**The Hulking Mass of Urthmovar City, an ancient city carved out of the shell of a gigantic creature, wanders aimlessly through the Mountain Passes of Northern Wyzardlund.**

**It's city is empty, the inhabitants have all wandered south under the spell of the Singing Lady.**

**As I quest to find my cohorts, this is only a scrap of information that I have learned. It will inevitably go back to being undomesticated and wander wild and free. I will keep my distance and move onward.**

THE SINGING LADY LURES HER PREY WITH SOUNDS AND ILLUSION IN CLOUDS OF GREY.

SO SOFT THE SOUND, THE MELODY OF THE SINGING LADY AND HER WORDS, COME A LITTLE CLOSER...COME CLOSER TO ME. THE URGE TO RUN MAD THROUGH THE SHADOW MAZE IN A LOST DISTANT STUPOR AND A BEWILDERED CRAZE IS OVERWHELMING.

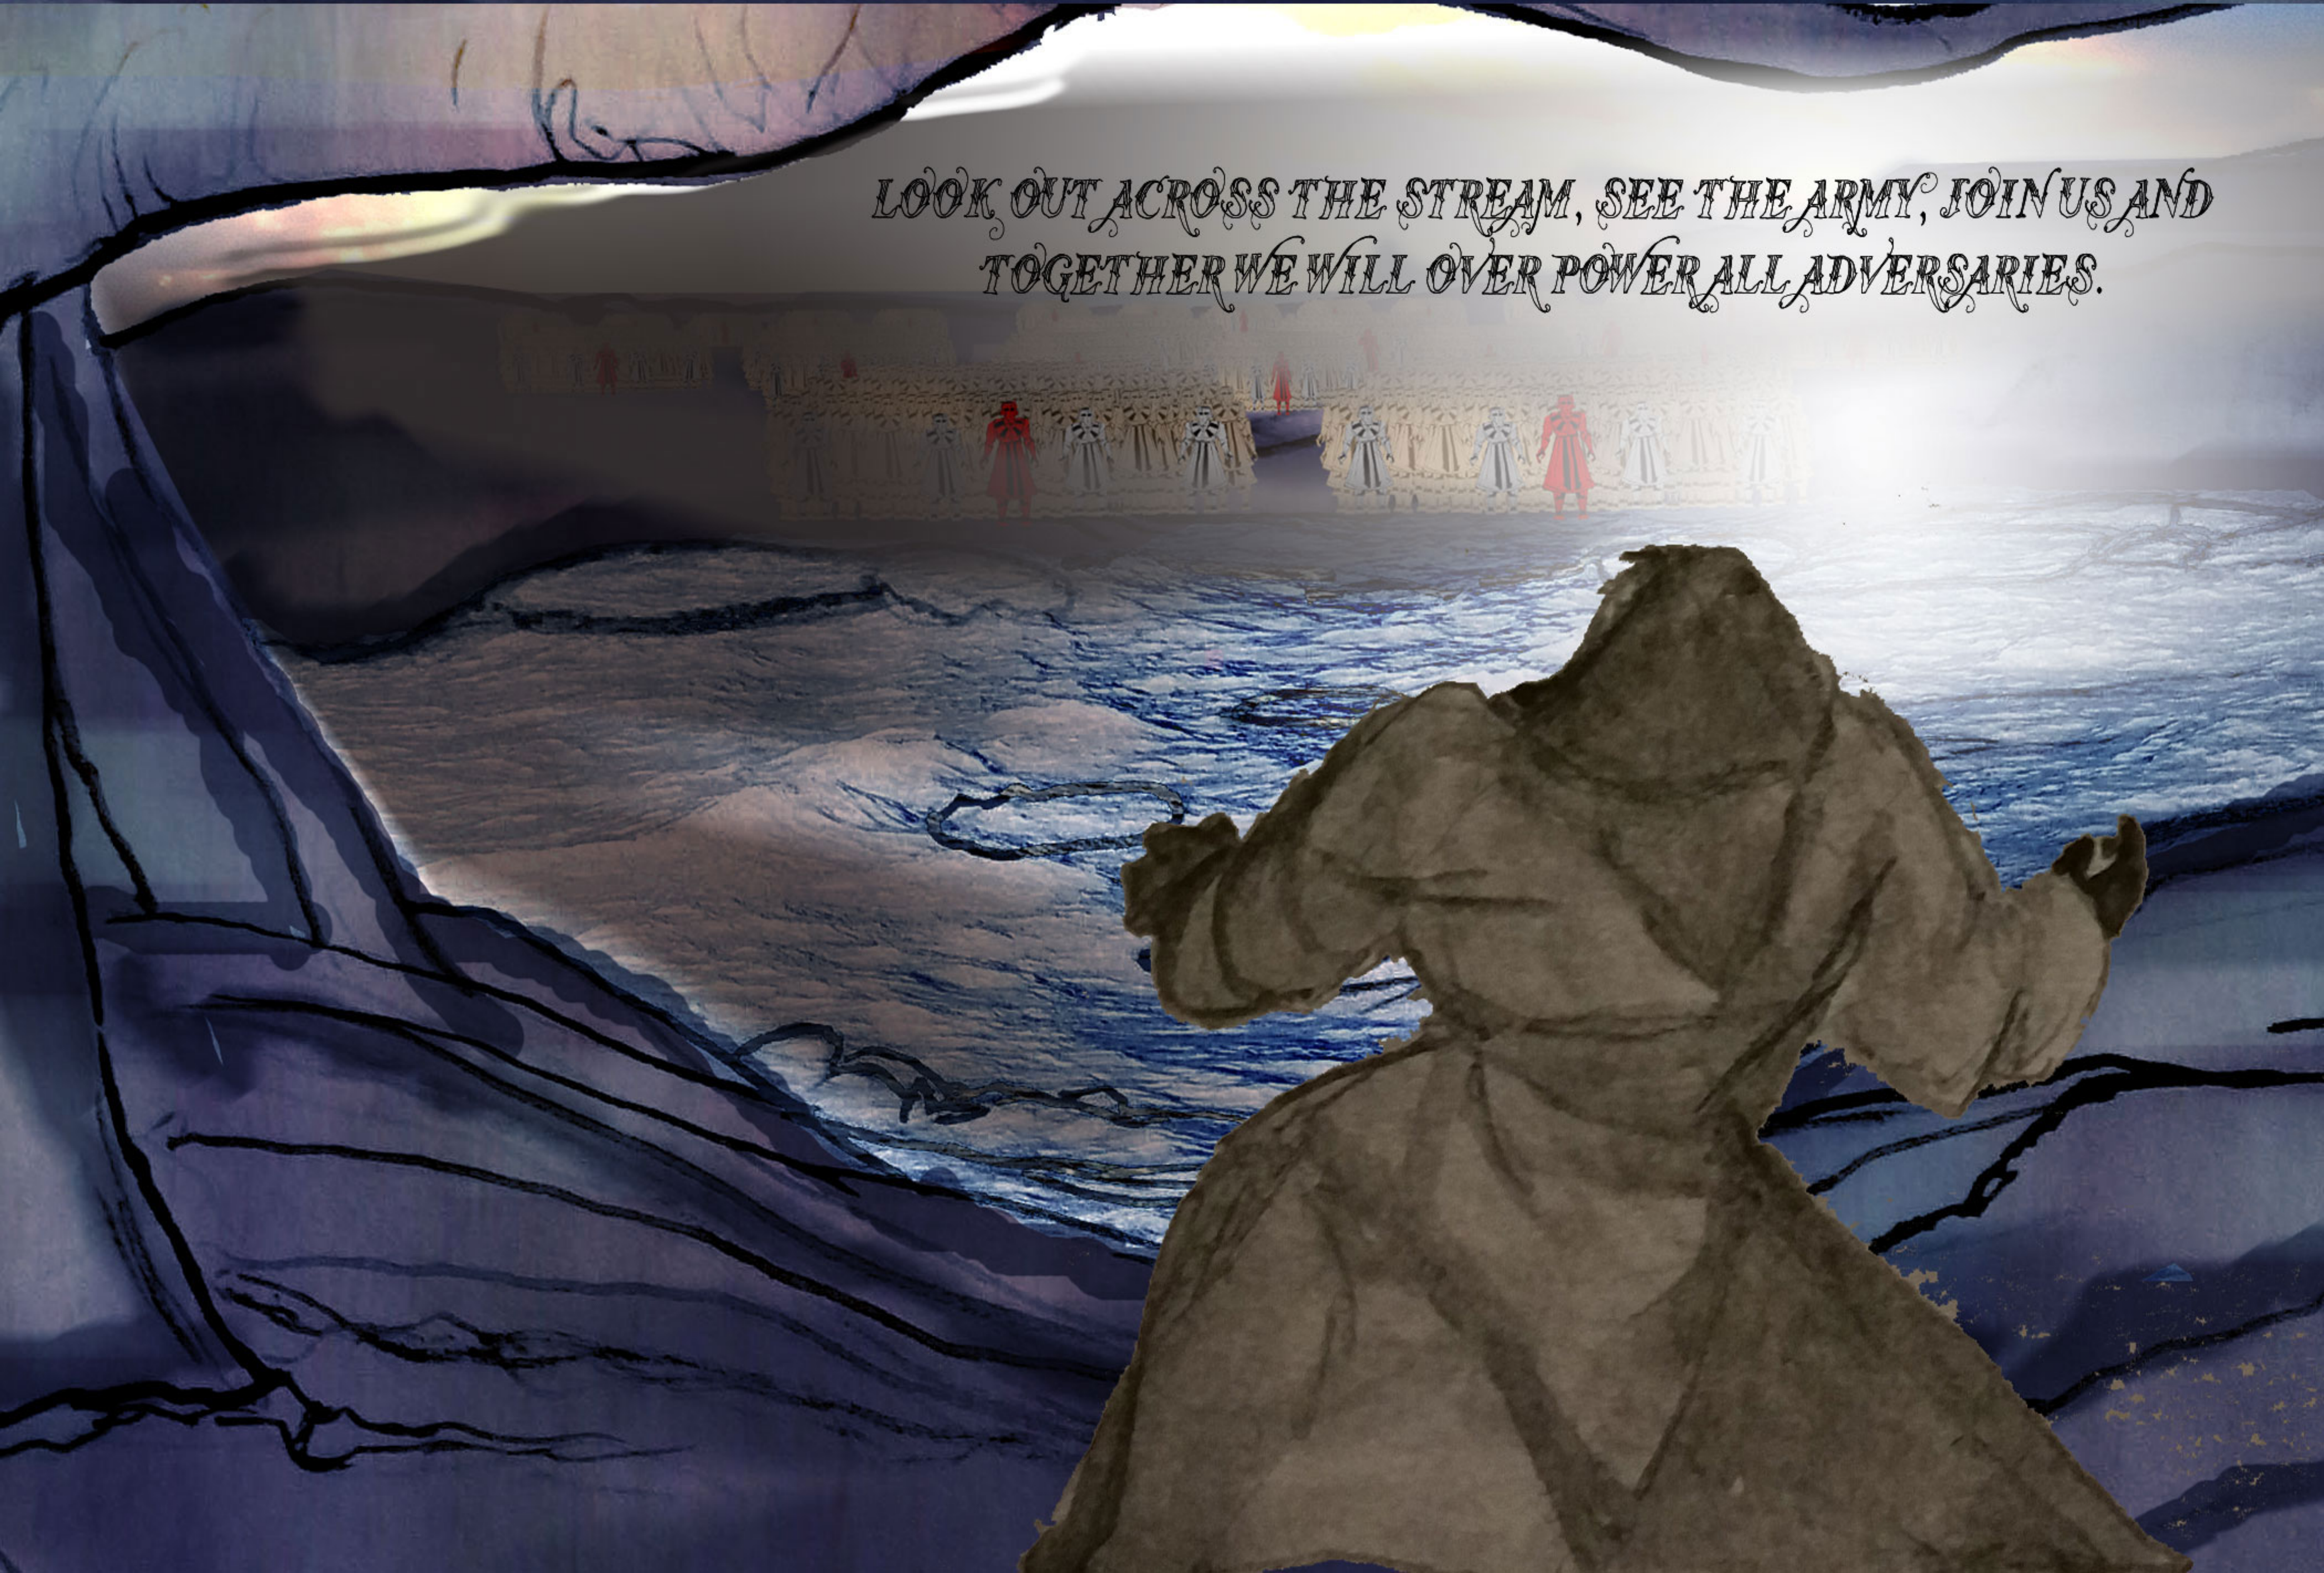

THIS IS WHERE MEN LOSE THEIR MINDS TO THE SINGING LADY, AND TO THE REST OF THE WORLDS THEY BECOME BLIND.

