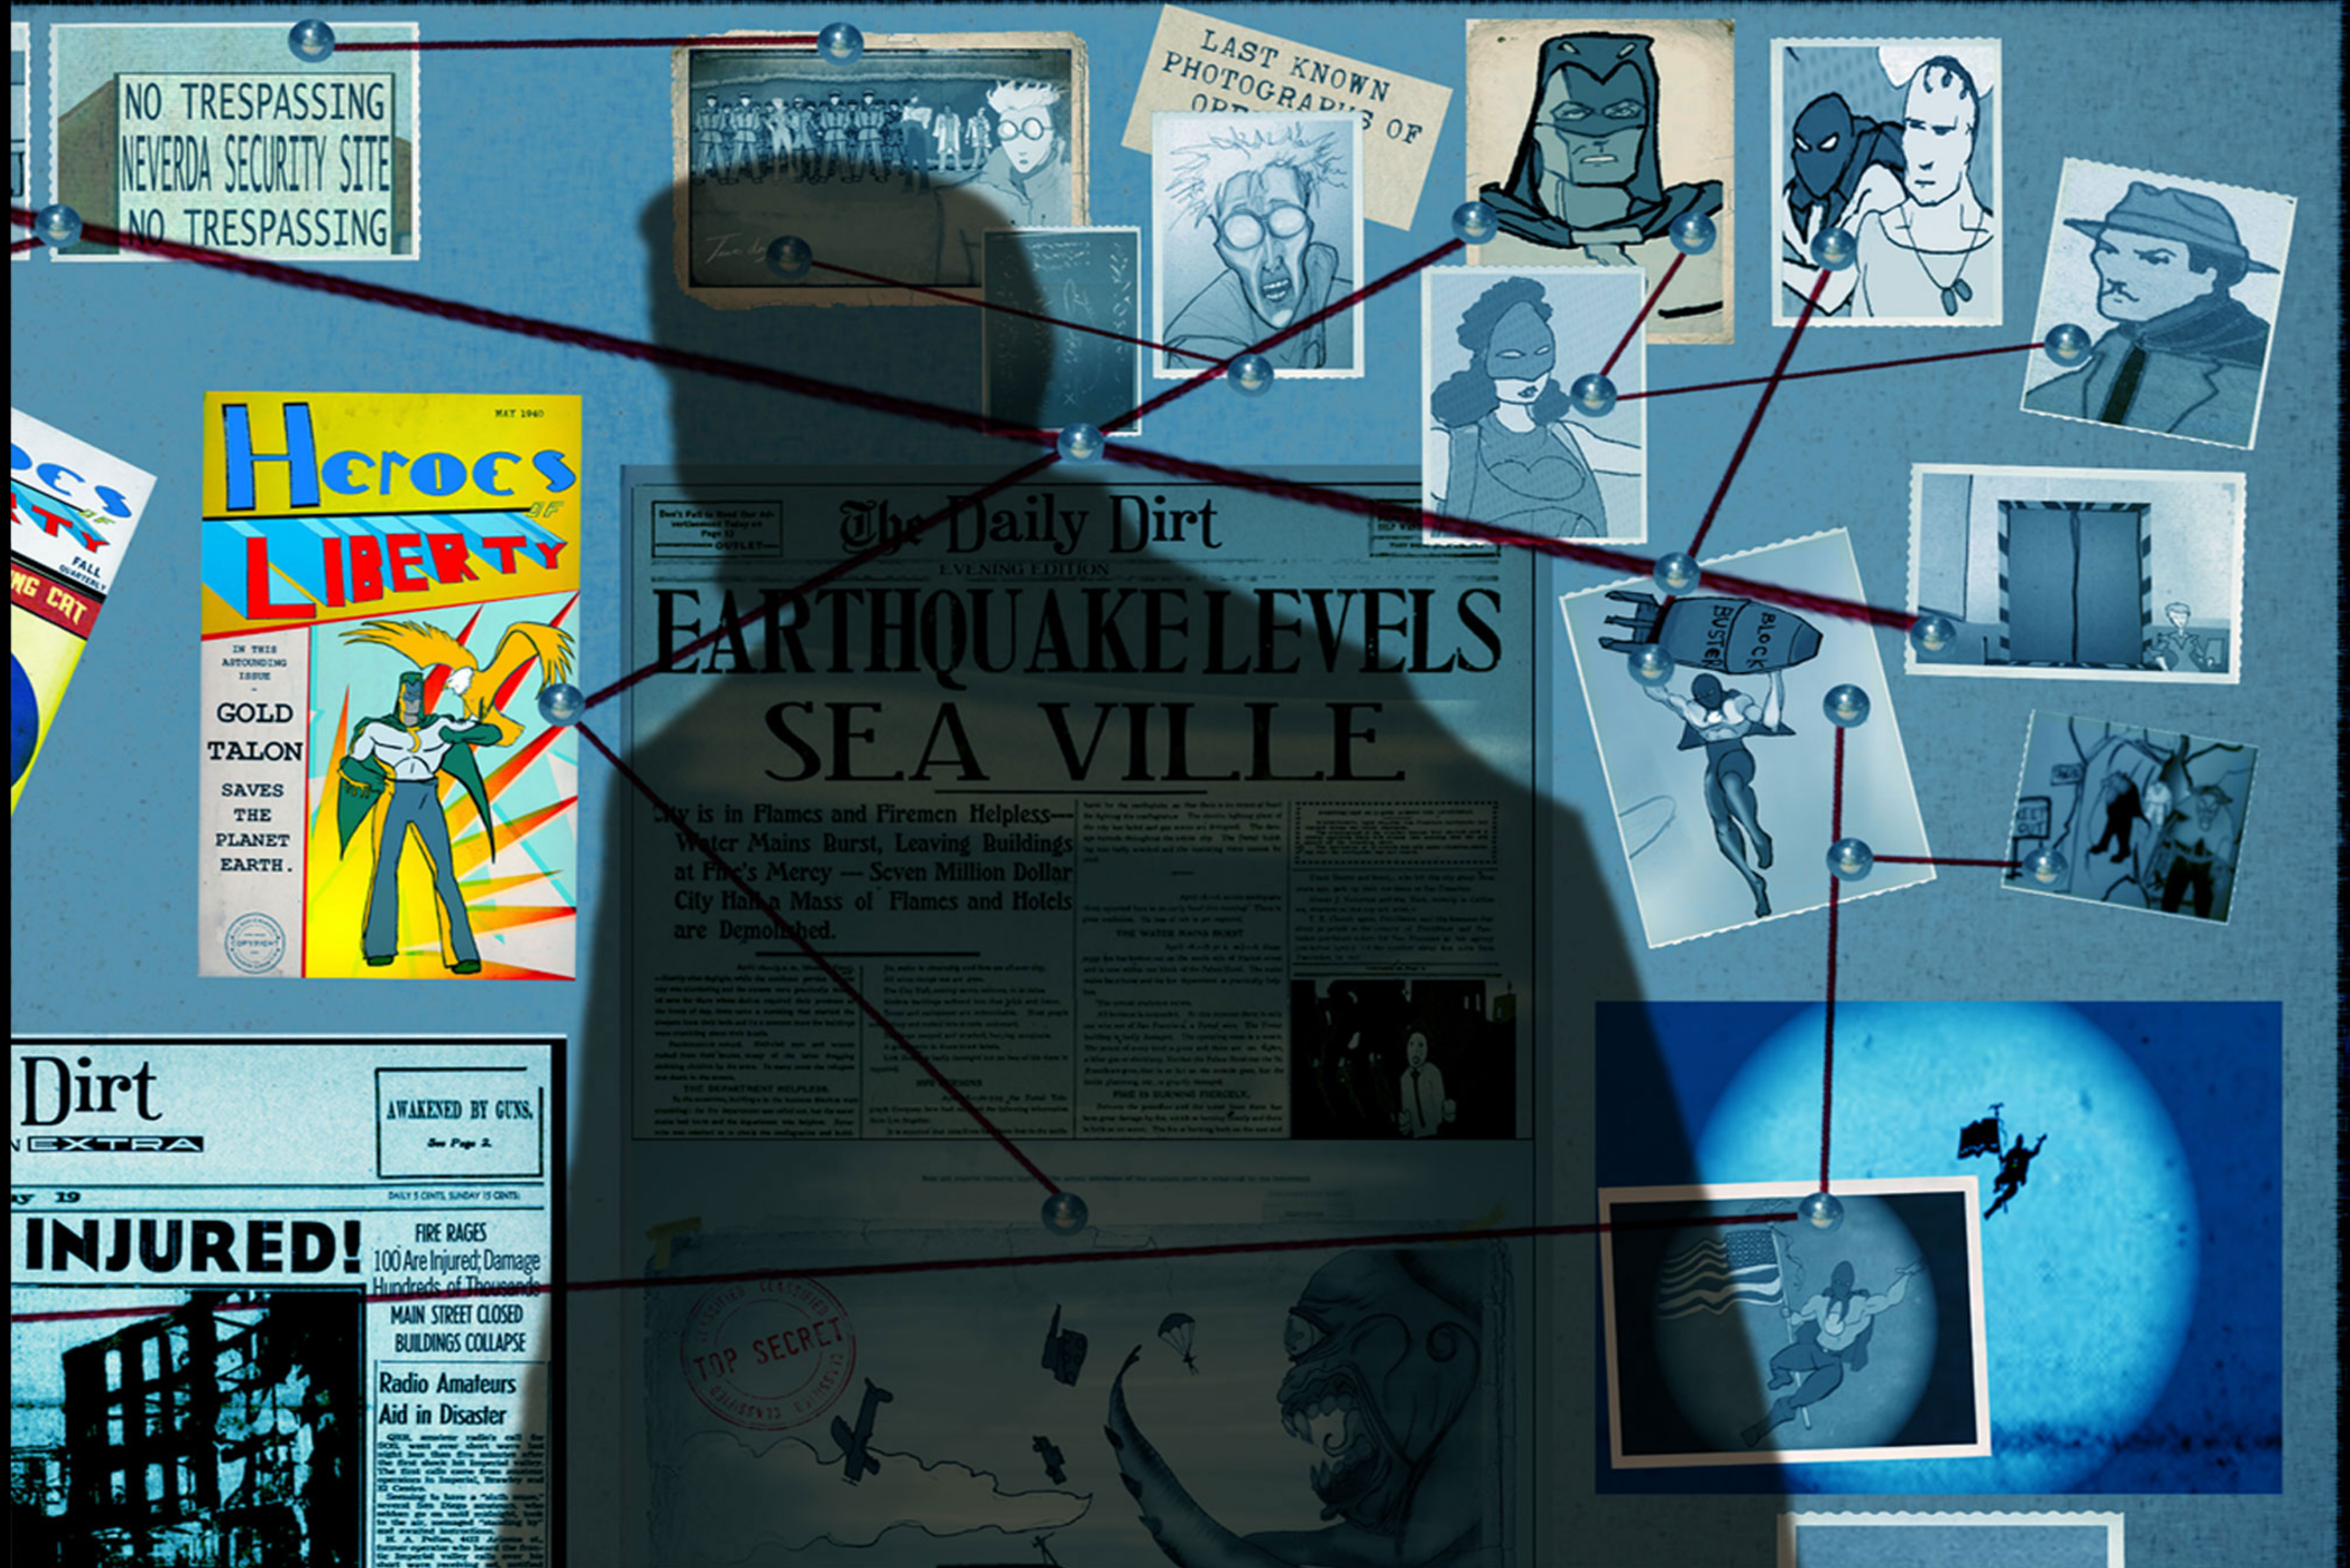

BOOM!

I'm tracking
down some
big war
heroes.

As of this
moment,
they are all
considered
fugitives.
Nobody knows
anything
about where
they have
gone.

That's why
they call Me.
I'm the best
at what I do.

So I am Reading these funny books as part of a case...
I know, sounds crazy, Anyways, Whenever these
Old War time Heroes get stuck...That's right...
The Heroes of Liberty...yeah, I know they vanished.
Everybody was a fan. So, Like I sez...Any time they
get stuck trying to shut down bad guys...there is
this other character...they don't say too much about
him...He just appears. They only refer to him as
the GUNS OF LIBERTY.

He Fixes things.

 Hello..he...HELLO?
Must have got disconnected? Wait...sounds like
the Line went dead?