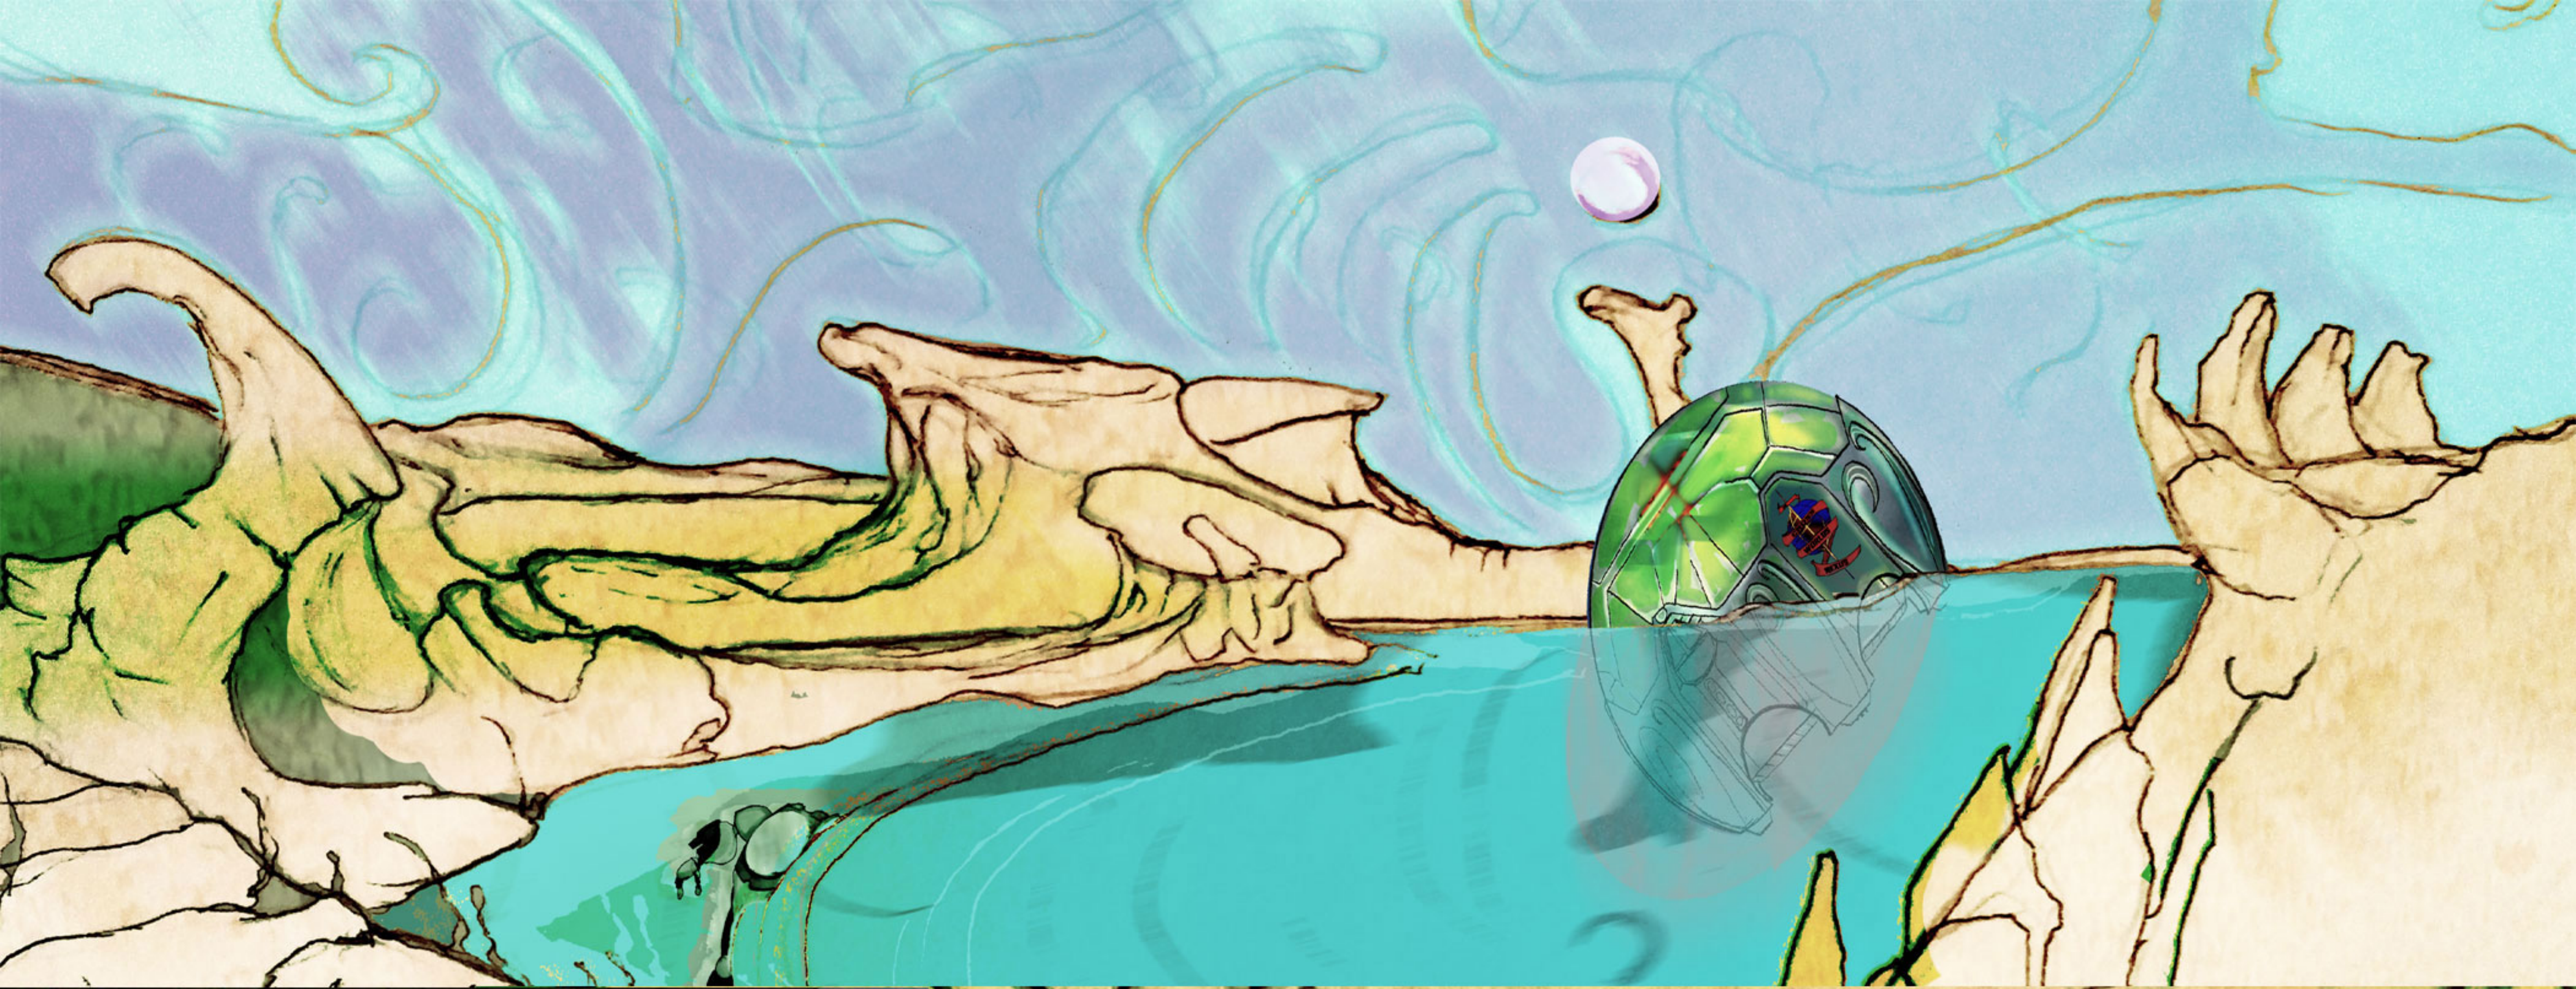

*DANGER SON,  
COME WITH ME,  
BE MY CHAMPION.*

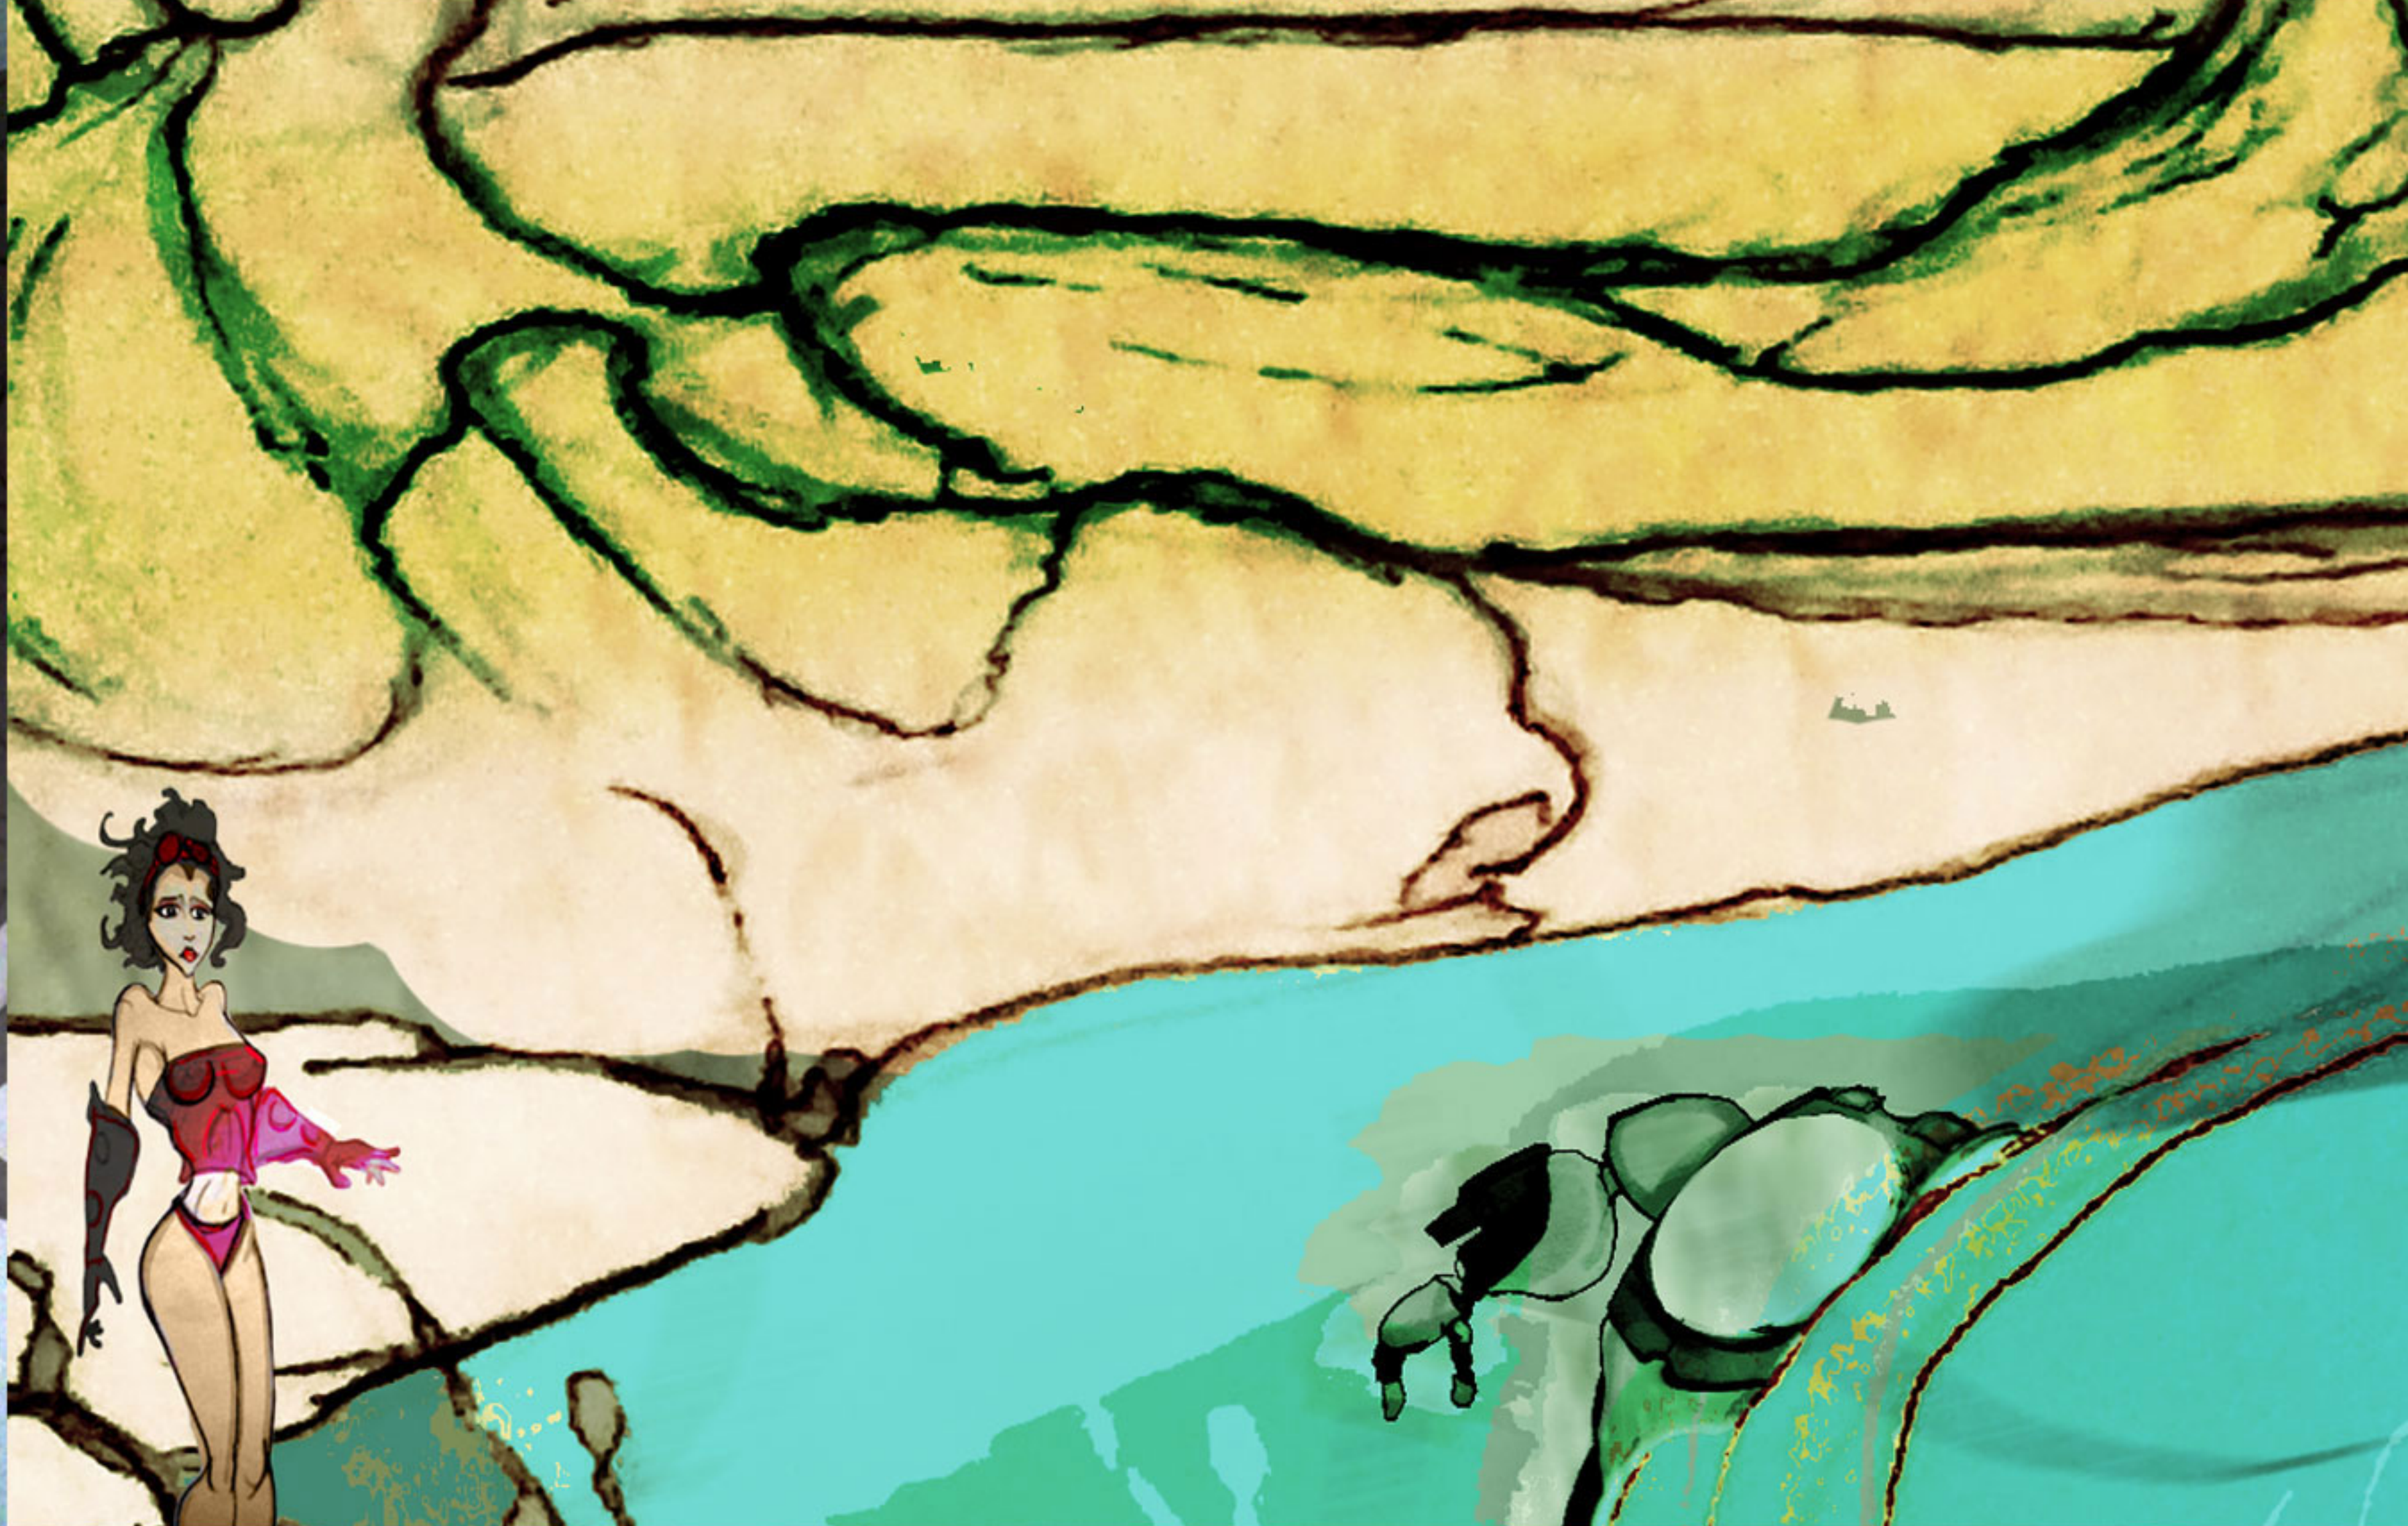

DANGER SON, COME  
WITH ME, BE MY  
CHAMPION.

LOOK OUT ACROSS THE STREAM, SEE THE ARMY, JOIN US AND  
TOGETHER WE WILL OVER POWER ALL ADVERSARIES.

Roxi, what did you  
get yourself into?

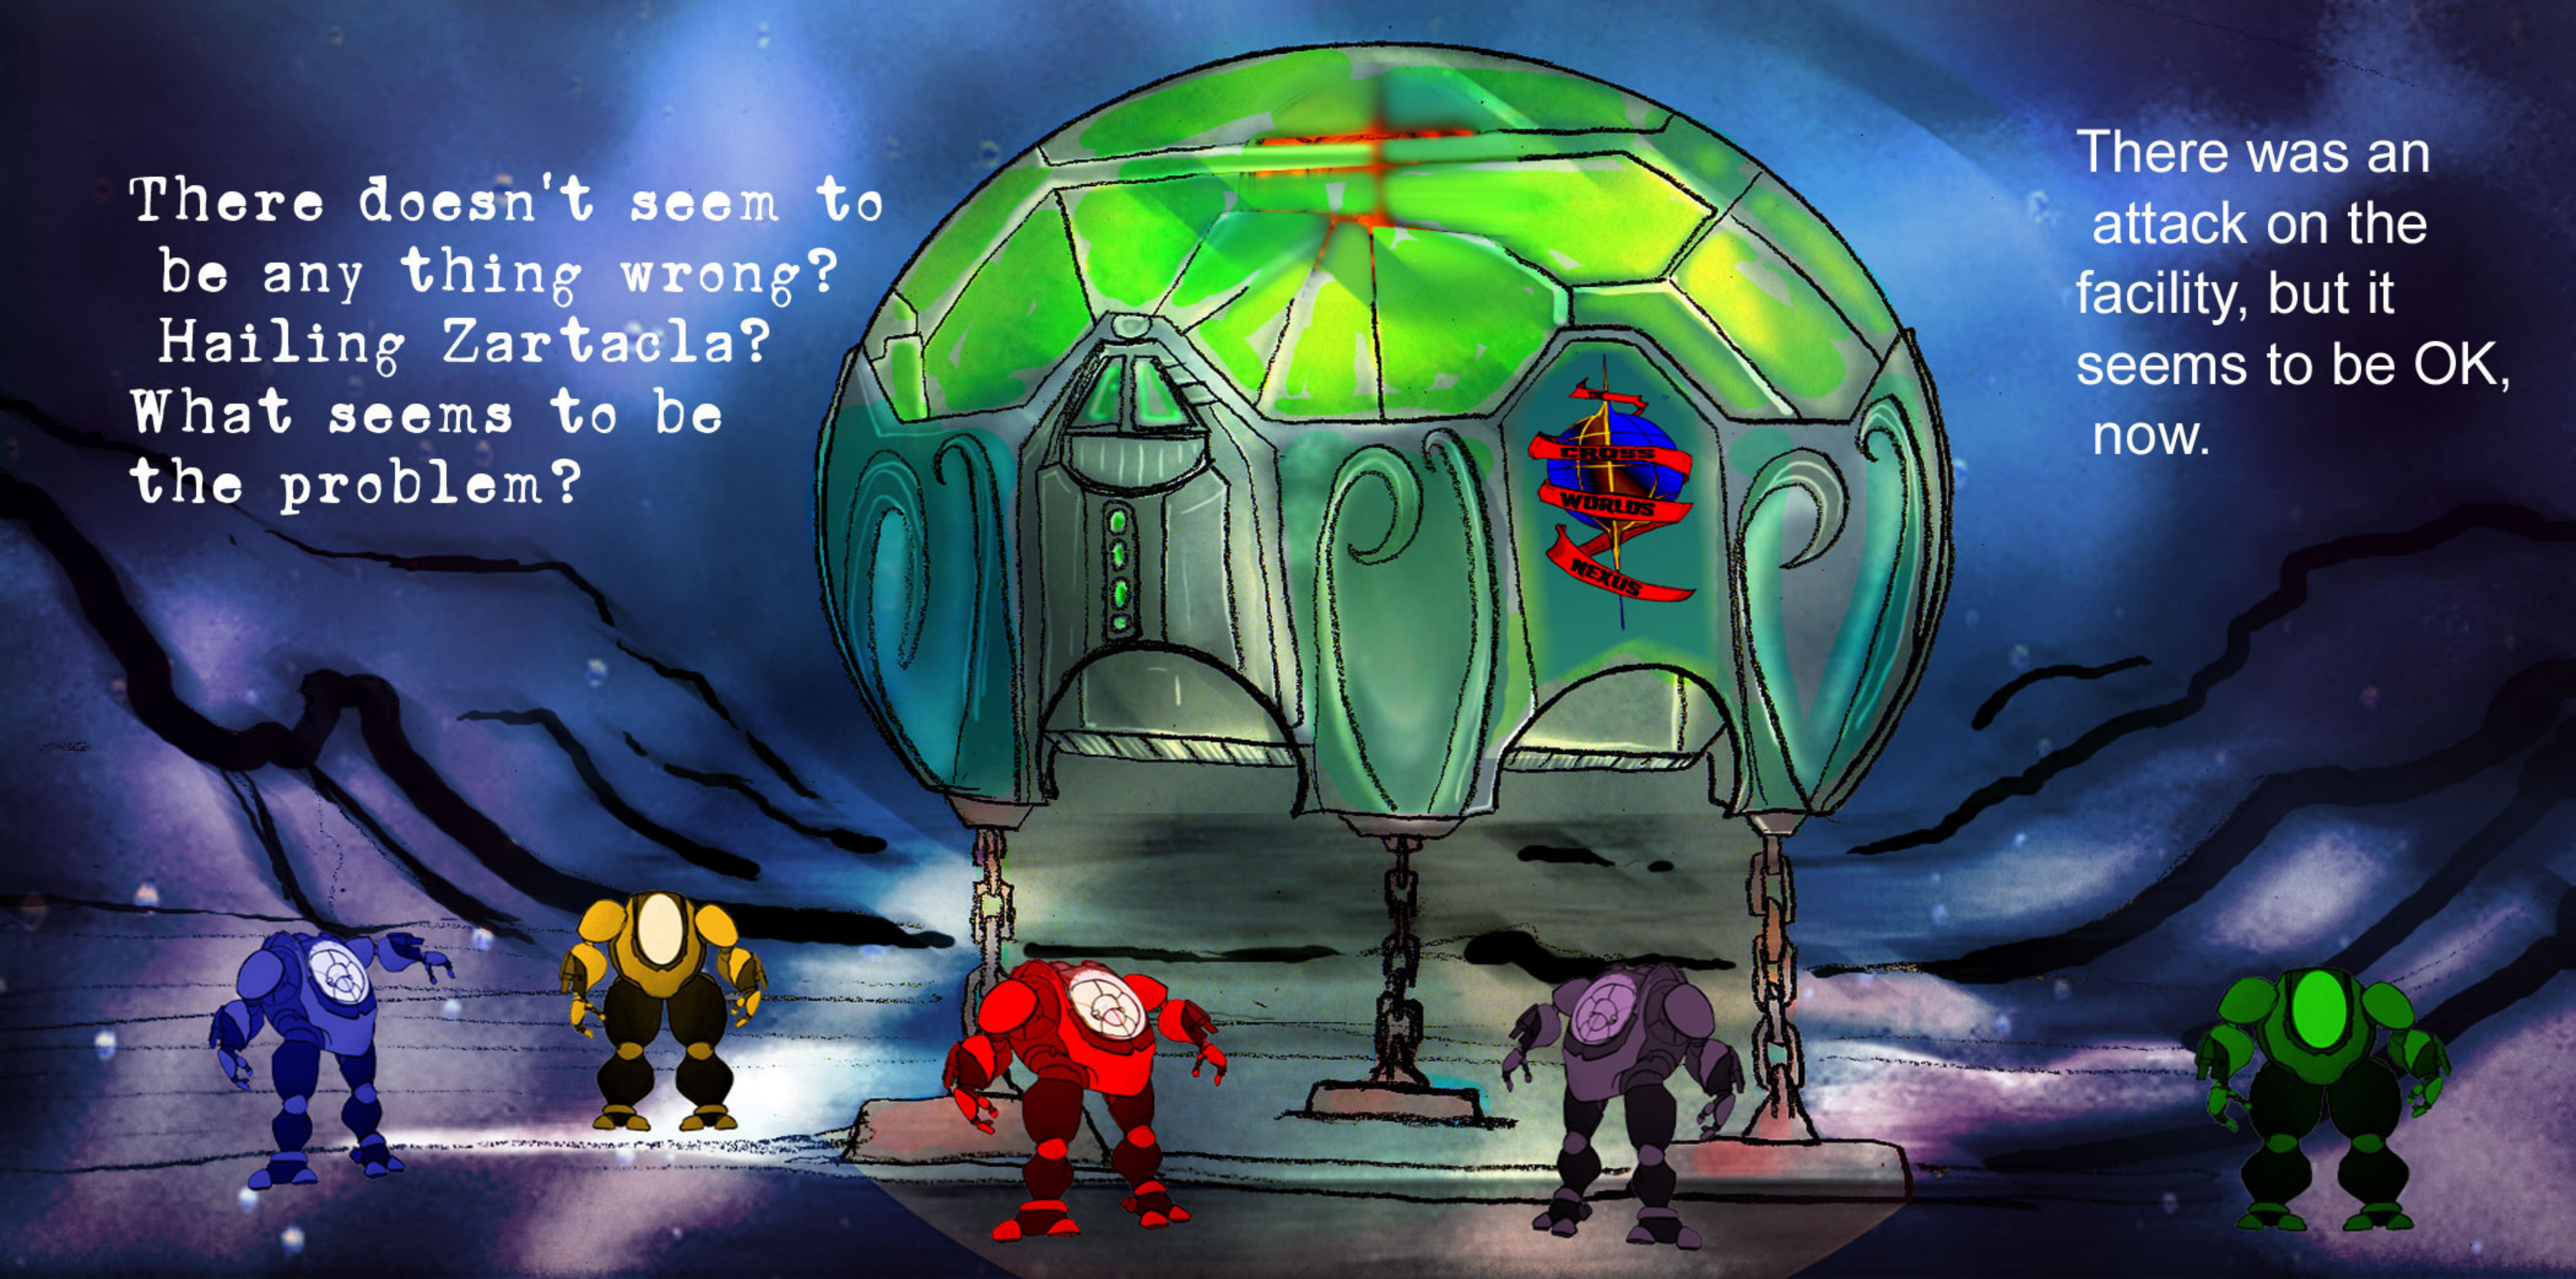

I am marooned on a beach...in...some place where NONE of my technology is working...my new flashy Super Charger Battle Devastator armour is beached and useless because of the same...energy here. Last thing I remember is answering the distress call to Zartacla...

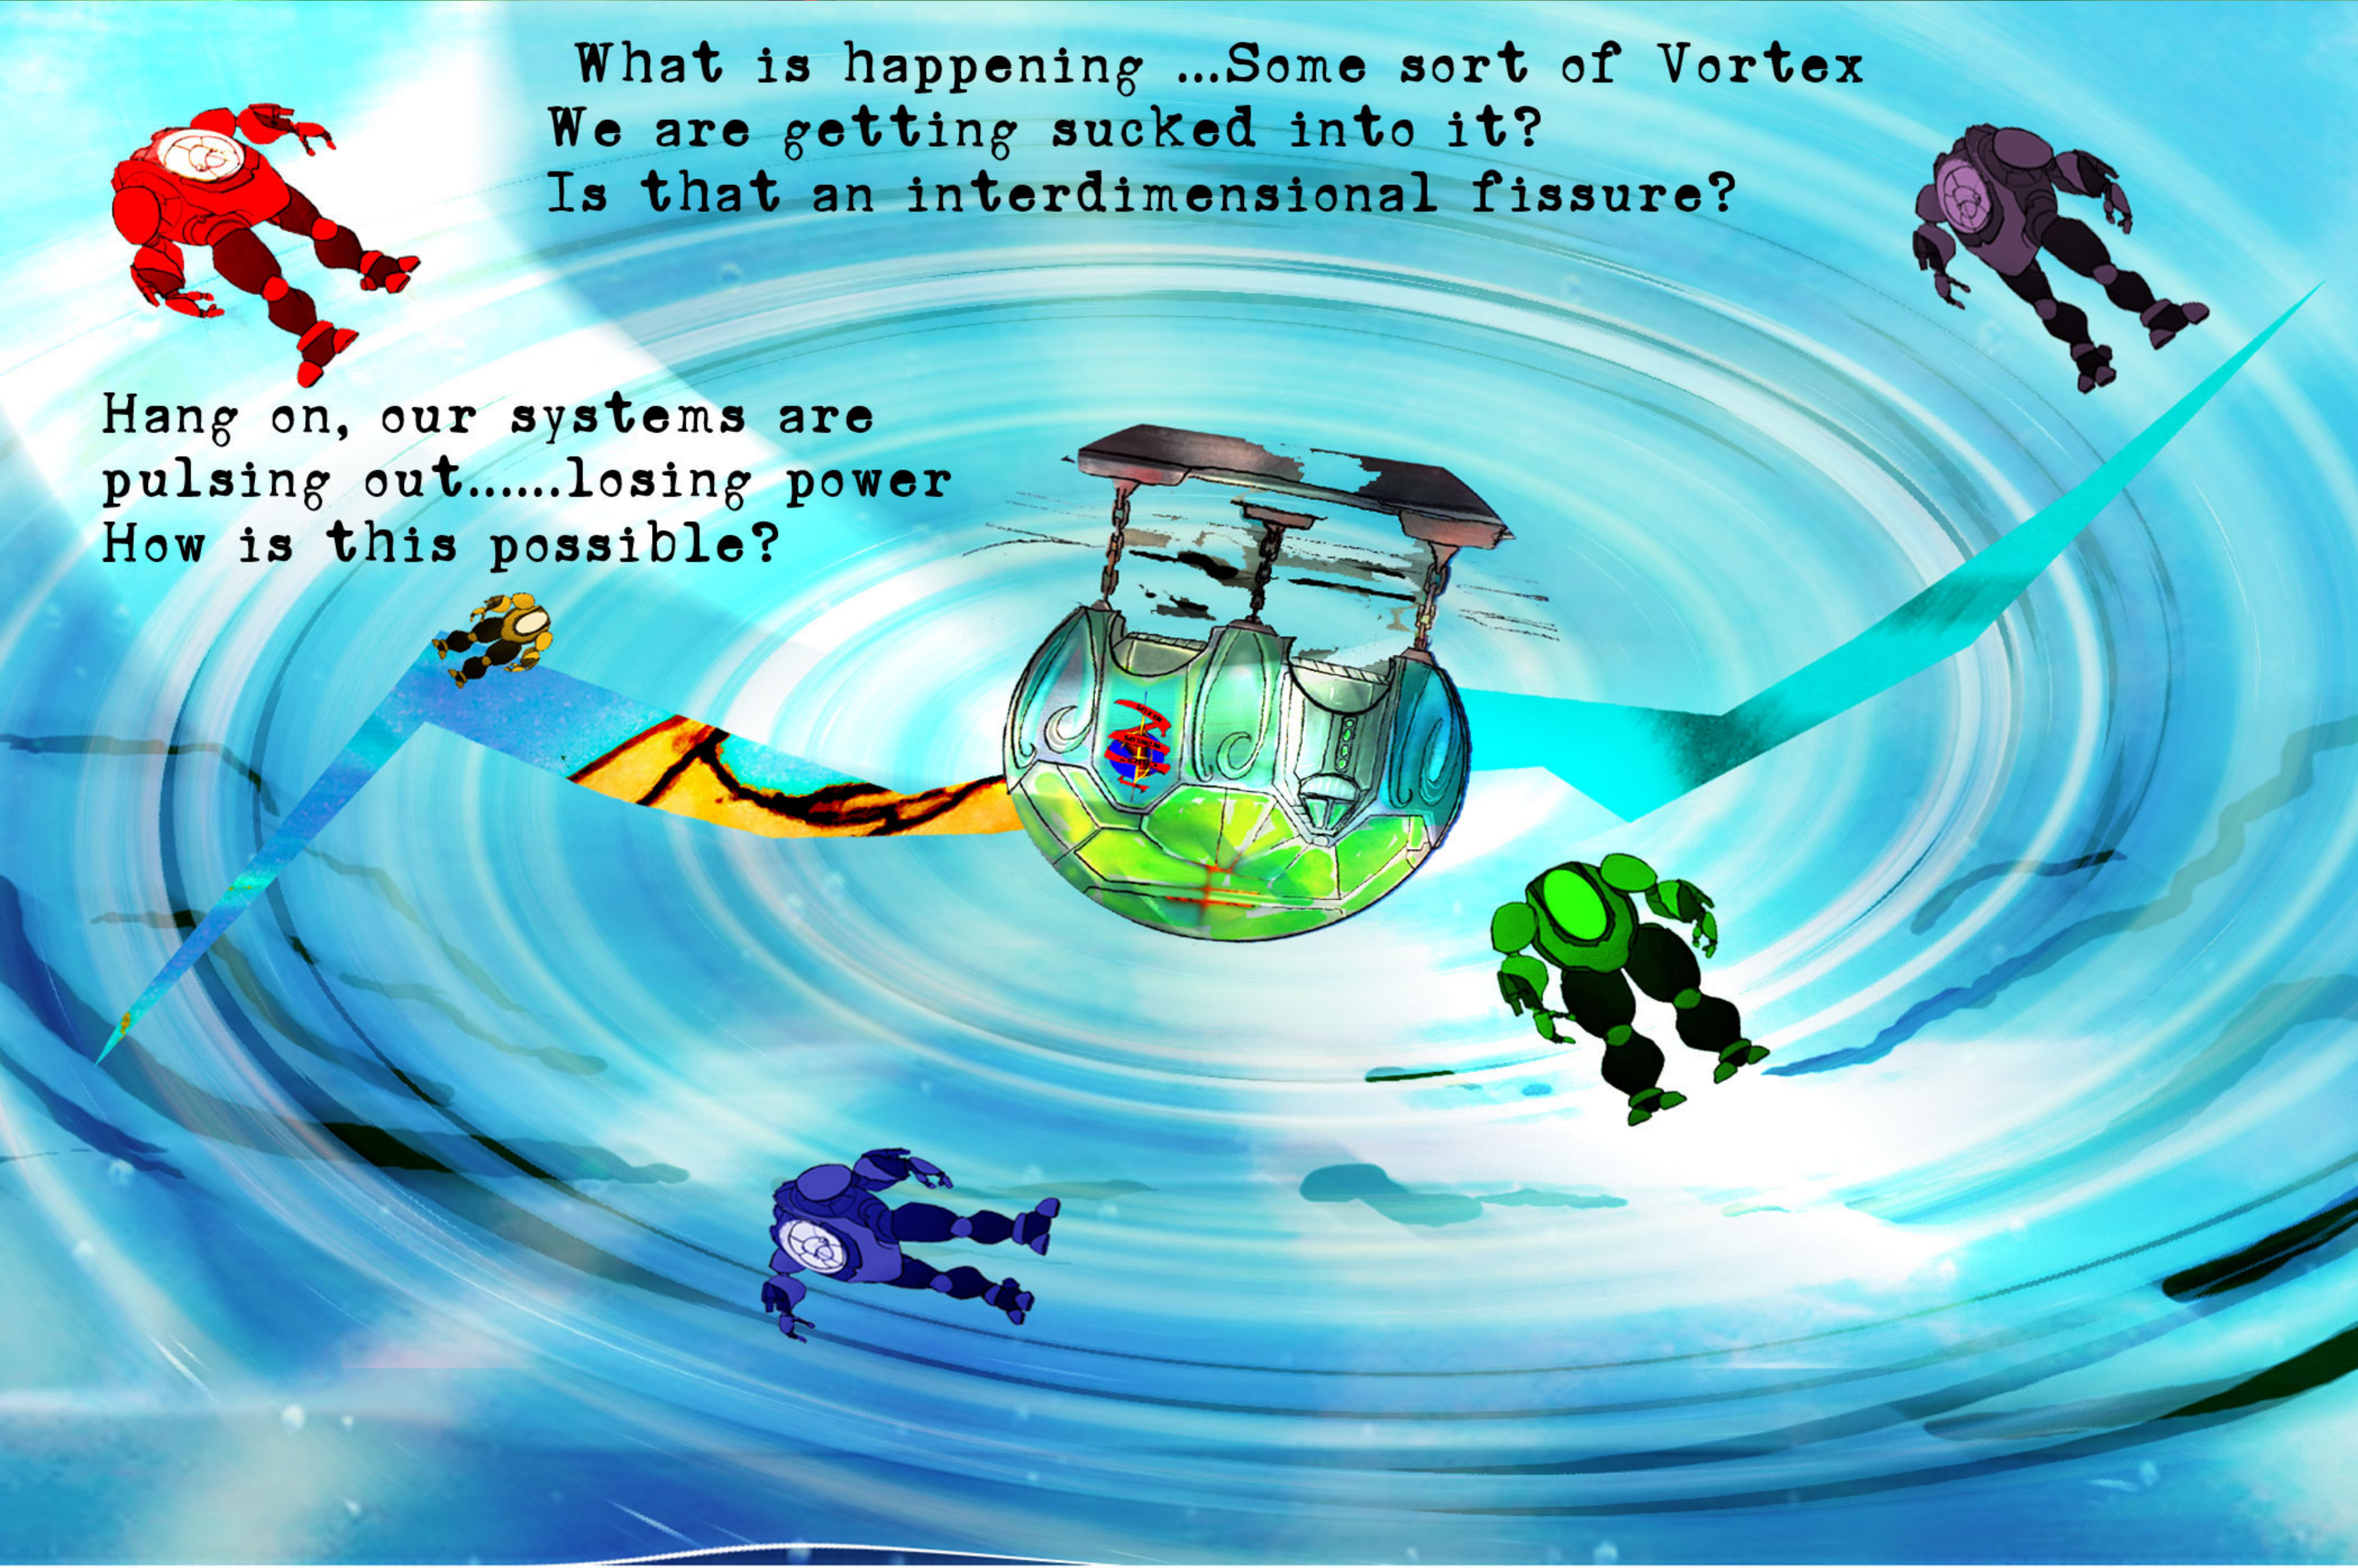

There doesn't seem to be any thing wrong?  
Hailing Zartacla?  
What seems to be the problem?

There was an attack on the facility, but it seems to be OK, now.

What is happening ...Some sort of Vortex  
We are getting sucked into it?  
Is that an interdimensional fissure?

Hang on, our systems are pulsing out.....losing power  
How is this possible?

...And now I  
am here...Hey  
Those guys  
have property  
from Zartacla,  
they are  
stealing it.

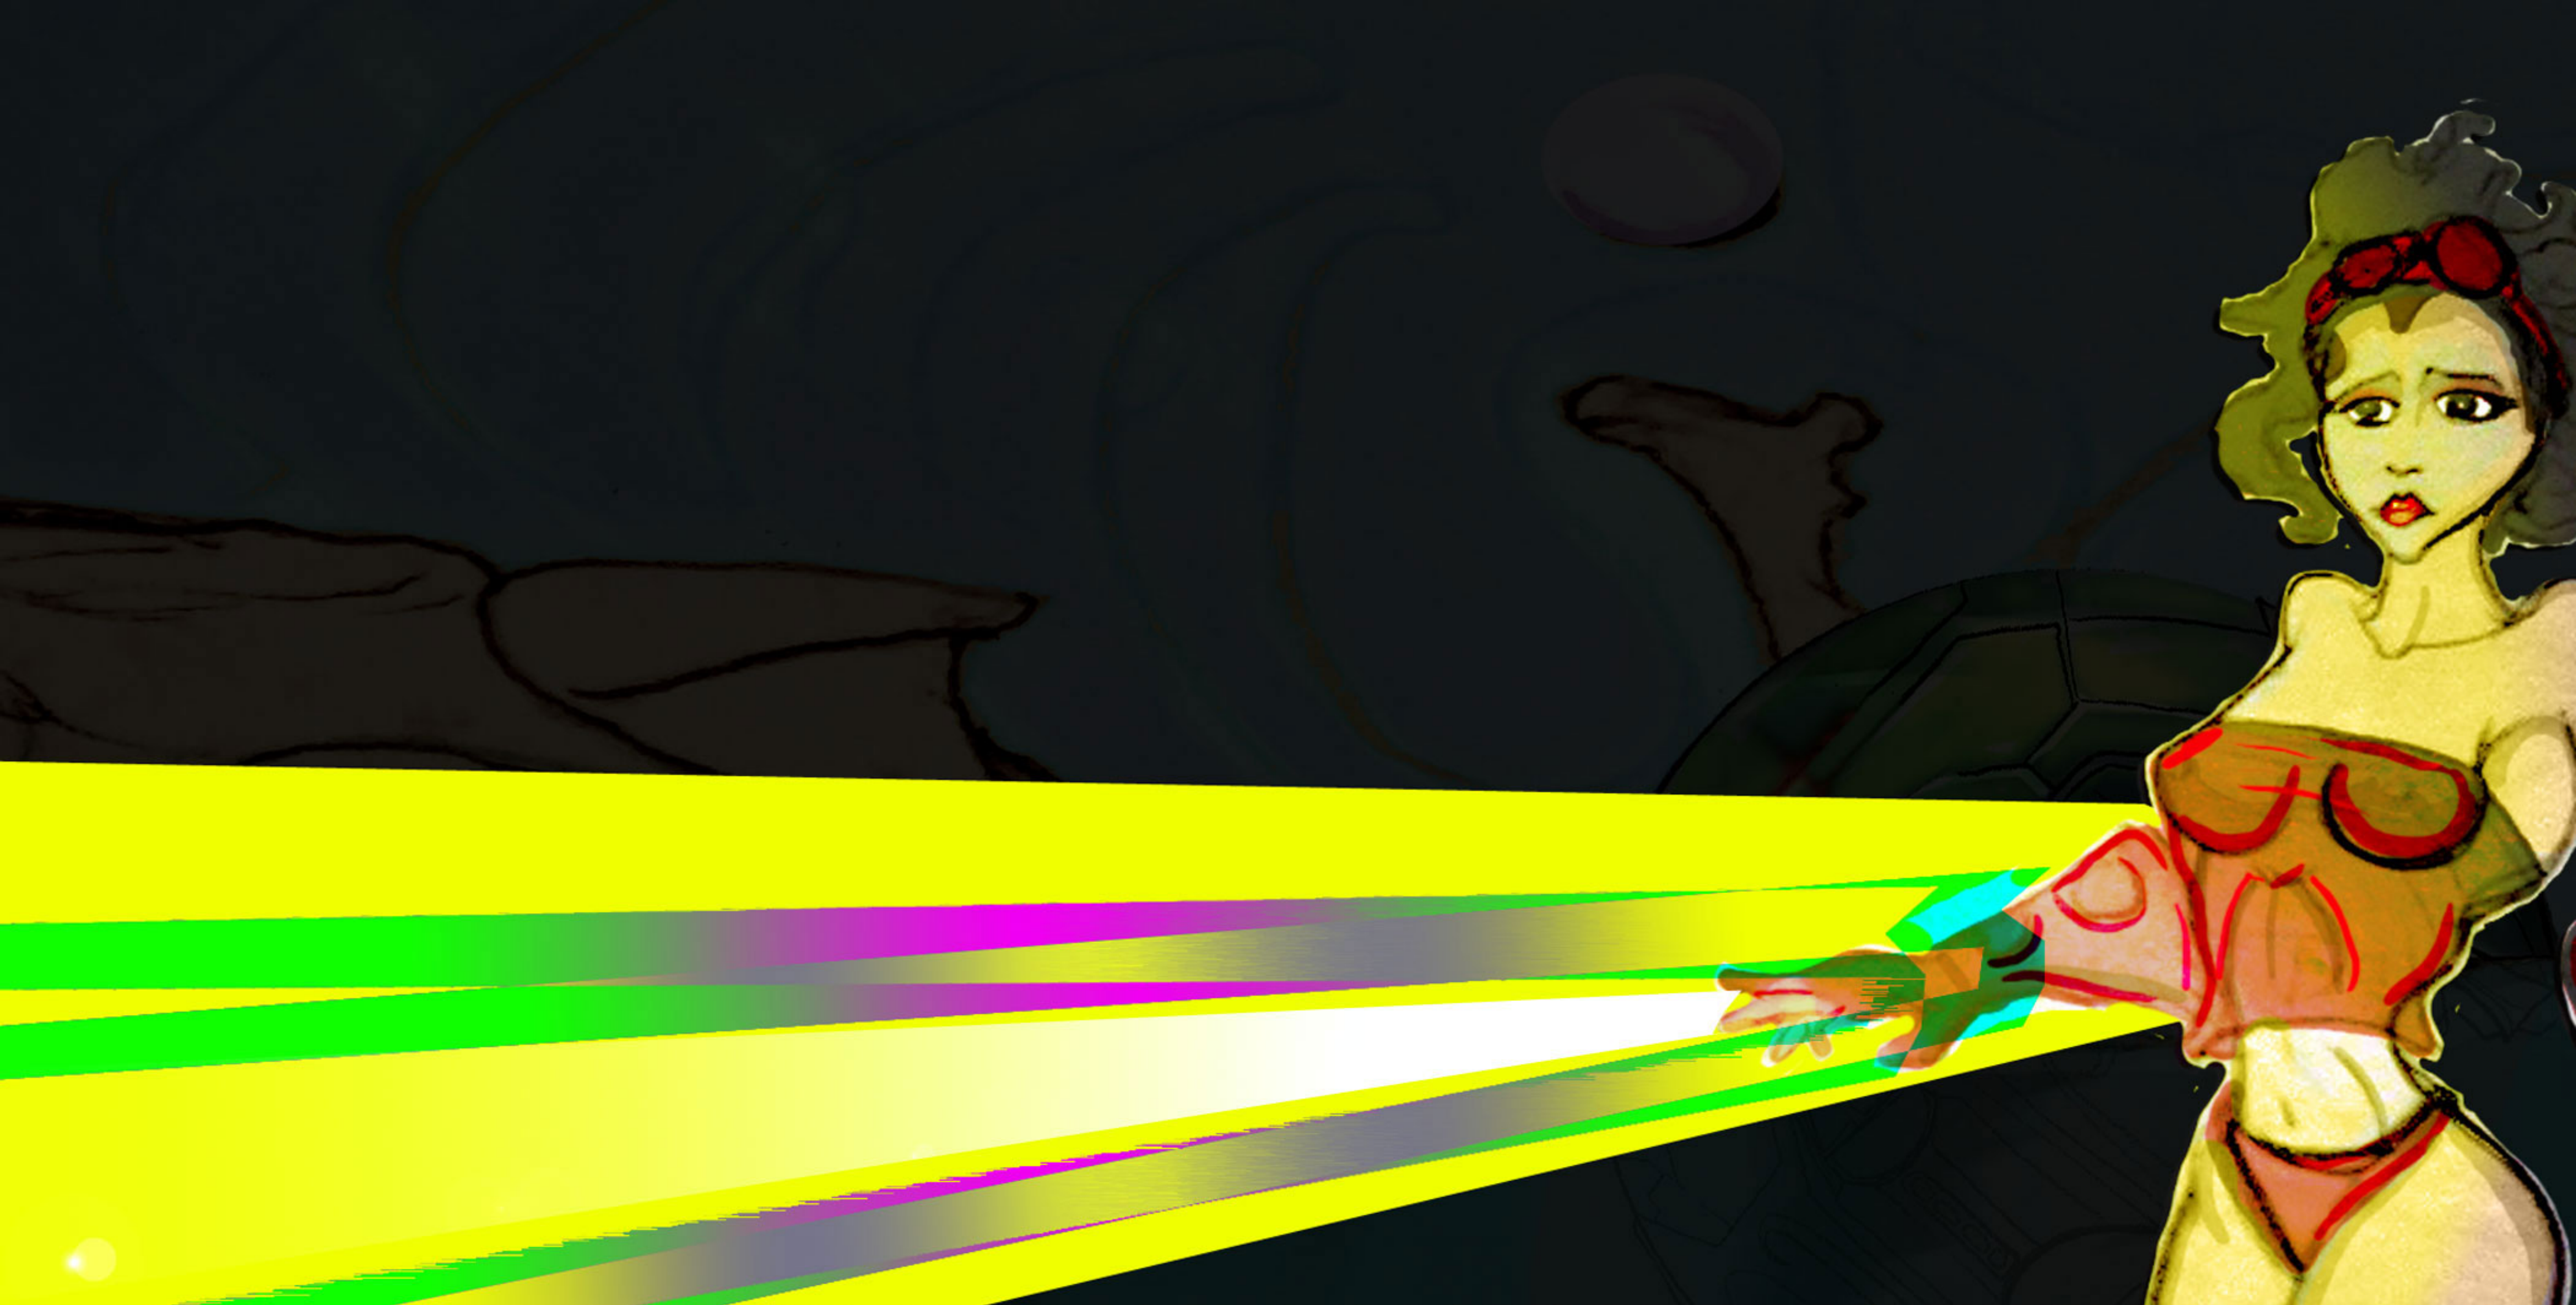

One more move and you are fried. Don't test me, strangers...  
I can burn you into nothing with my Frequency Modulators...  
Don't say I didn't warn you.