**The People that you are searching for do not want to be found.
Know that they serve the cause of Liberty.**

**Be it known to thee that there are heroes out there in the night
determined to stop evil men from stamping out liberty's torch
so that We are left only with darkness.**

**Just know that we brave few
preserving the light to shine on for all
will do so by any means necessary.**

**HANG
UP THE
PHONE,
MICKEY.**

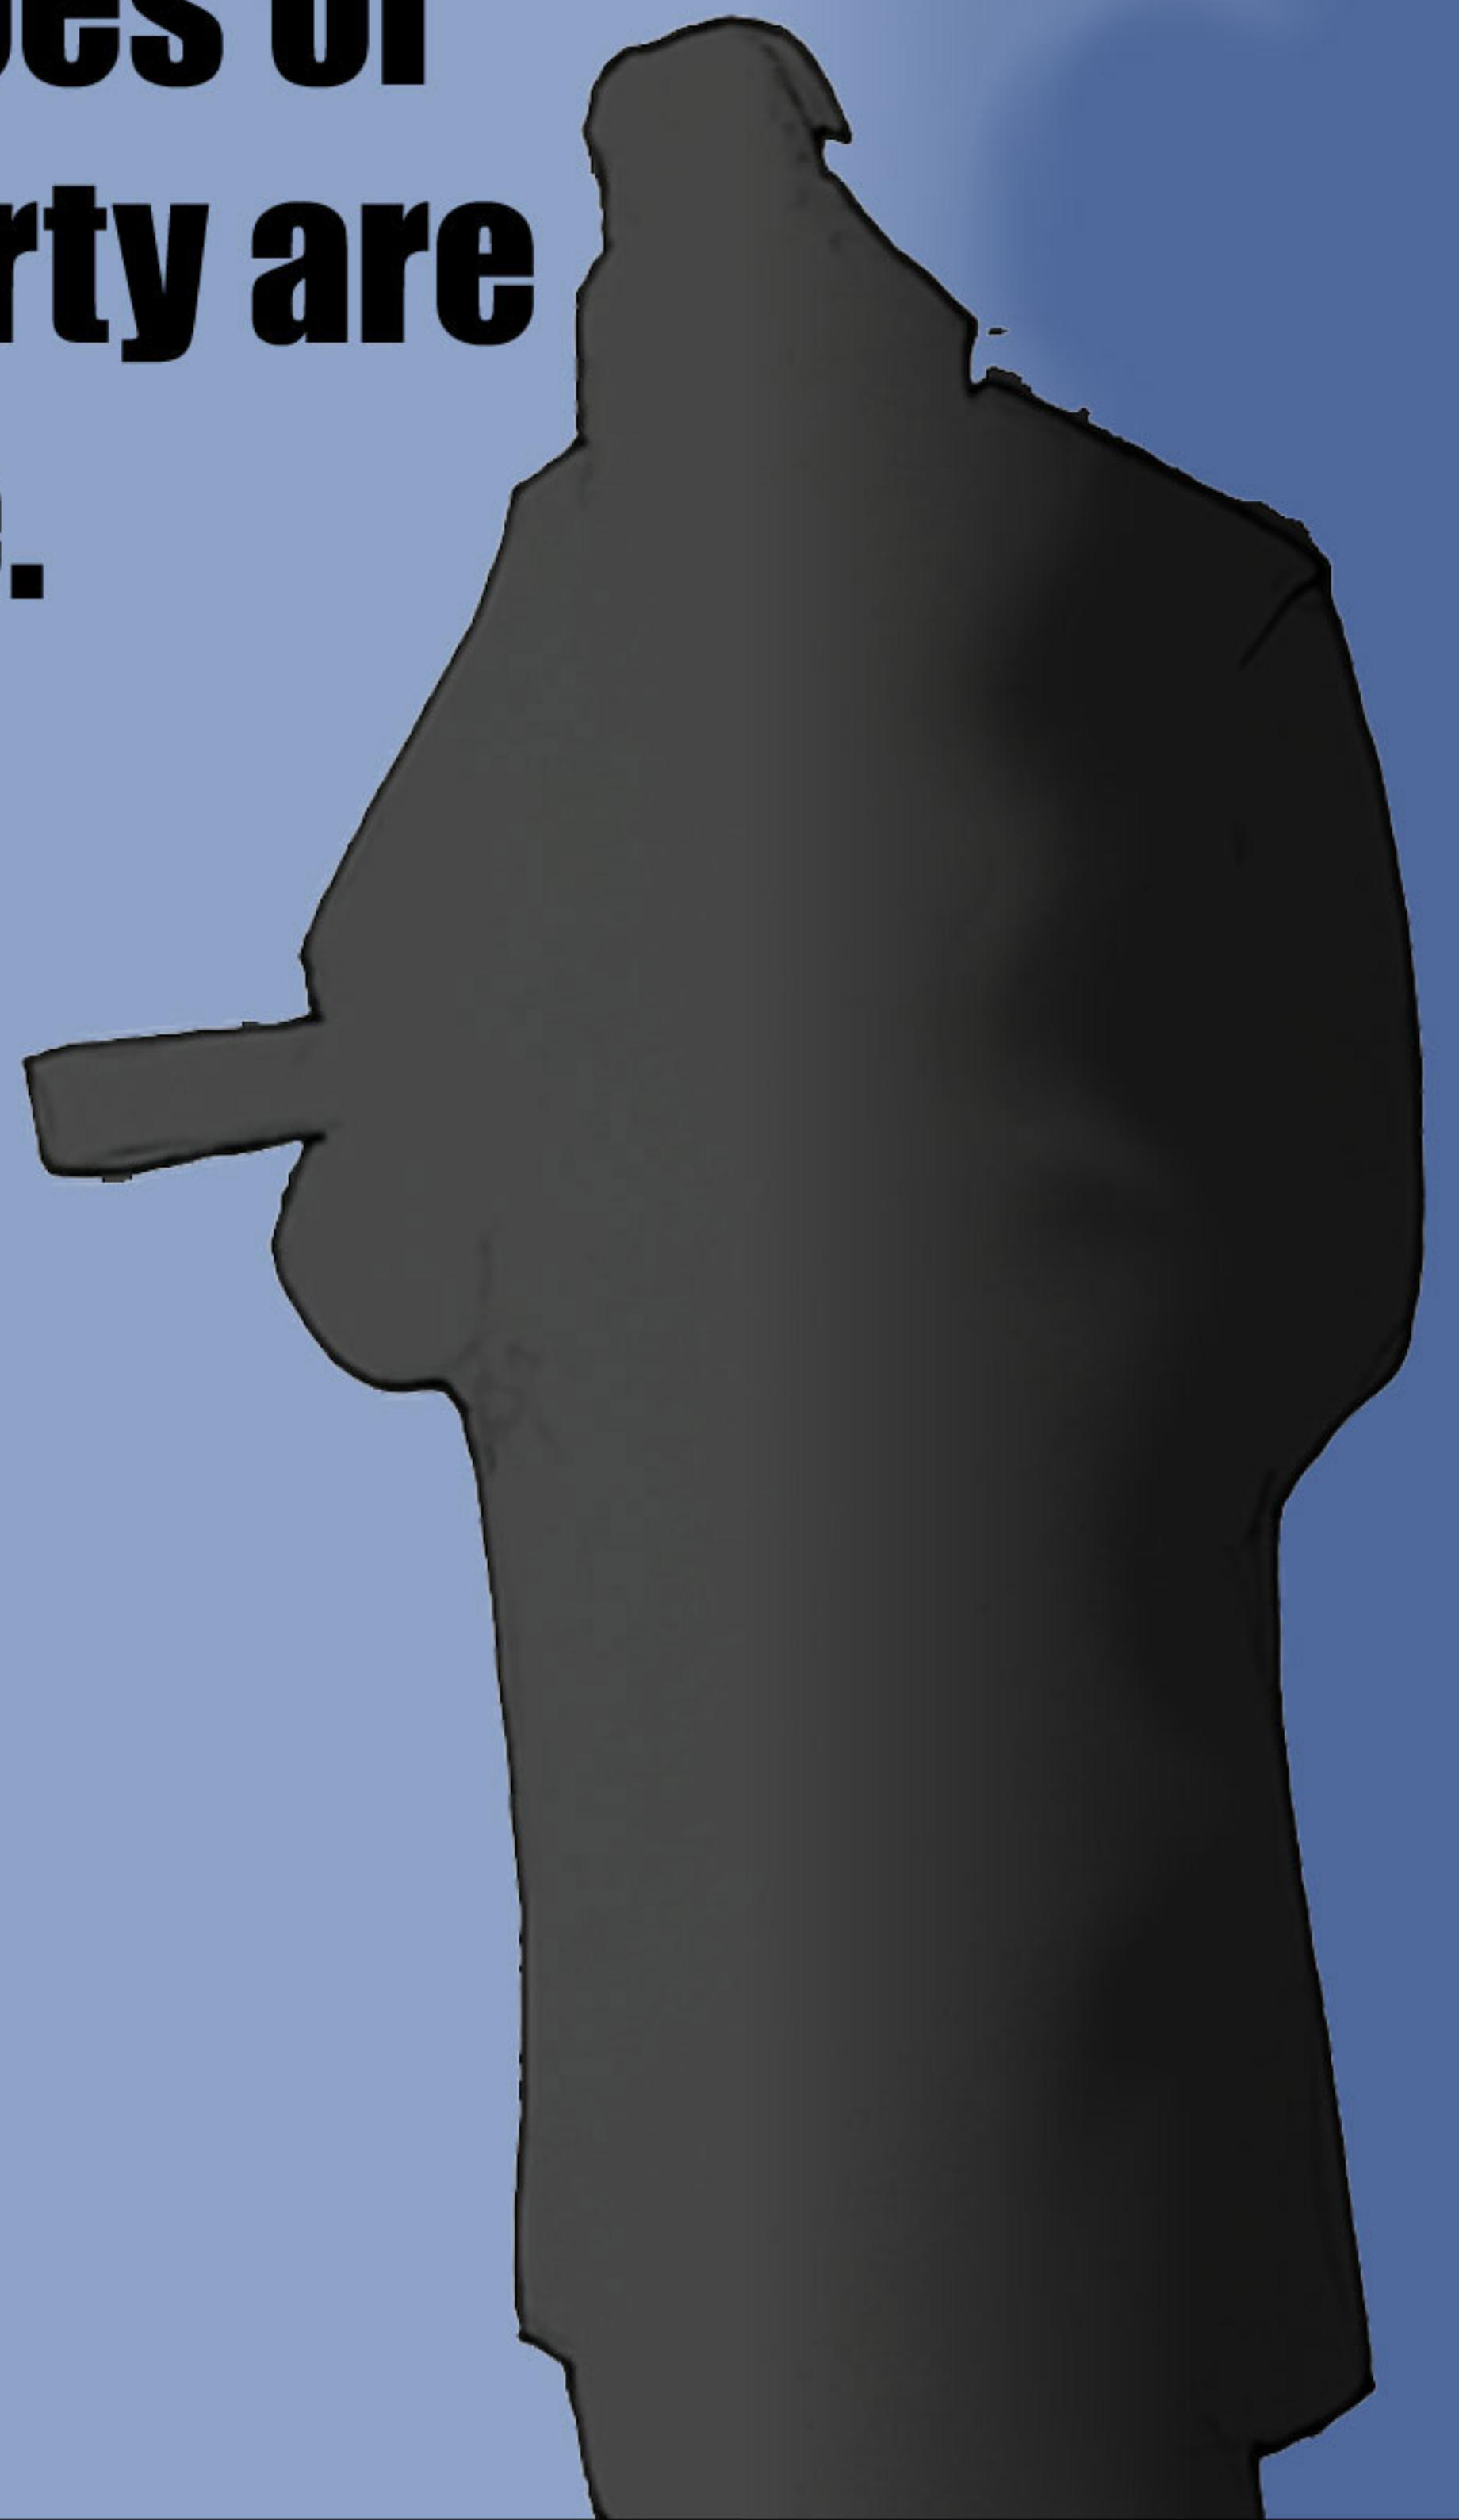

**DON'T BOTHER LOOKING FOR THE
GUN IN THE DESK. IT IS GONE.**

**Just like the
Heroes of
Liberty are
gone.**

Your...
you're him
the fixer
The Guns
of
Liberty.

**Just like you are going to
be gone if you do not
stop looking for them.
The case is closed, Mickey.
You have been warned.**

After that incident, I destroyed all of the evidence that I had found. The strangest thing about it all turns out it wasn't Uncle Sammy who put me on this job in the first place. it was an unspecified private group of industrialists working on behalf of interested parties in the government.

Before you provide the answers,
you gotta find out exactly who
Is asking the questions.

Is it worth risking the ultimate cause
of preserving liberty? No. Not this time.