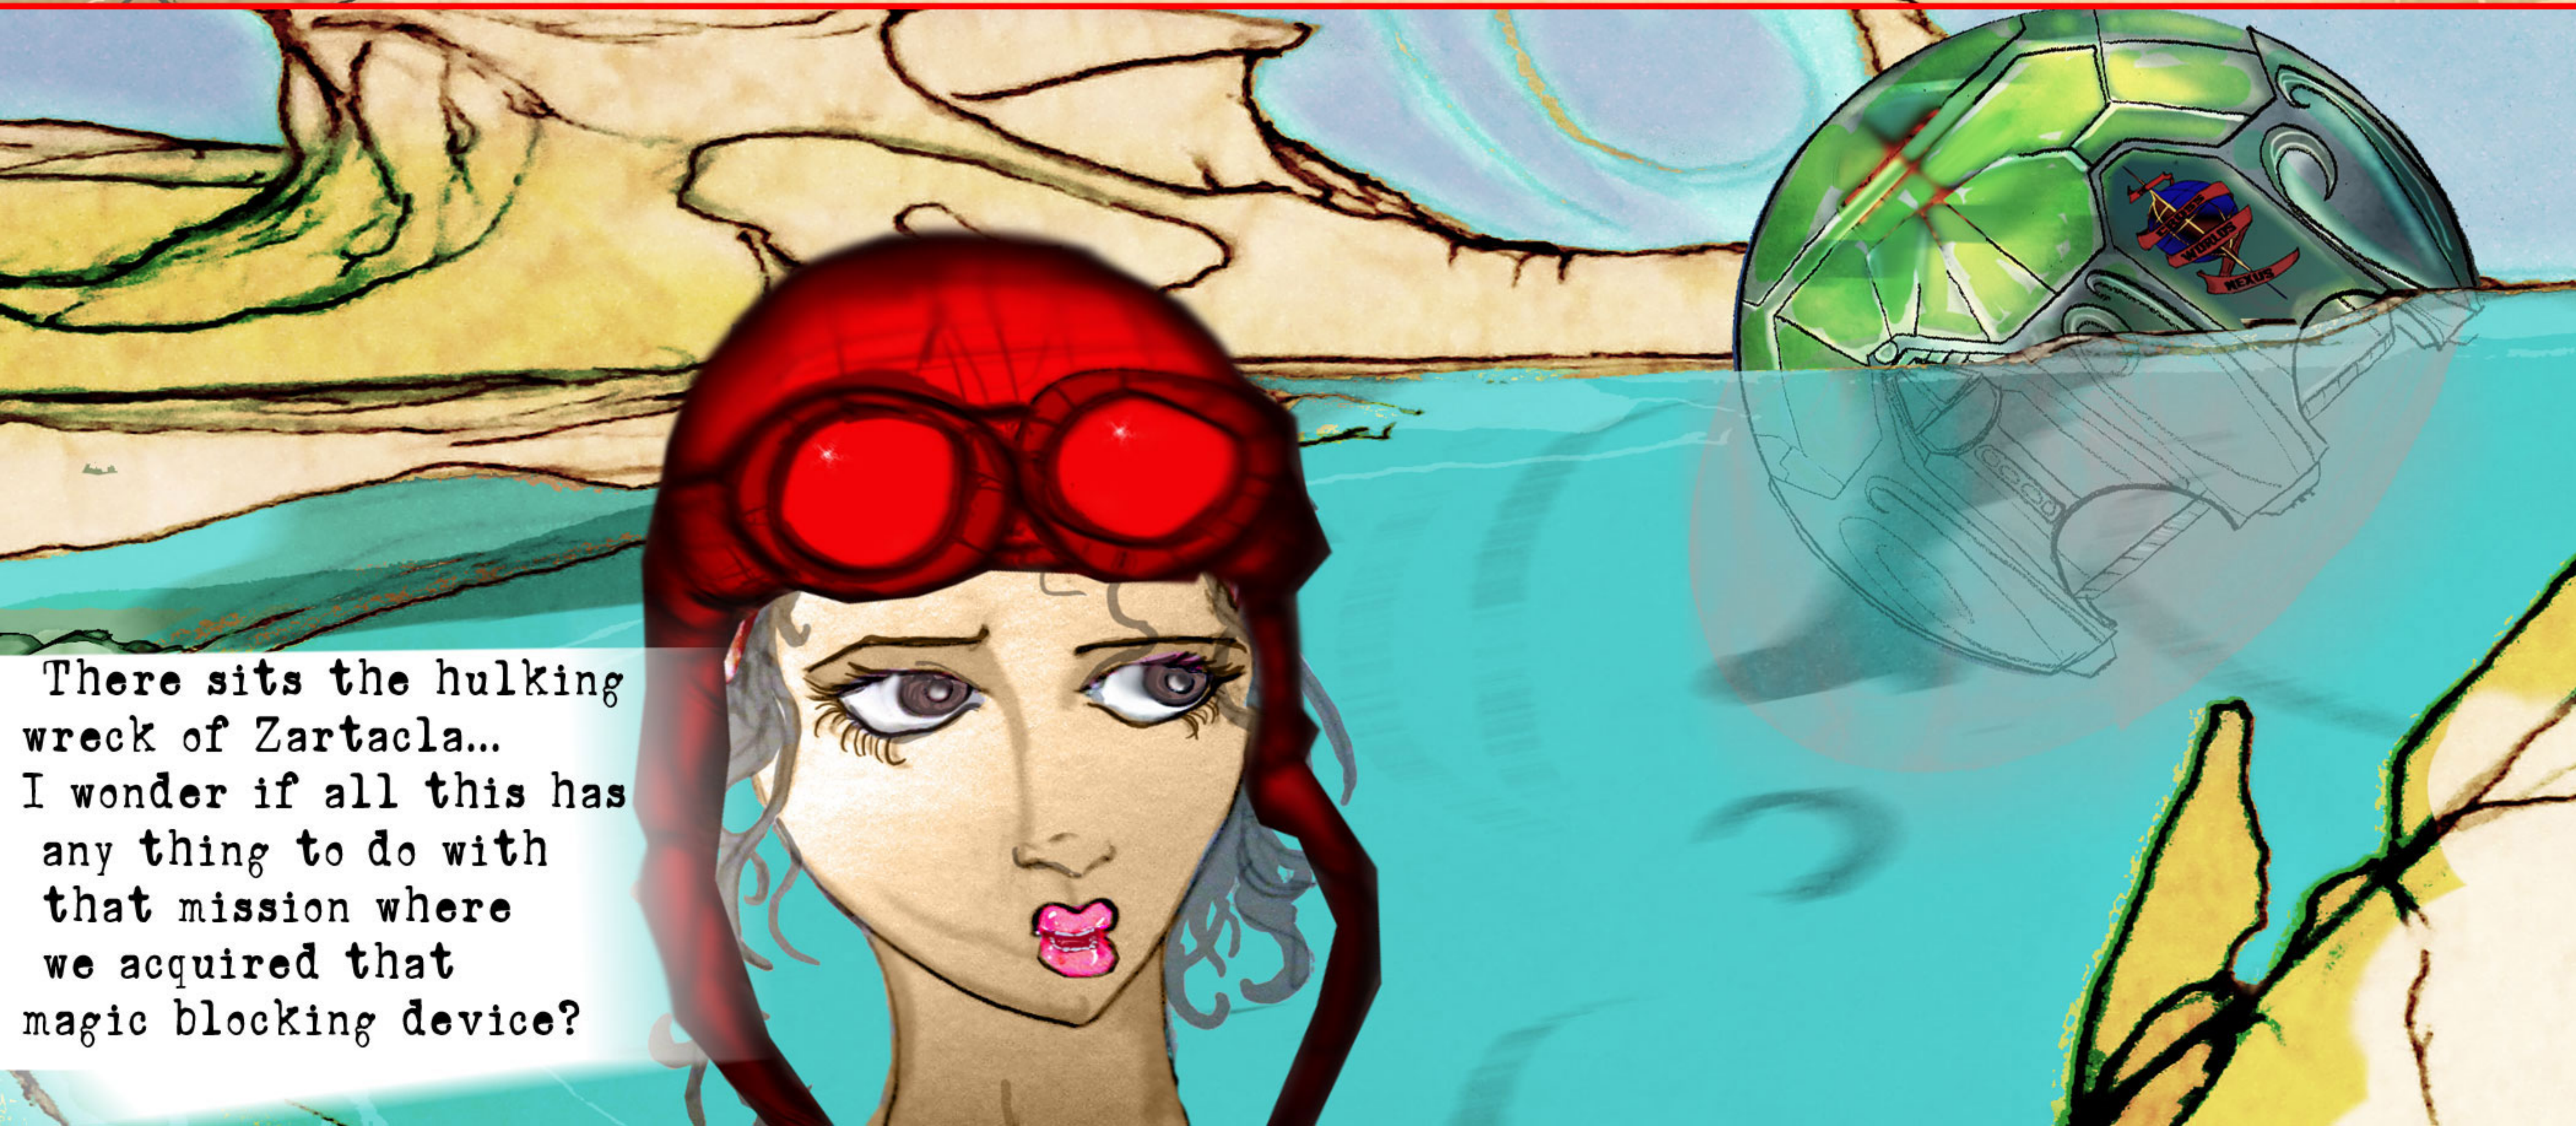

**IGNORE THE GIRL, CONTINUE  
ONWARD SOUTH, BROTHERS.  
FOR THE GLORY OF THE SLEEPING ARMY,  
WE WILL PROTECT THE DEVICE.**

That device is making  
my systems come back  
on line.

There sits the hulking  
wreck of Zartacla...  
I wonder if all this has  
any thing to do with  
that mission where  
we acquired that  
magic blocking device?

Roxi! Good to see that you survived!

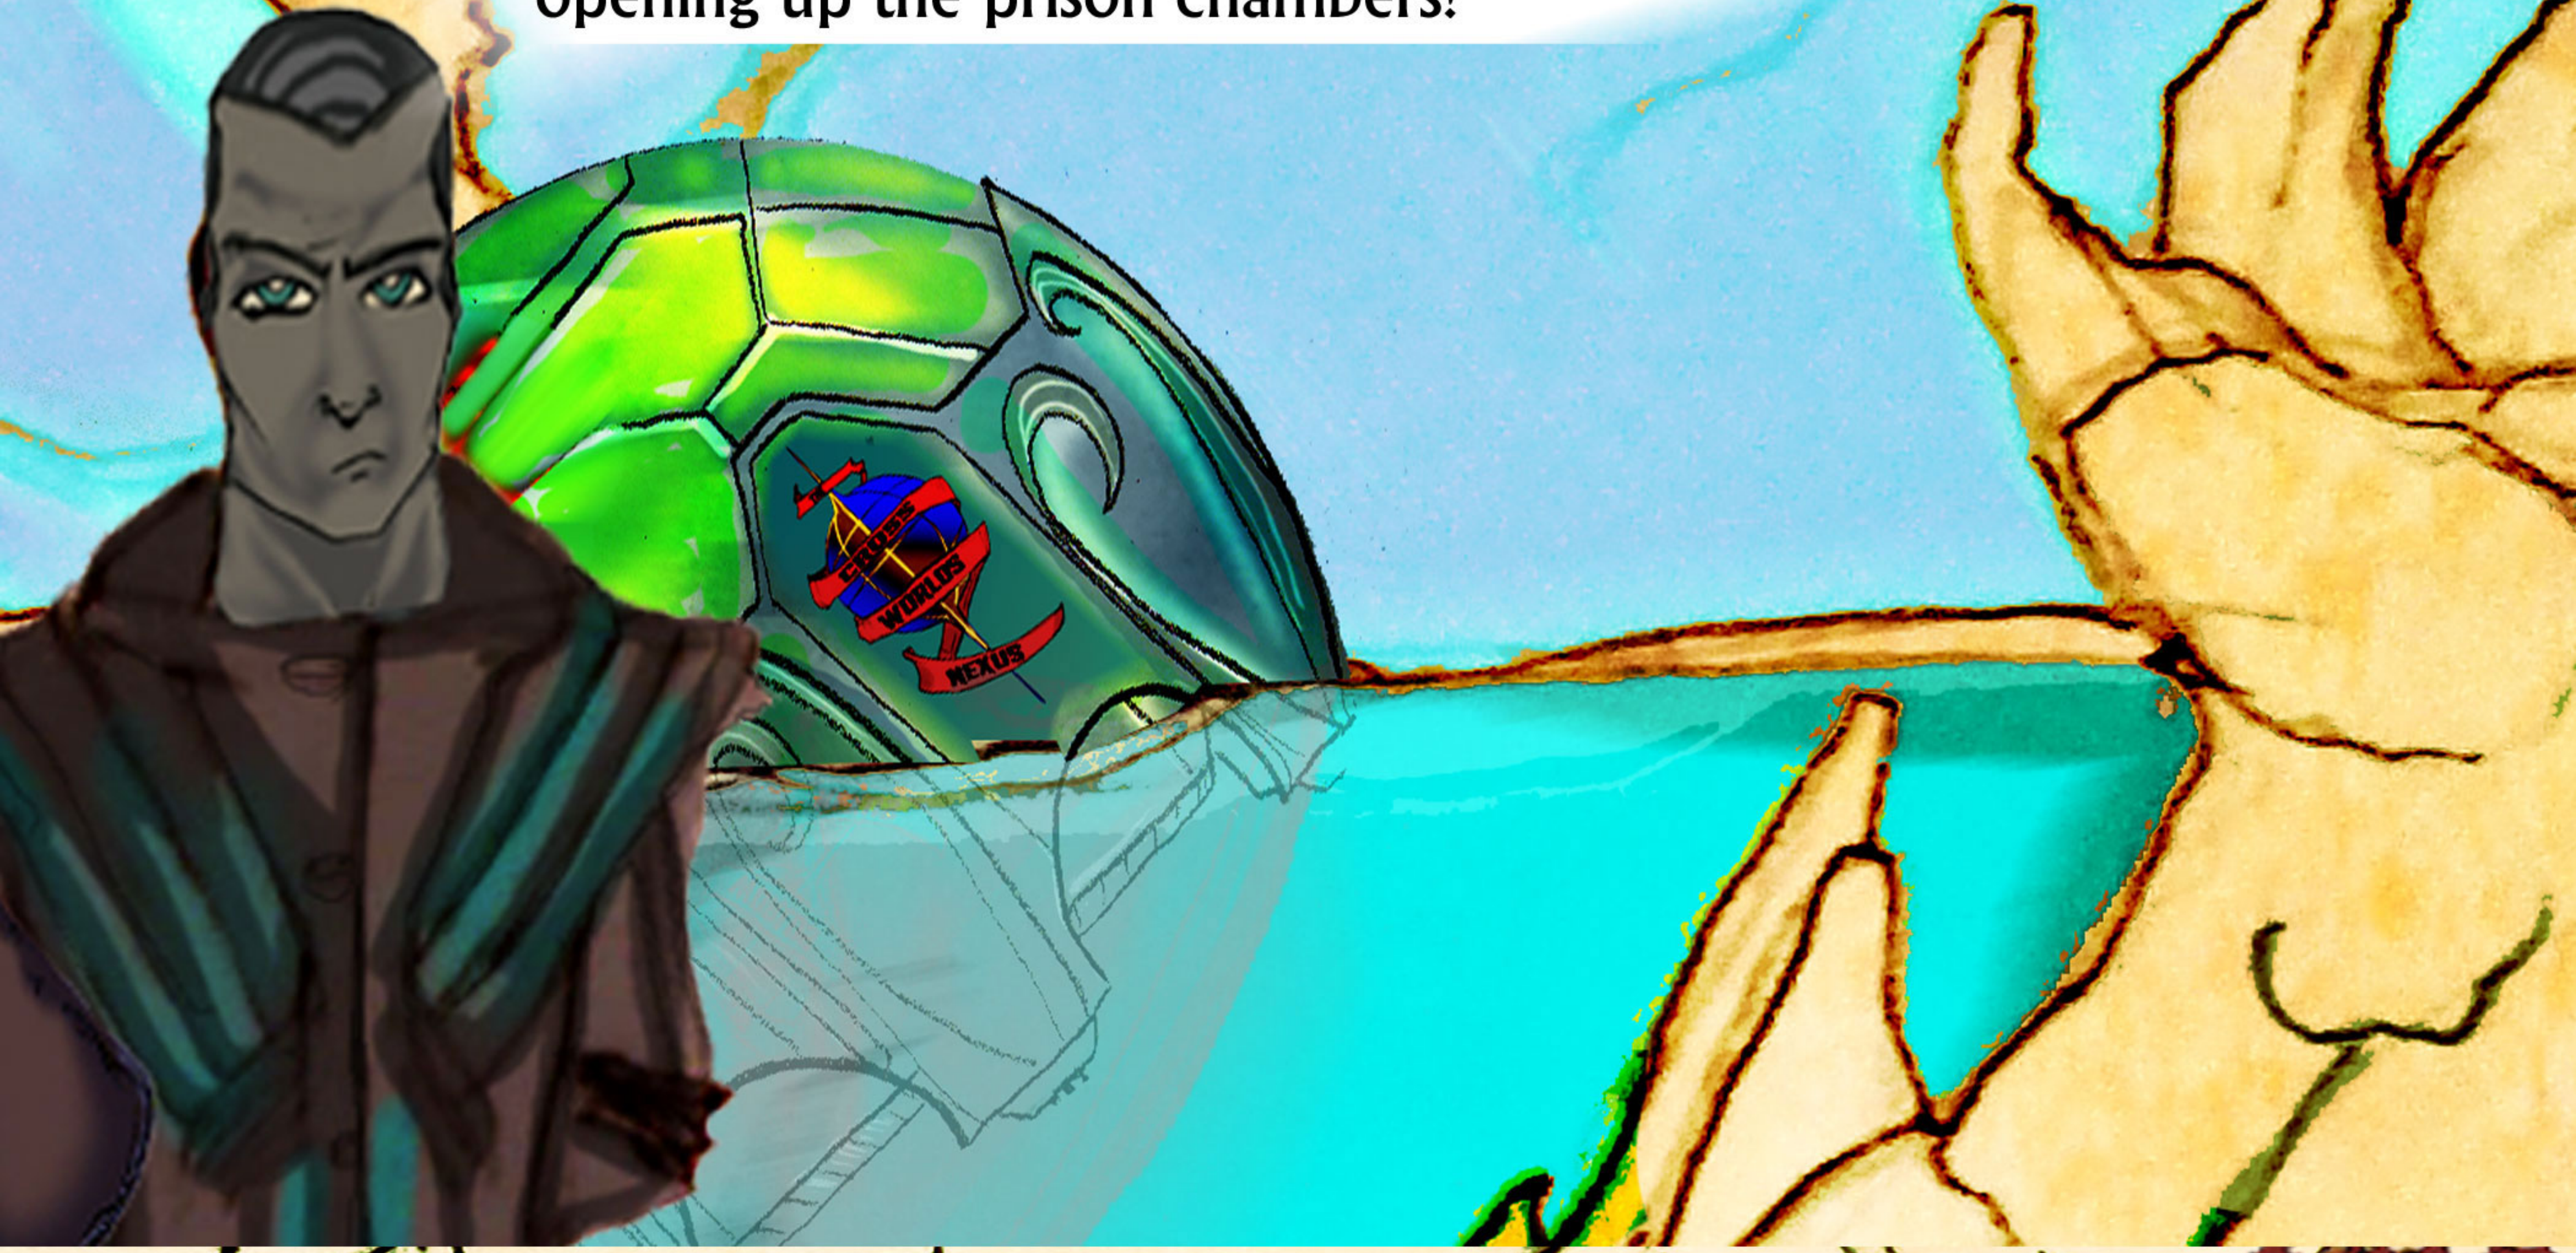

Where are the others?

I don't know, Last I saw any one, we were Phase jumping out of that All Factory to check up on the distress signal from Zartacla and next thing I know, my machine was falling out of the sky with out any power. I crash landed in the water and the tide took me to this beach. I can't even tell you if the others were falling here or not.

Those soldiers were swarming all over Zartacla,  
opening up the prison chambers!

They were mainly after the contents of AllDark's tomb!

None of our stuff works here, and  
if it will even turn on, it all  
does weird stuff. You be careful,  
this place is far from normal.  
Do you have any Idea where we are  
or why this is happening?

PERHAPS WE CAN BE OF SERVICE  
TO YOU, STRANGERS

Perhaps we  
can be of  
service  
to you,  
strangers.

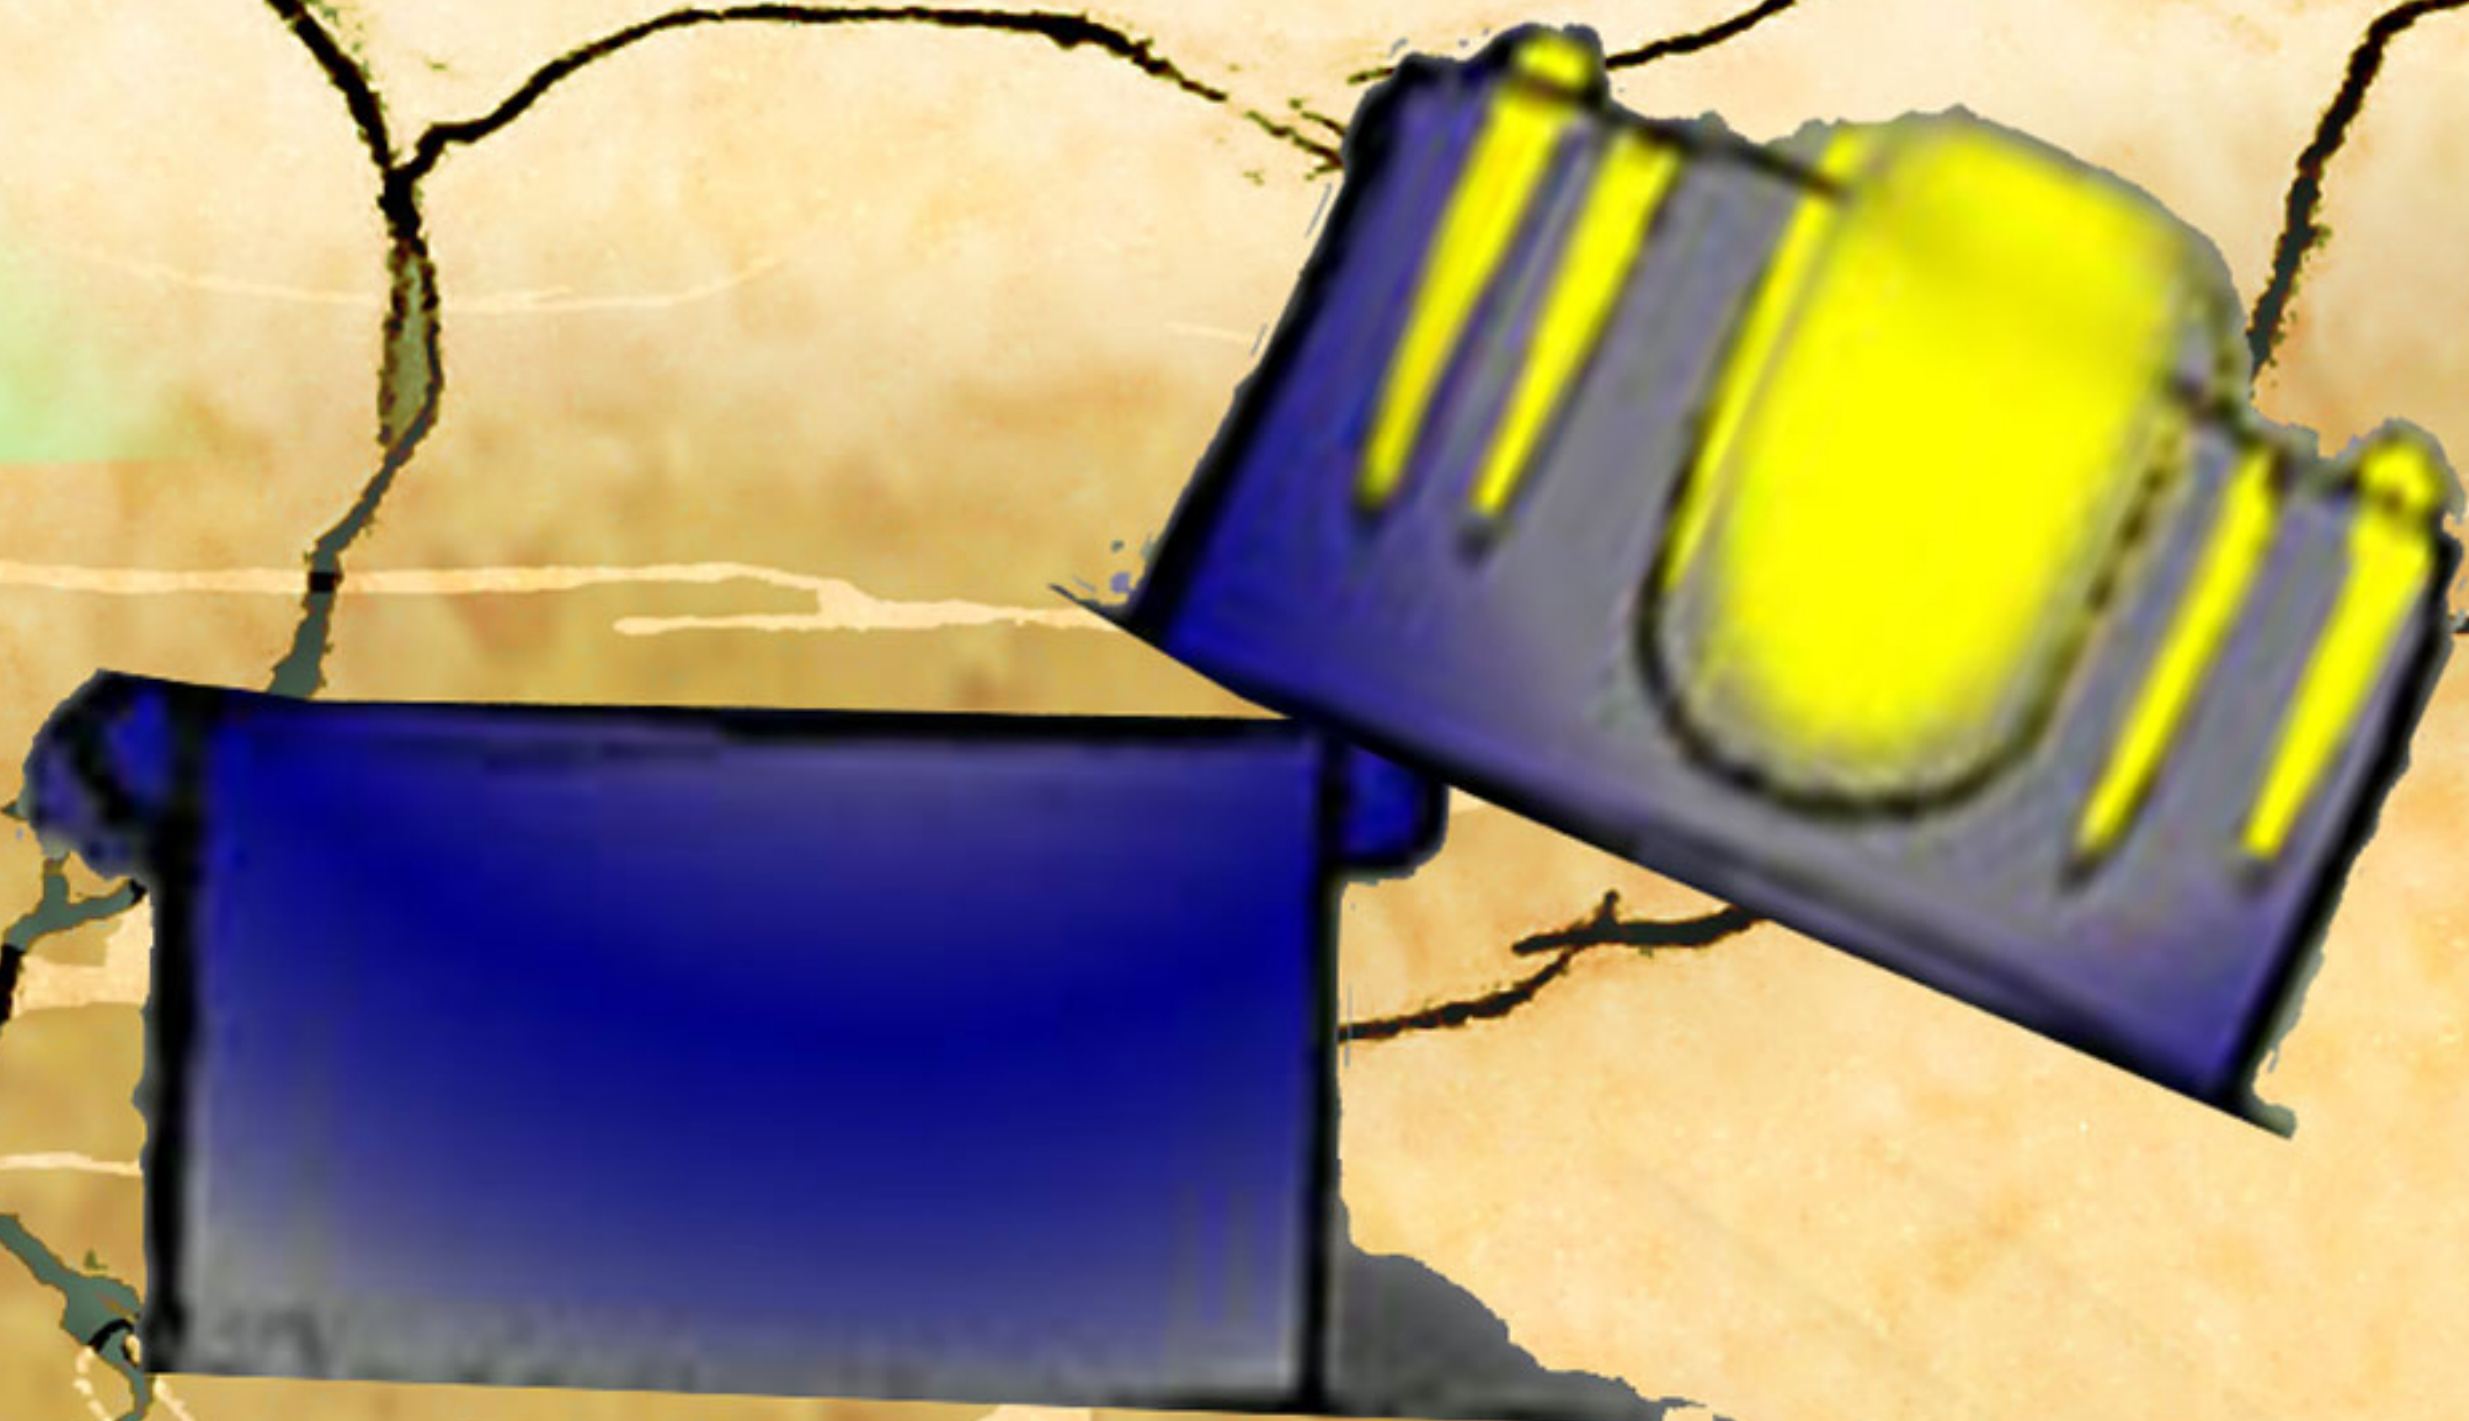

Who the hell are you two clowns?

Bolan! We  
are the  
strangers in  
this land,  
Try to be  
friendly.

Boooring. What is this?  
I can almost sense  
warmth again...I am  
out of that box.

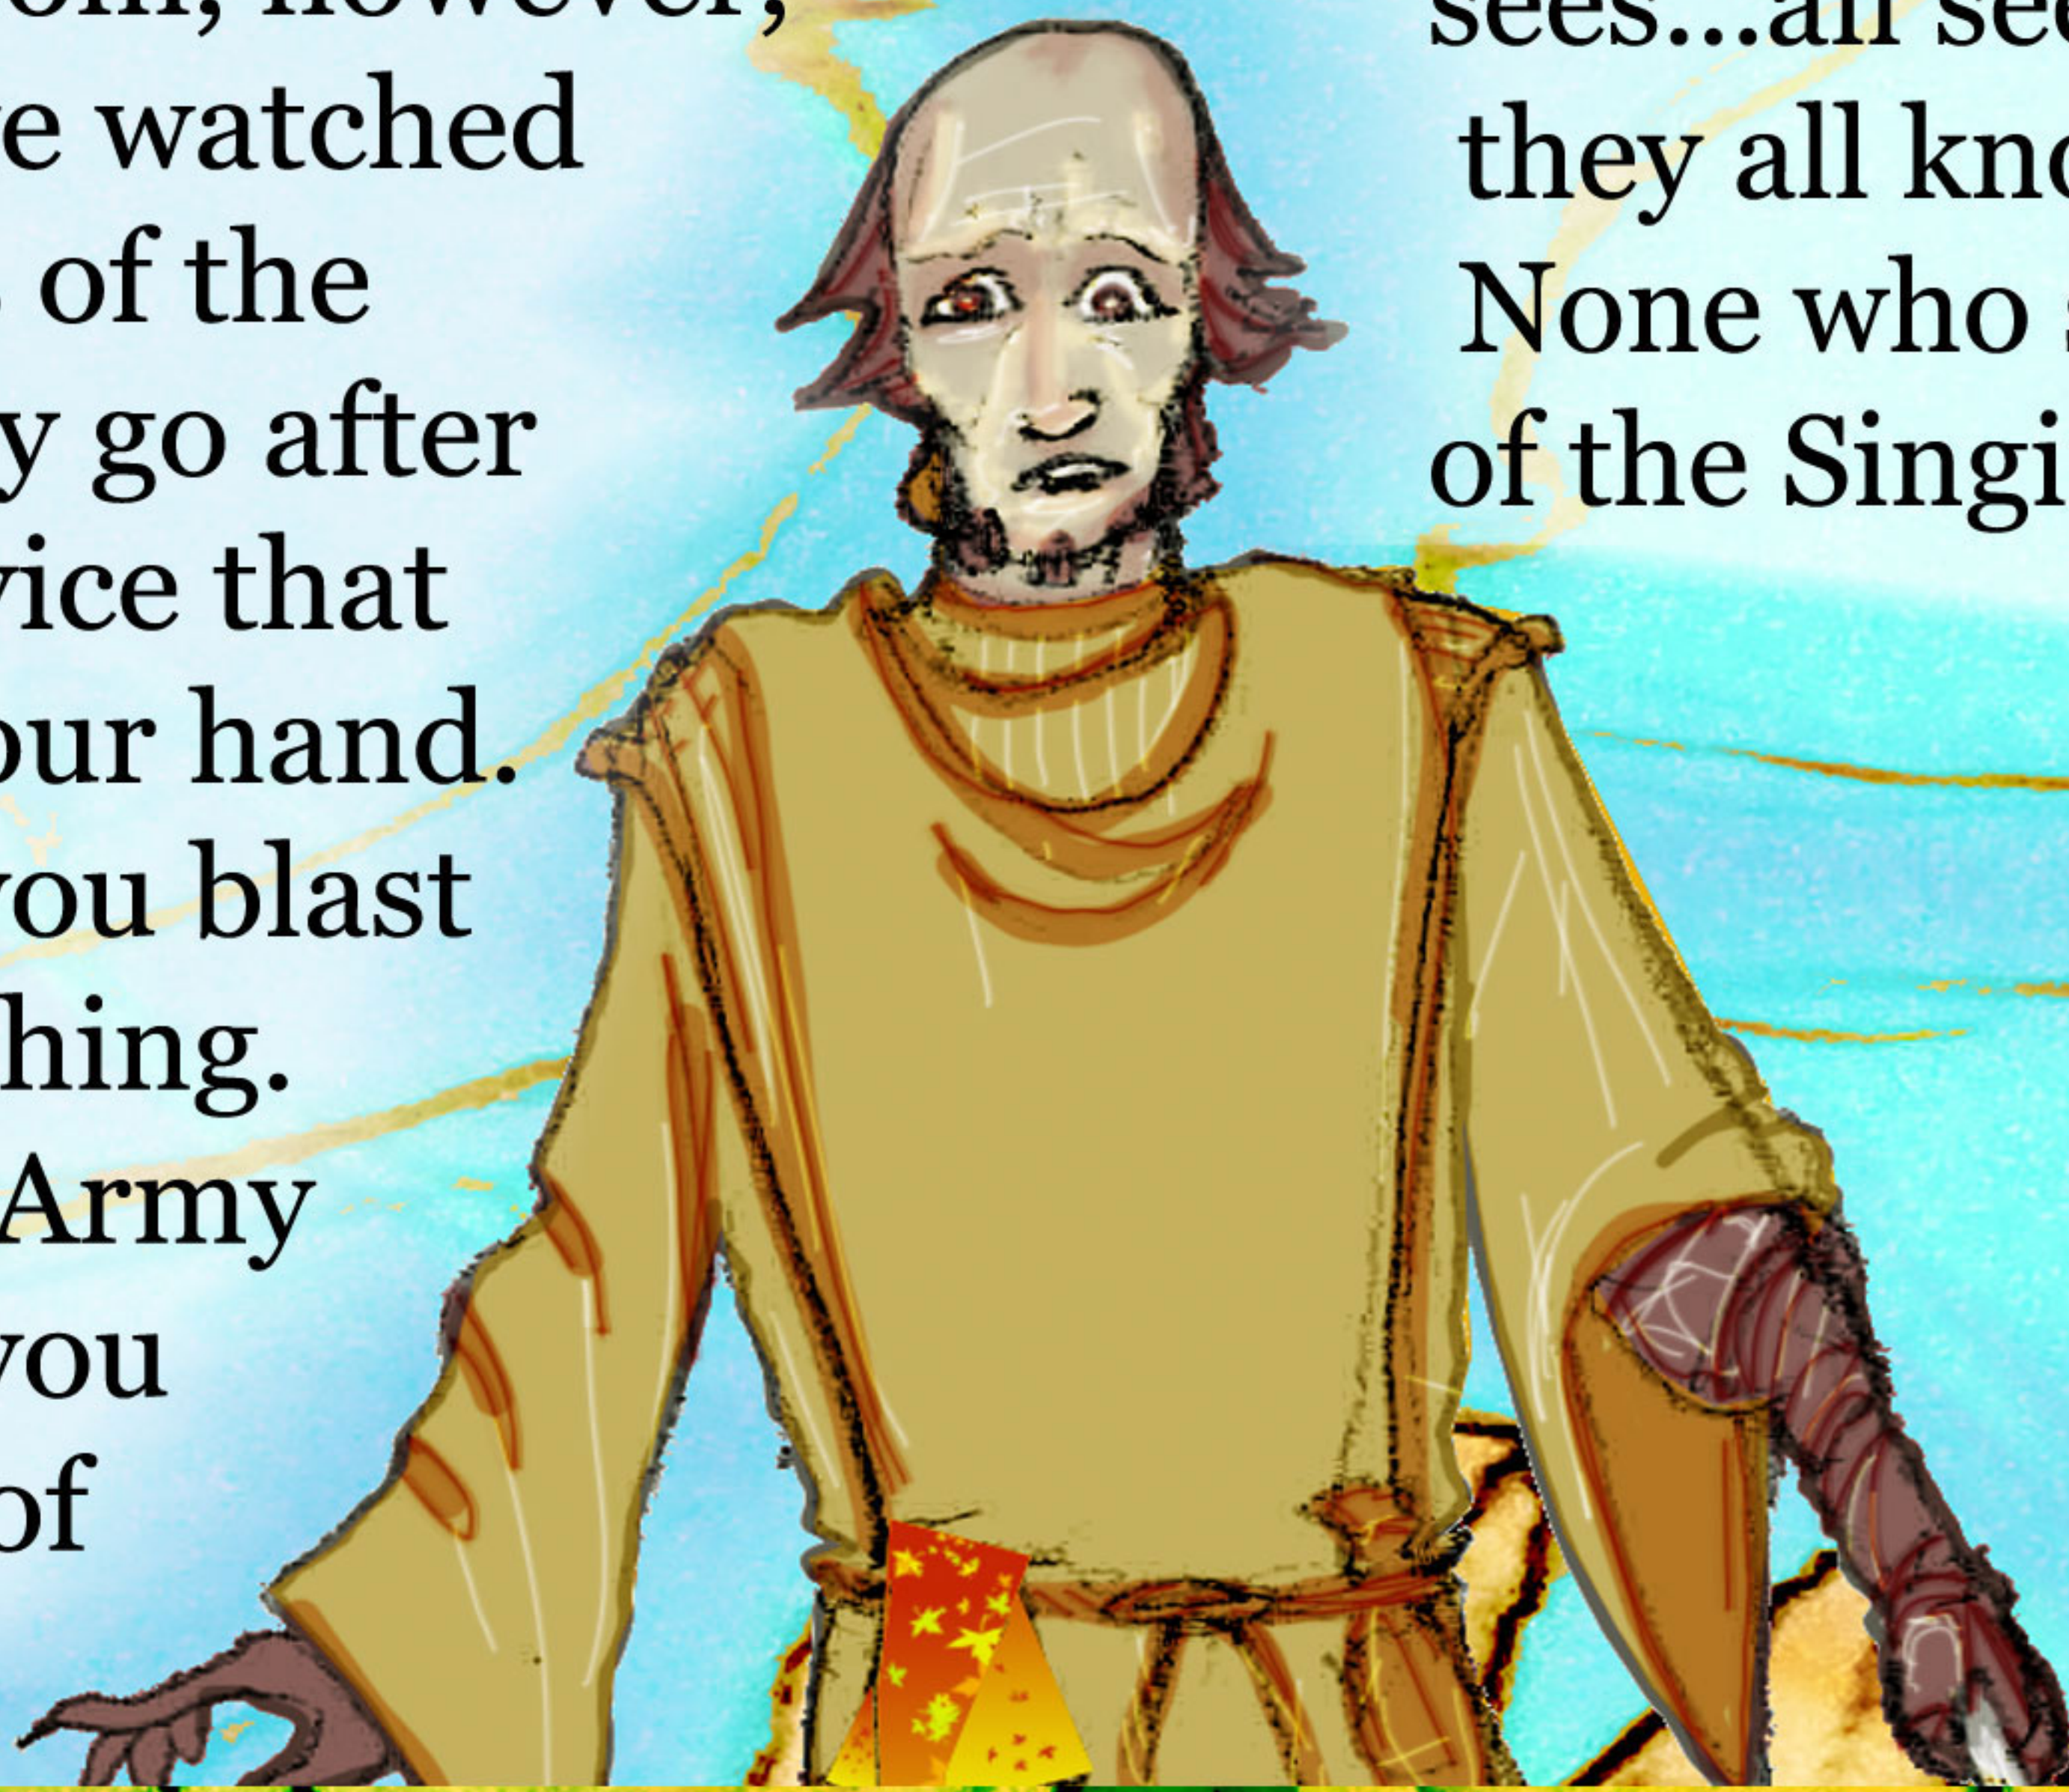

Oh...this is interesting?  
I wonder how long I have been out?

I do believe my days of waiting for something to happen are over. Of course, I will have to begin building from scratch again. Bah, what else is new. I have done it before. Let's see, can I manifest out side of this decaying shell?

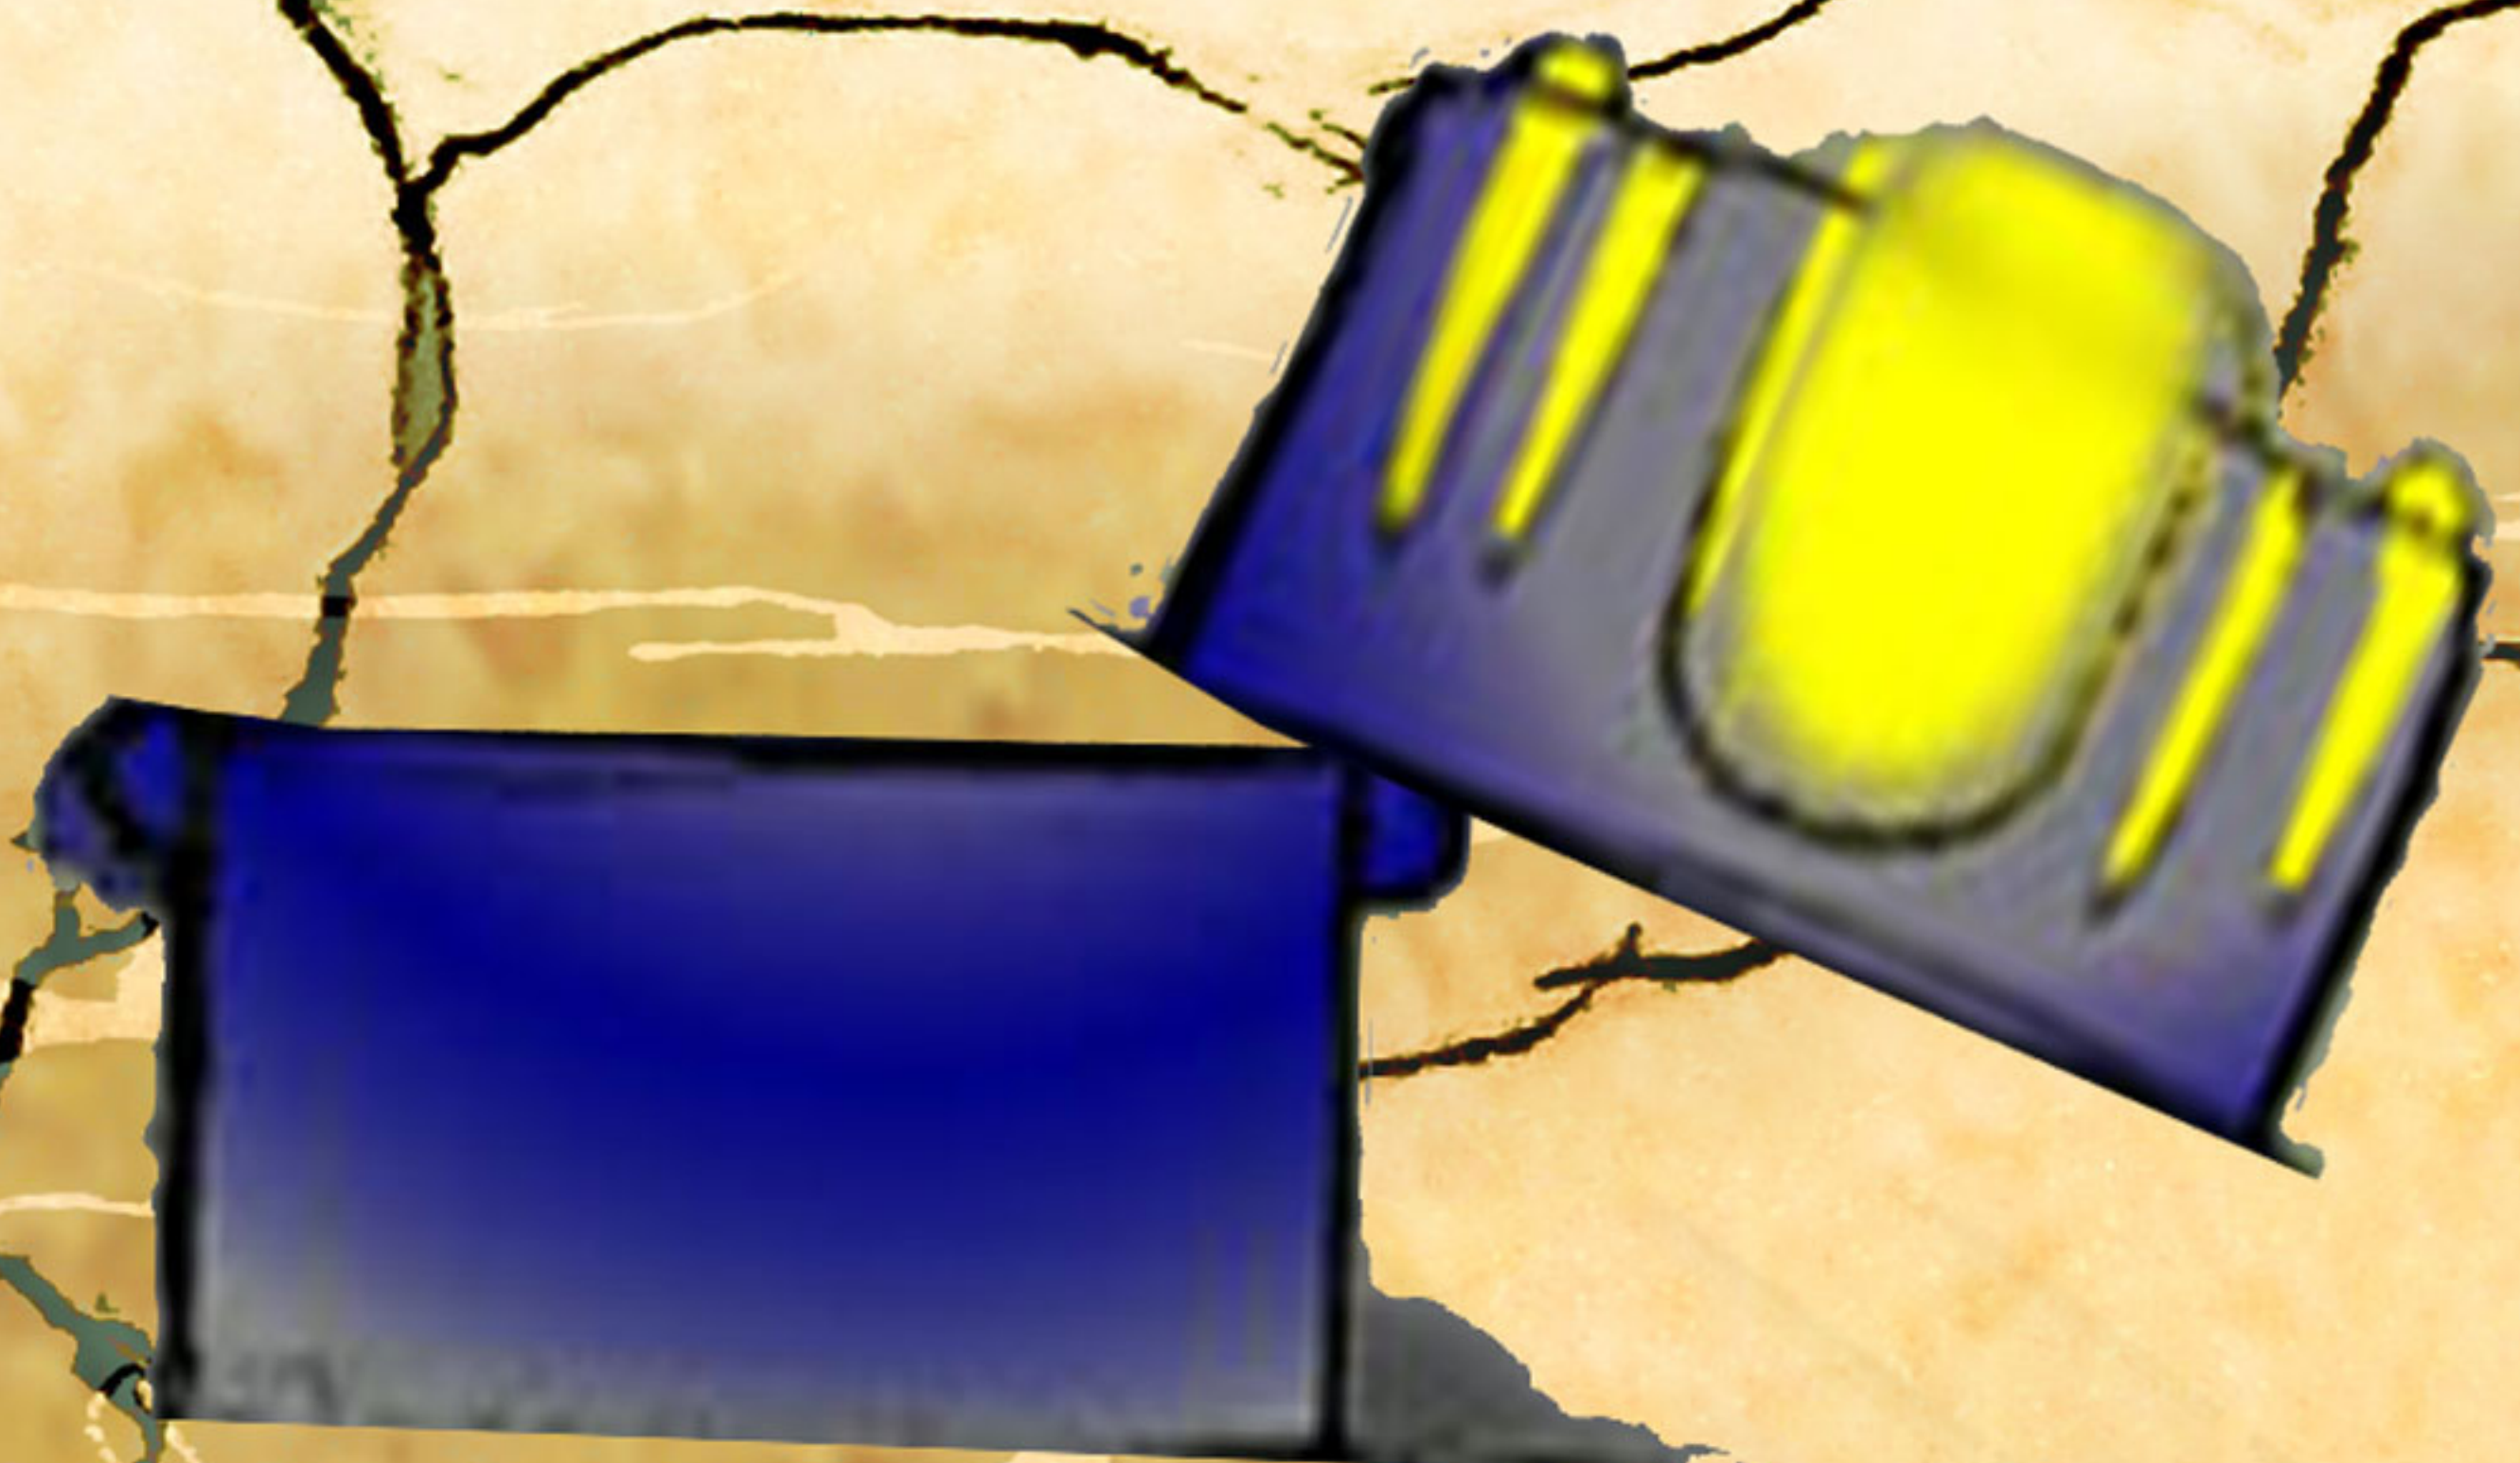

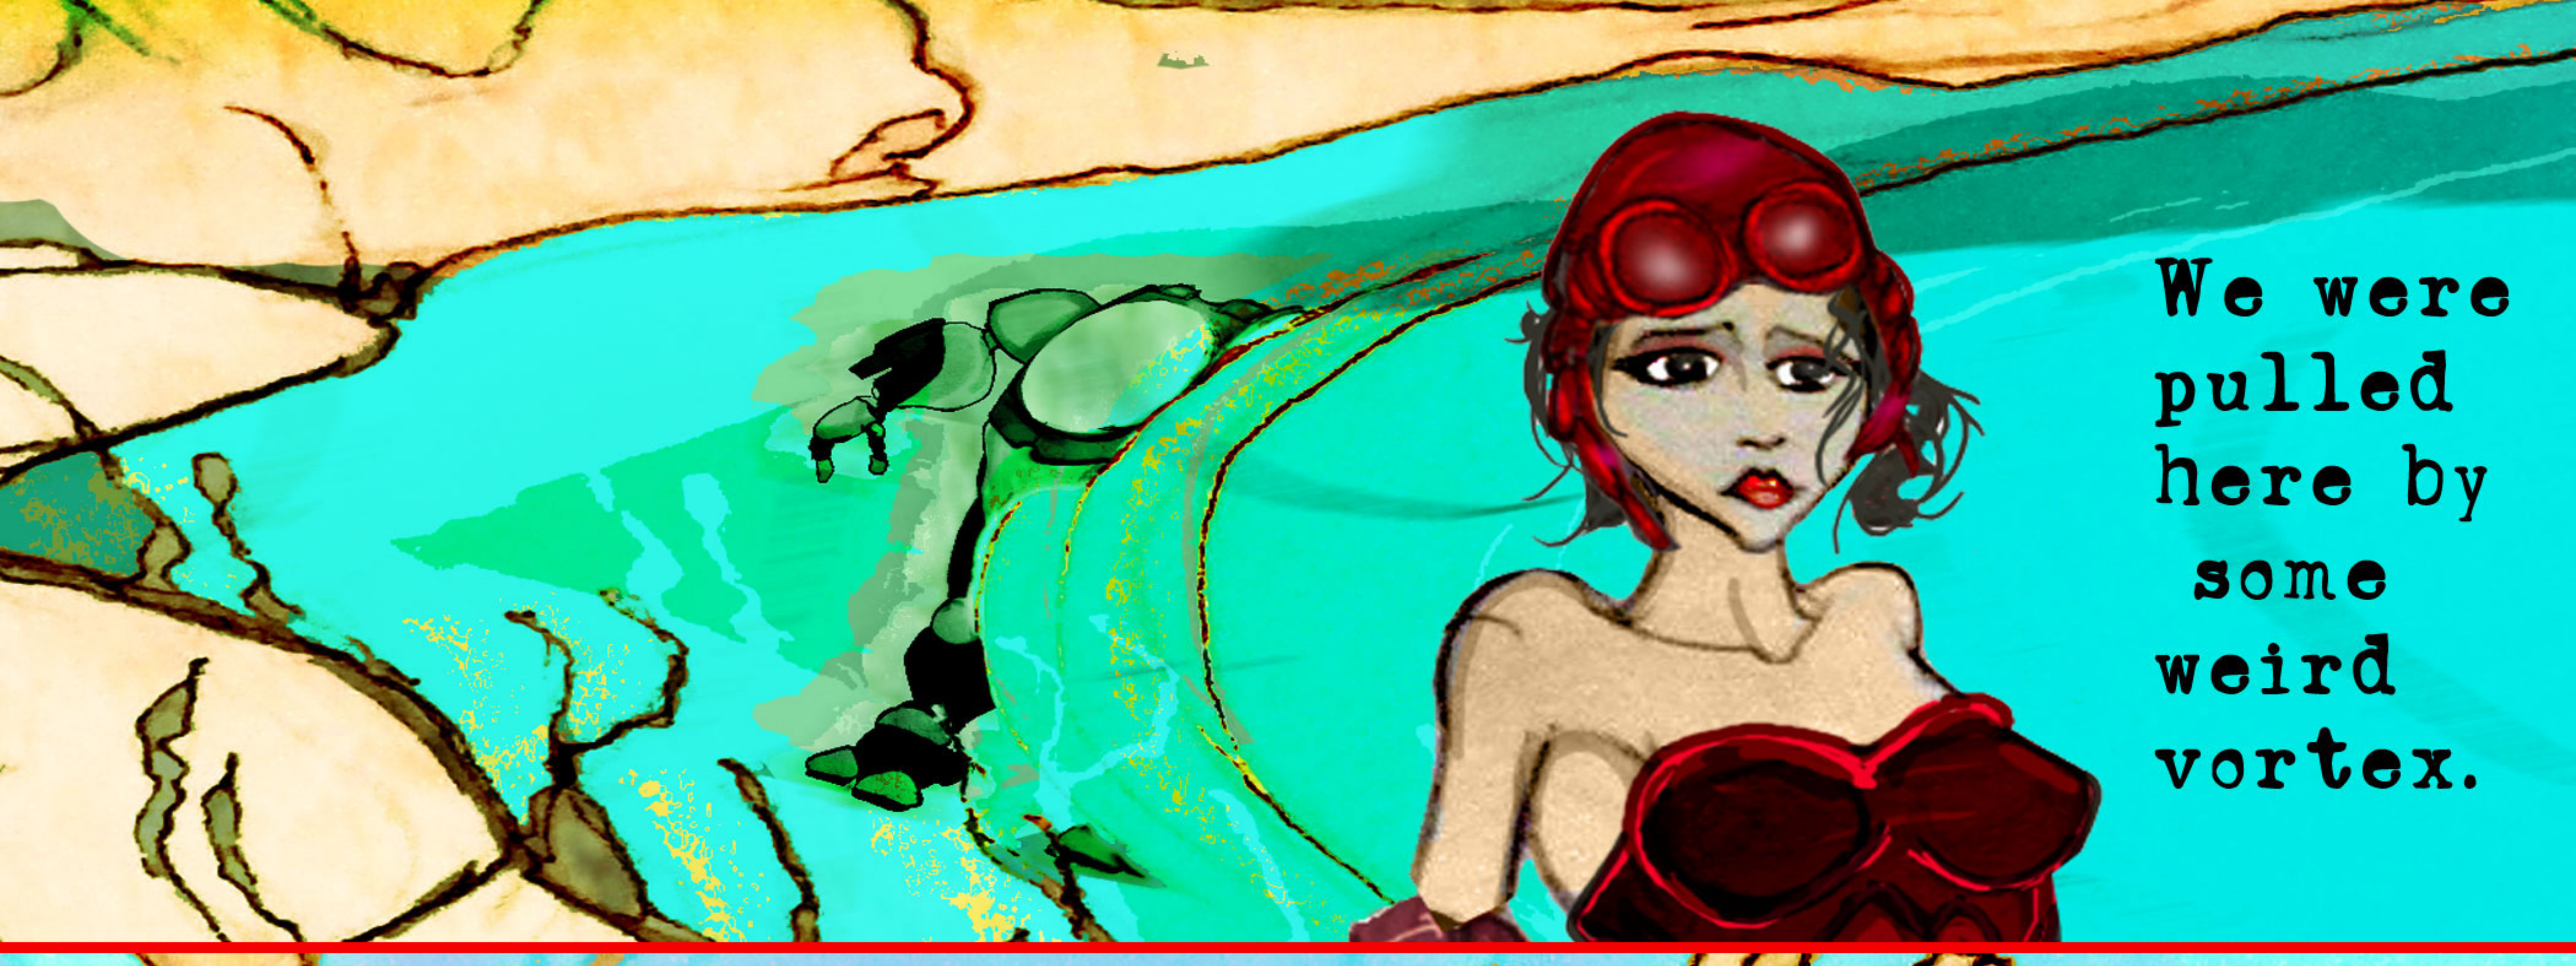

Sir, we are not clowns. I know not of where you people hail from, however, I know that we watched those soldiers of the Sleeping Army go after this green device that you hold in your hand. We also saw you blast them into nothing. The Sleeping Army knows when you hurt any one of them.

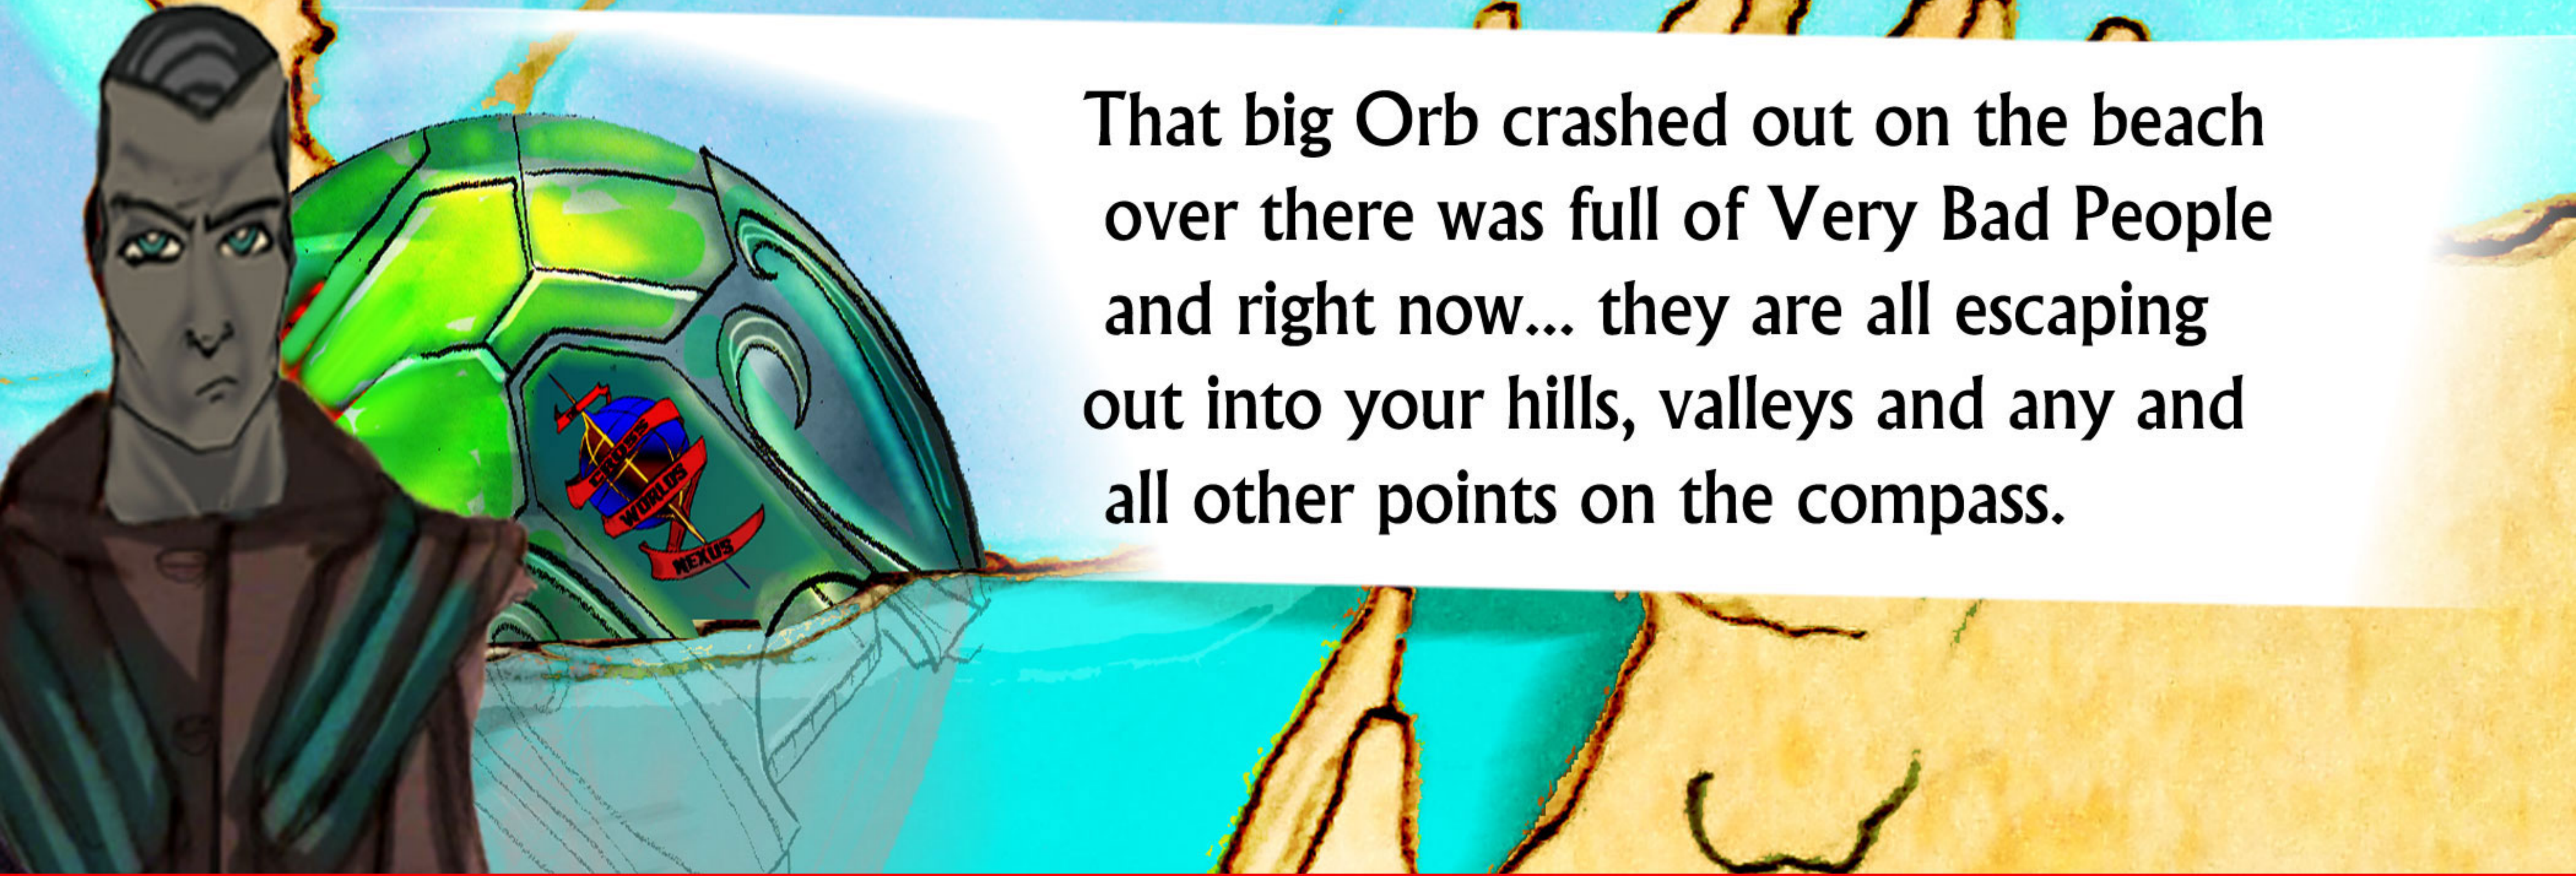

They all act as one. What one sees...all see. What one knows, they all know. You are not safe. None who stand in the way of the Singing Lady are.

Look, Guy...Allow me to tell you where we HAIL from. We are Travel Agents of the Cross Worlds Nexus... ever heard of it? You will! You now have a bigger problem that just a bunch of sleep walking creeps. For what ever reason, all of our Tech is offline or not working properly...Who ever is in charge here has a hell of a lot of explaining to do.

We were pulled here by some weird vortex.

That big Orb crashed out on the beach over there was full of Very Bad People and right now... they are all escaping out into your hills, valleys and any and all other points on the compass.

We have been following the movements of this Sleeping Army, they are full of vile wickedness... and I can tell you that they were waiting here for your arrival. You Outlanders must leave this place. Remain here and you will meet your Doom! You have angered a most terrible adversary! Her powers are frightening and her army is vast! They will hunt you down and destroy you all!

Sounds

like

fun,

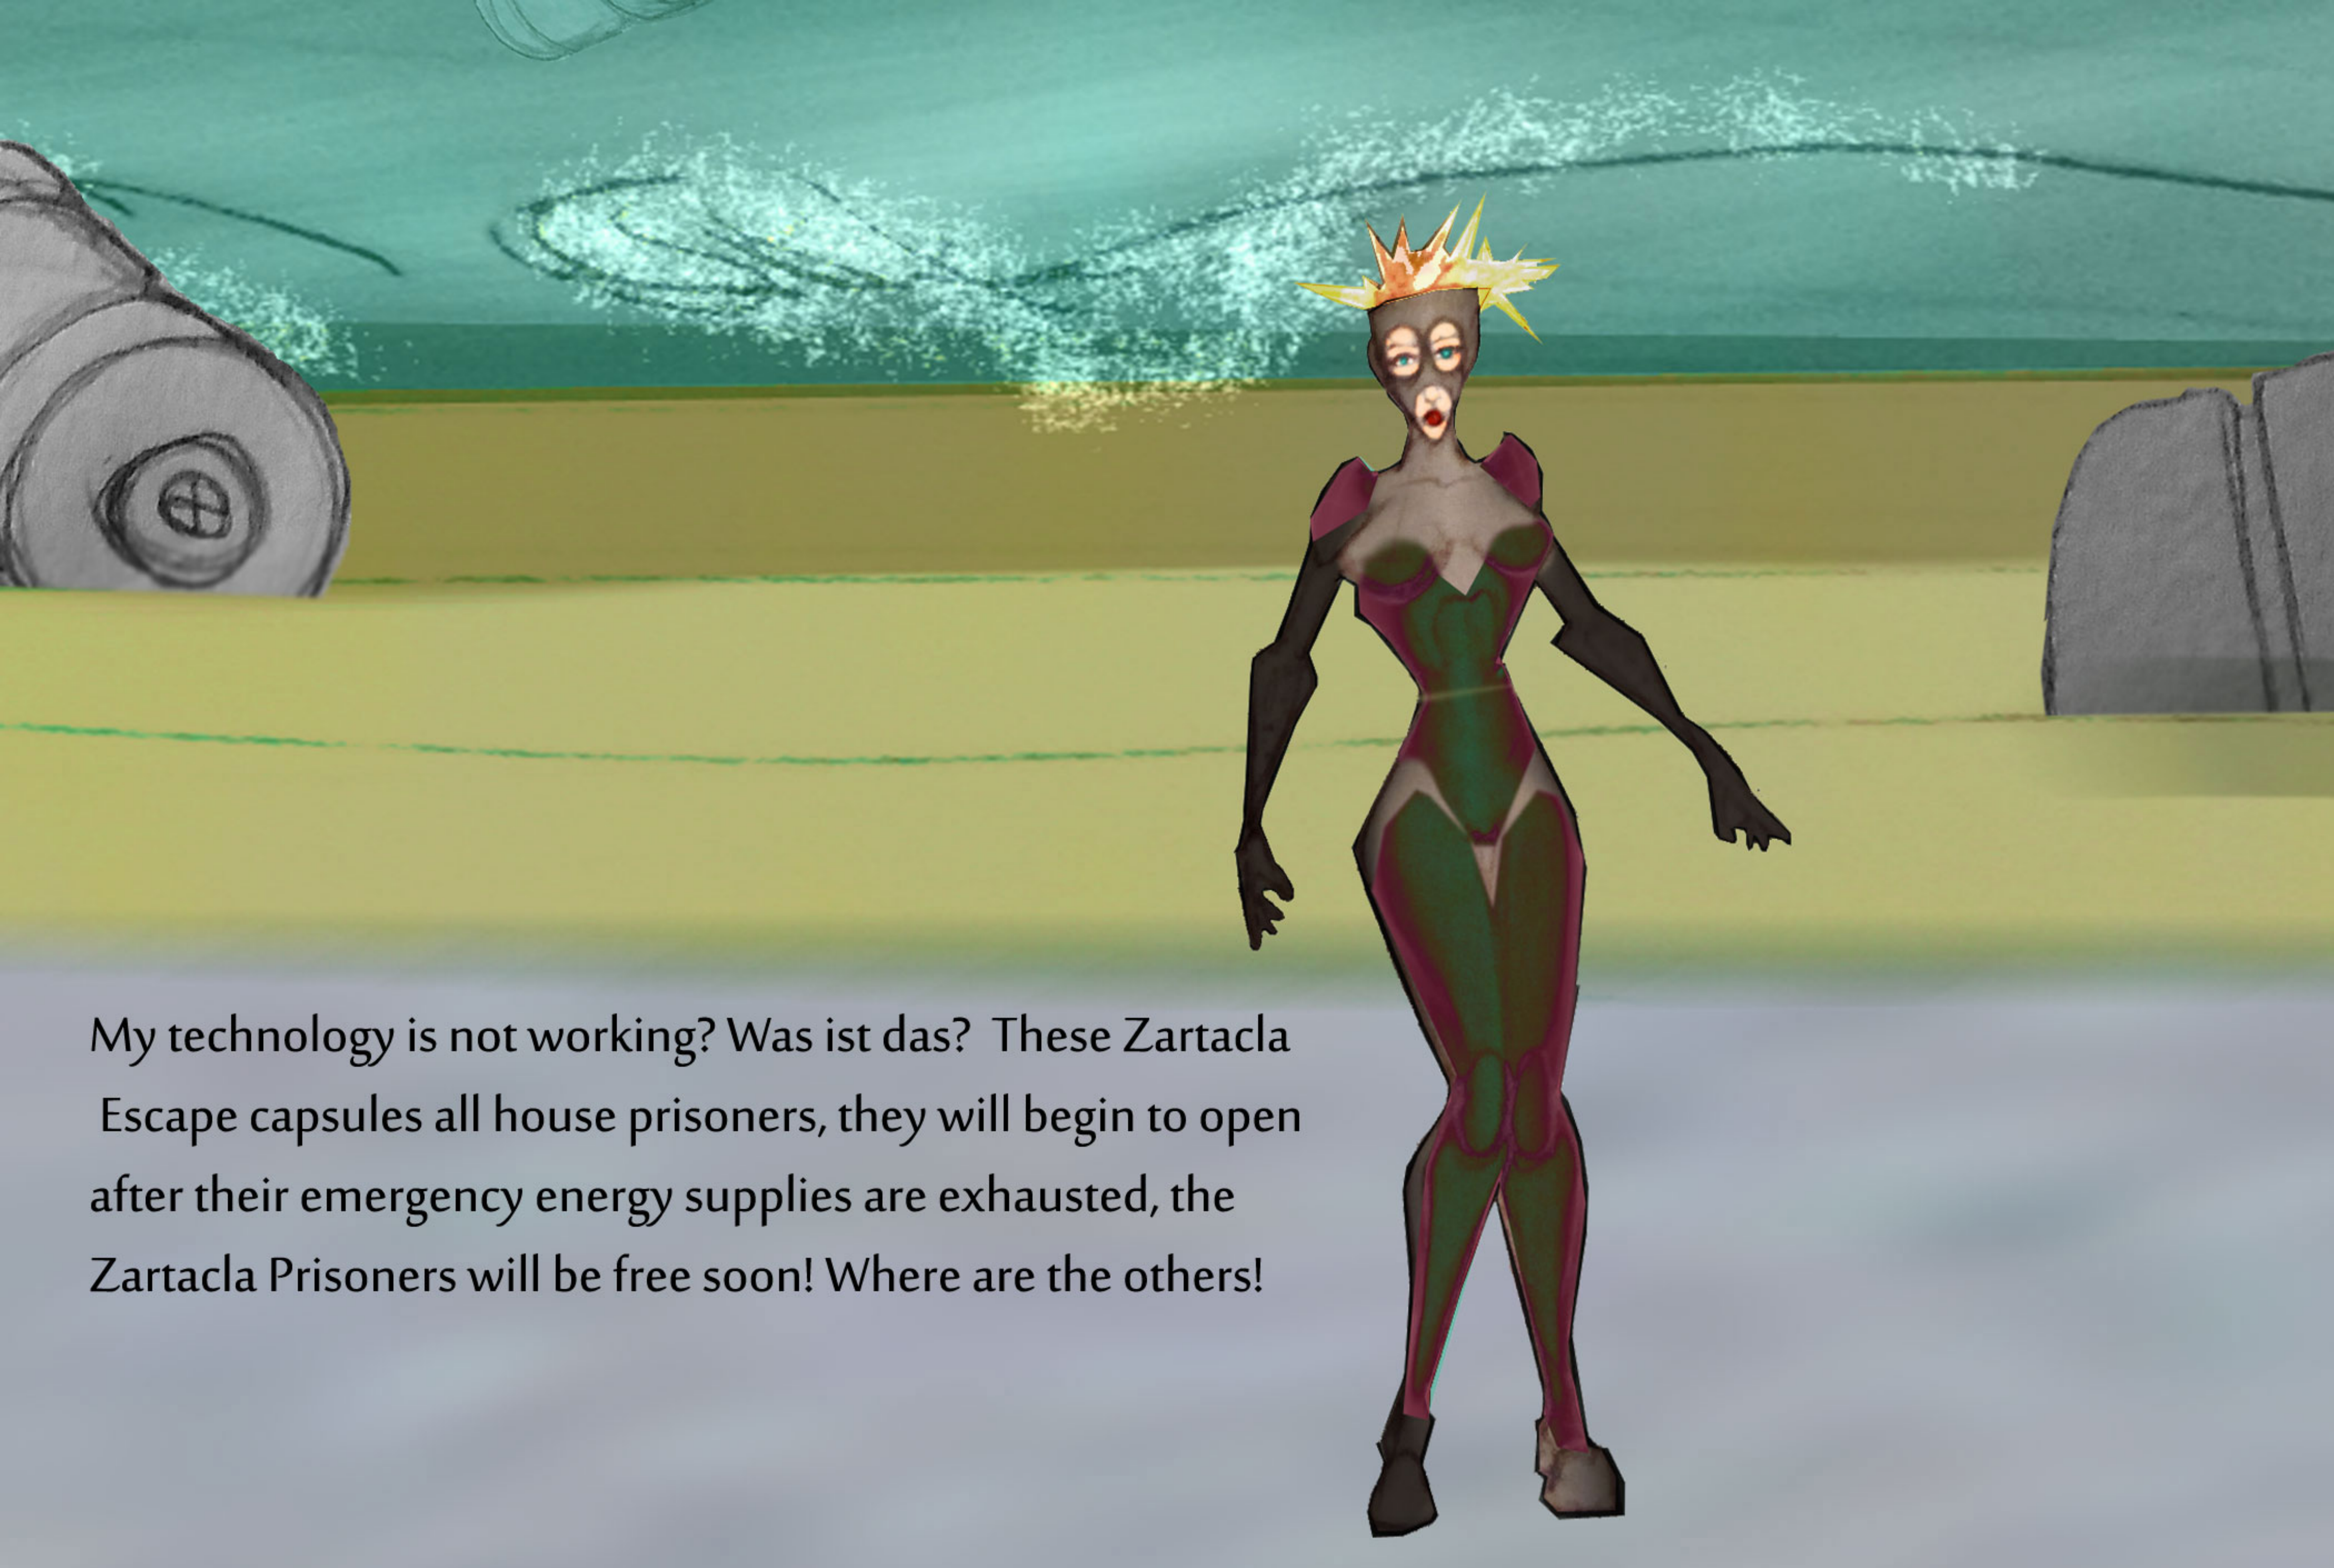

when

do

we

get

started?

My technology is not working? Was ist das? These Zartacla Escape capsules all house prisoners, they will begin to open after their emergency energy supplies are exhausted, the Zartacla Prisoners will be free soon! Where are the others!

Hello!

Can any one hear me?

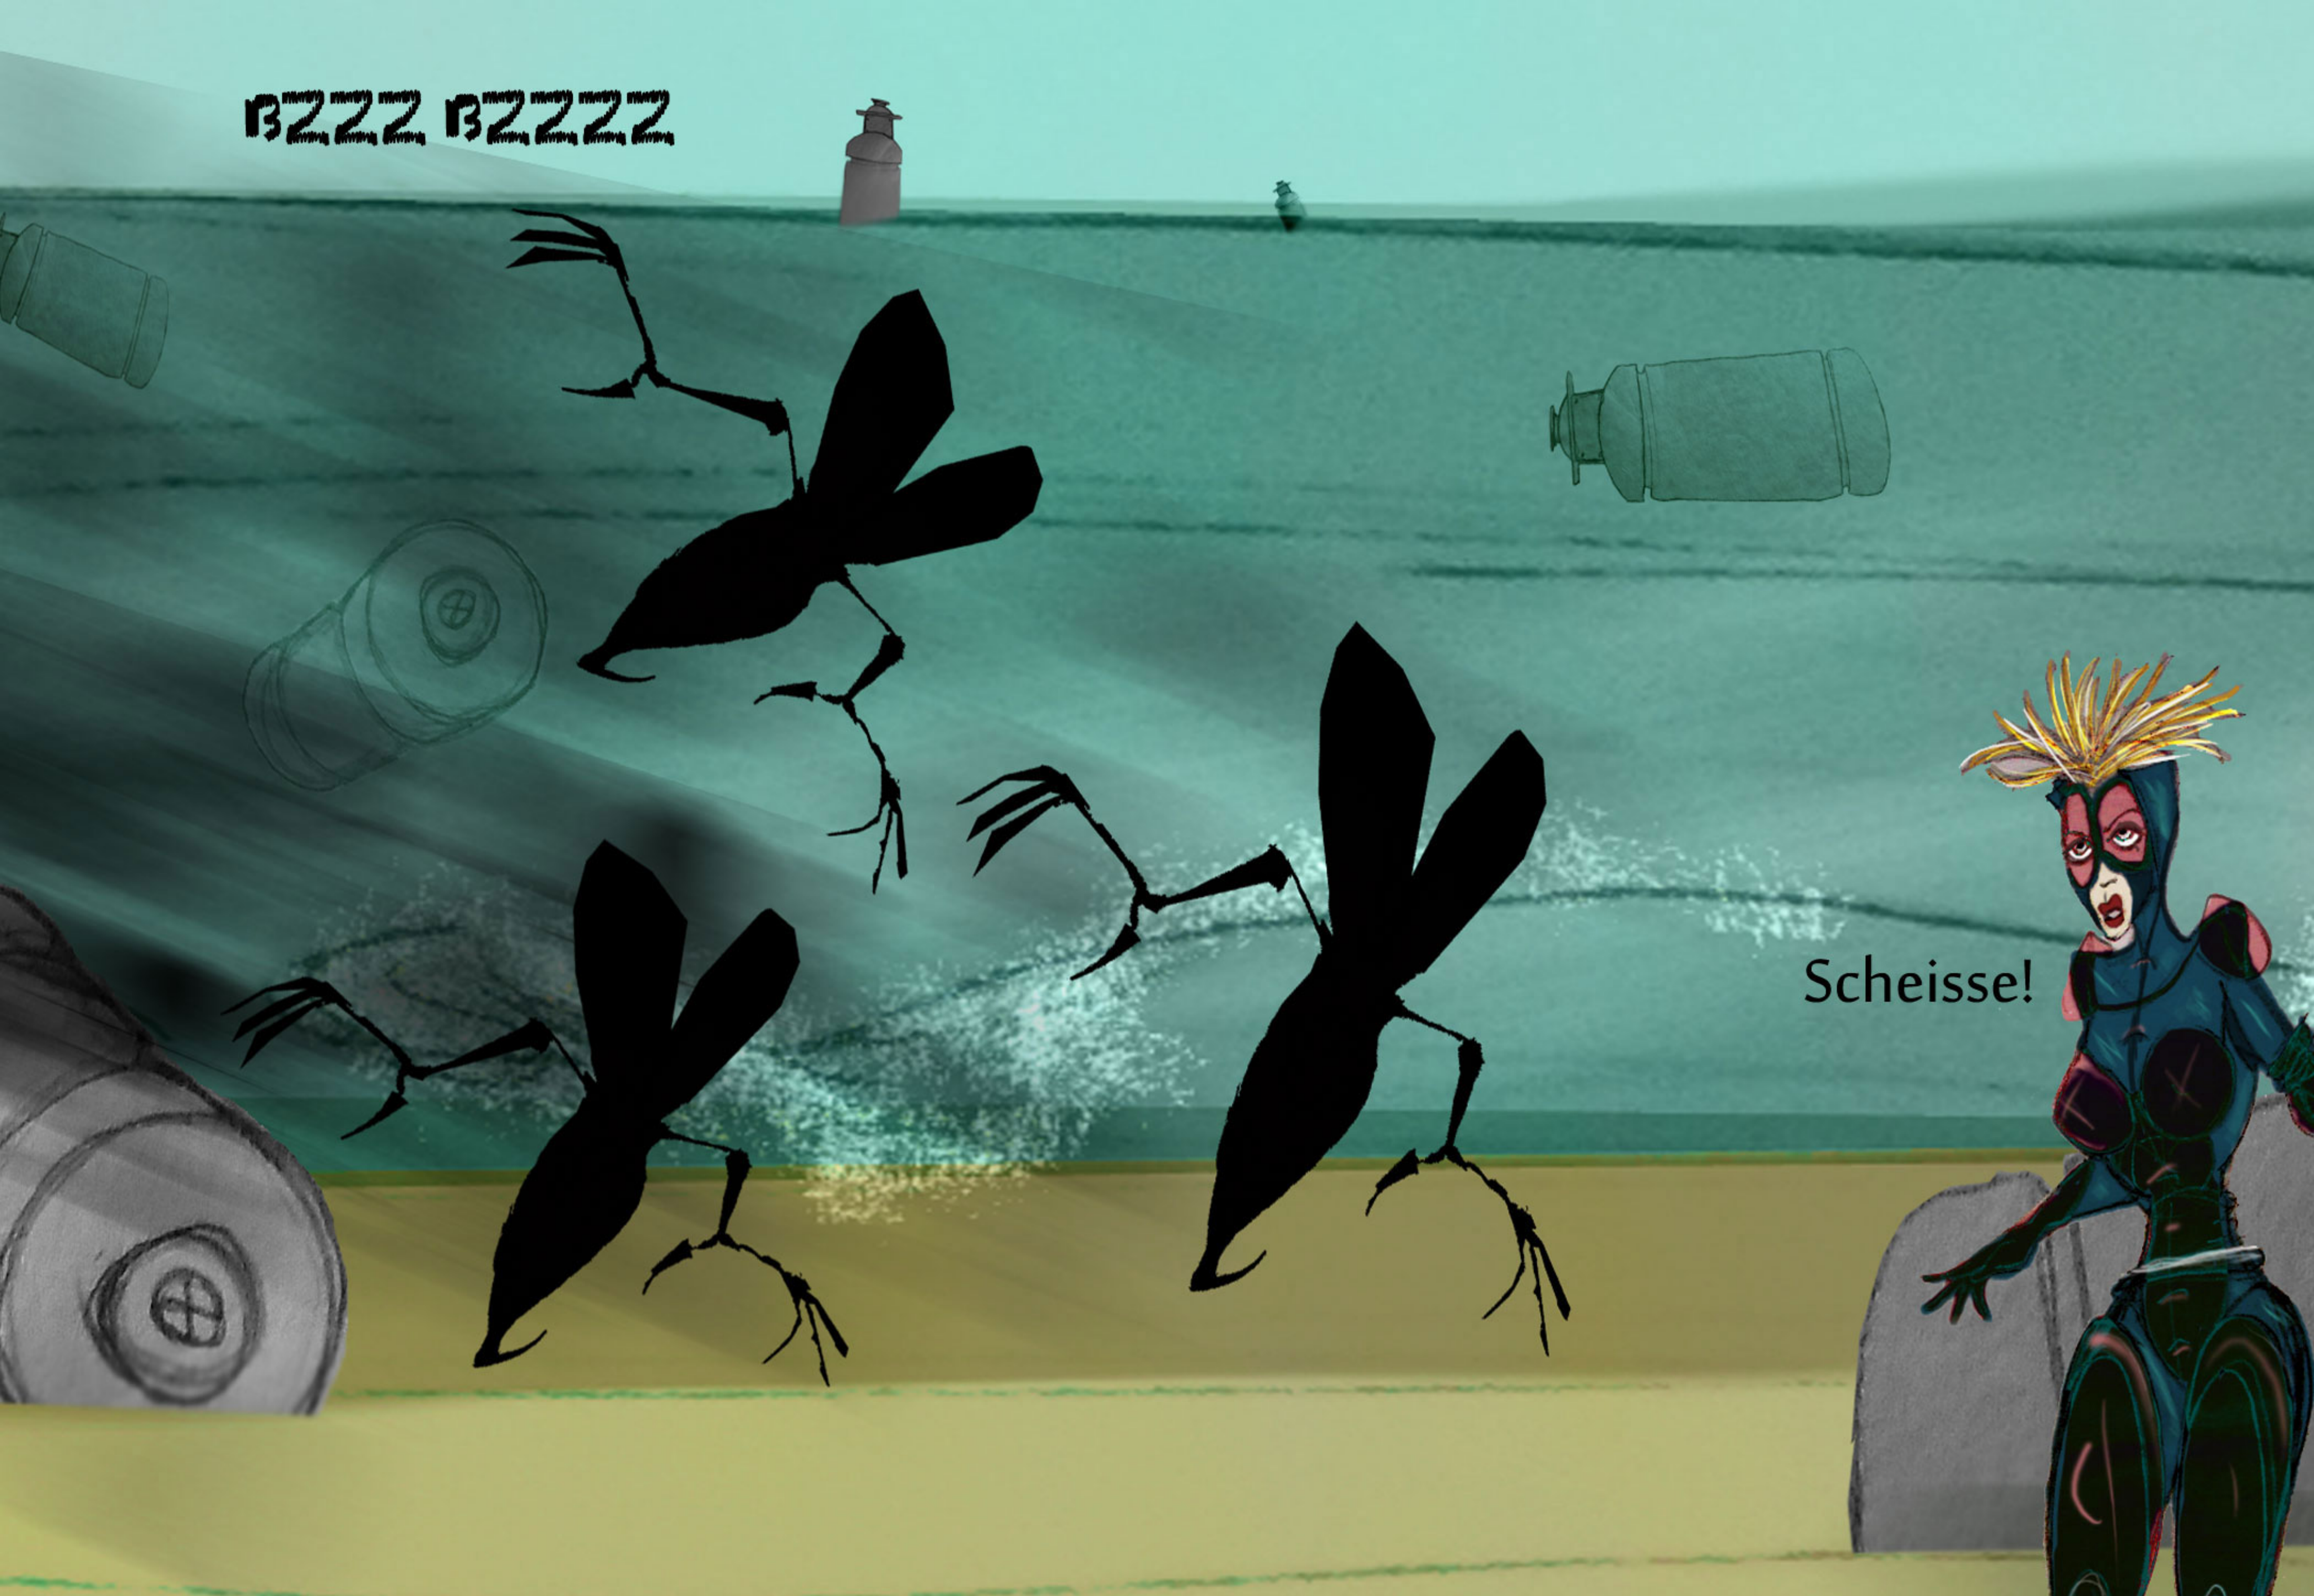

WE HEAR YOU  
FLESHLING  
YOU SOUND  
DELICIOUS

BZZZ BZZZZ

I never thought it would end like this.  
Alone on a beach? My friends lost and my  
technology...useless.

BZZZ BZZZZ

Scheisse!

AYE! LOOK AT THE SIZE OF DEM BUGS!

THAX, RUFFIAN DRUNKARD OF THE NAUTEE LASS APPEARS, HIS EXPERIMENTAL BUTTON HAS BROUGHT HIM TO THIS EXACT TIME AND PLACE AT THIS FORTUNATE MOMENT, FOR HOW LONG, NO ONE CAN SAY, HOPEFULLY LONG ENOUGH, FOR ENIGMA RIVERCROWS SAKE.

BIZAAP

AY YOU BUGZ, I GIVE YOU A GOOD STINGIN SEE HOW YINZ LIKE DAT!

DEMZ THE  
BIGGENZ!

OUT OF A MOMENT OF DESPERATION,  
THAX SLASHES DIRECTLY INTO THE BEACH  
HIVE OF THE INSECTOID MONSTROSITIES  
AND PRESSES THE BUTTON ON  
HIS ARM AT THE POINT OF CONTACT...

THIS CAUSES A FLUX IN THE SPACE, TIME AND DIMENSIONAL BOUNDARIES. THE ENERGY RELEASED BY THE EVENT REACHES A CRITICAL ZENITH...

IZ OK PRETTY ONE,  
DEM BUGZ IZ ALL GONE NOW.

# THE SAND CASTLE

CROSS WORLDS NEXUS TRAVEL AGENTS OF THE FUGITIVE FACTION DIVISION, LERO BOLAN AND ROXI ARE DISCUSSING CURRENT EVENTS IN WYZARDLUND WITH THEIR NEW HOSTS.

The Sleeping Army is made up of victims in a strange trance, mostly Men, they are lured to the sorceress by her song, then, their actions are no longer their own. The Sleeping Army can be thwarted by returning the Magic nullification device back into the tomb of the Singing Lady, and seal the tomb of the ancient sorceress spirit.

Yes, but why would the Sleeping Army raid the Zartacla Prison for the device if it is the one thing that could end their leaders reign? It was not even in this Realm, wouldn't it have been safer with us?

She wants to use the same weapon that kept her imprisoned to rule all of this Magic Realm.

That device belongs to the Cross Worlds Nexus now, it is being used to keep the Warlock, Winston Alldark from regenerating.

We know that your technology works in a small radius near the device.

To a limited degree it seems.

If you could take the device back to the tomb, she will be shut down and the sleeping army will be restored to consciousness.

I will not allow this.

Why the hell are we listening to this, we have to keep this device for very good reasons. Winston AllDark and his reign of terror is ended because of it.

Listen to me, all of you...  
I will take the Head  
of Winston AllDark and the Magic  
Nullification Device and  
seal them both inside the Tomb  
of the Sorceress.  
I'll go alone.  
I removed it from exile Isle  
and I will return  
the device there.

Because if I hang around here any longer,  
I swear I am going to die of boredom.  
Just...find the others, O.K.

Roxi will never complete her quest.

Yes, I am certain that she will not be getting very far.

Can you hear the music, Brother, isn't it lovely.

Yess, her song is like no other.

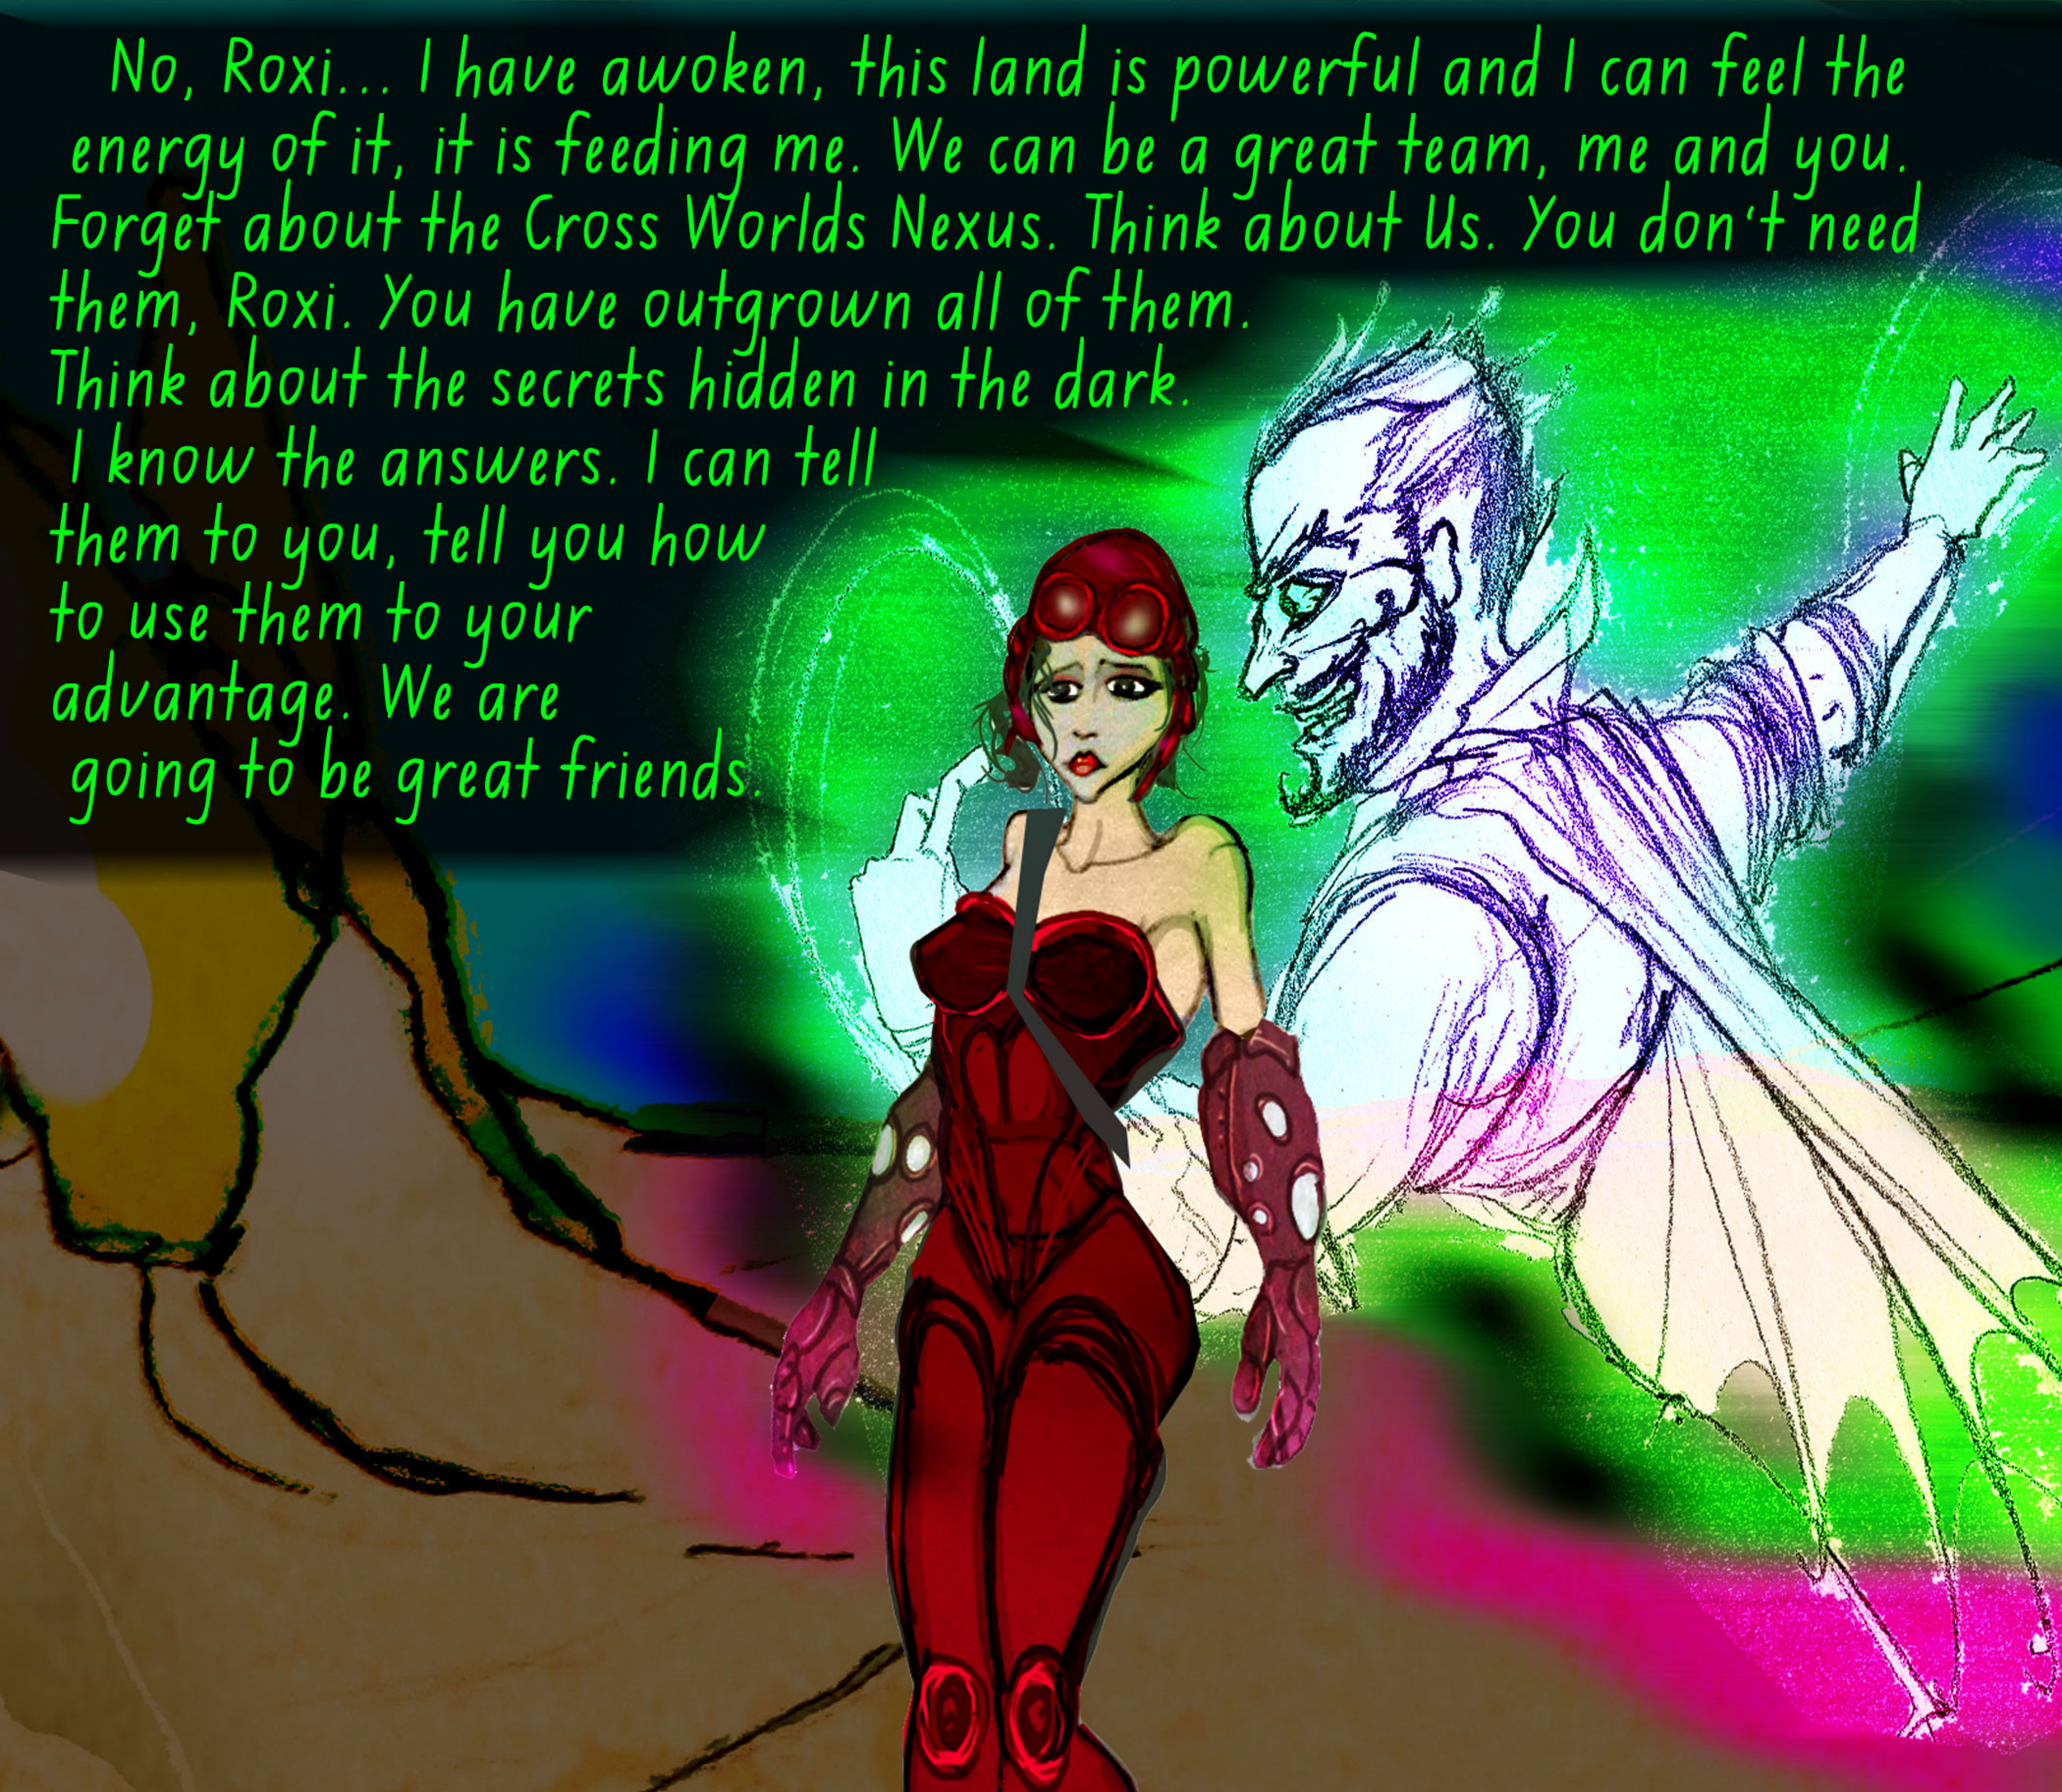

So, Here I am carrying the dead remains  
of a warlock and a Magic nullification device  
to a grave yard. The beach grows dark and cold  
the further I go, I feel as if there is  
something here with me.

Ugh, just one of those ugly sand dwellers.

No, Roxi... I have awoken, this land is powerful and I can feel the  
energy of it, it is feeding me. We can be a great team, me and you.  
Forget about the Cross Worlds Nexus. Think about Us. You don't need  
them, Roxi. You have outgrown all of them.  
Think about the secrets hidden in the dark.

I know the answers. I can tell  
them to you, tell you how  
to use them to your  
advantage. We are  
going to be great friends.

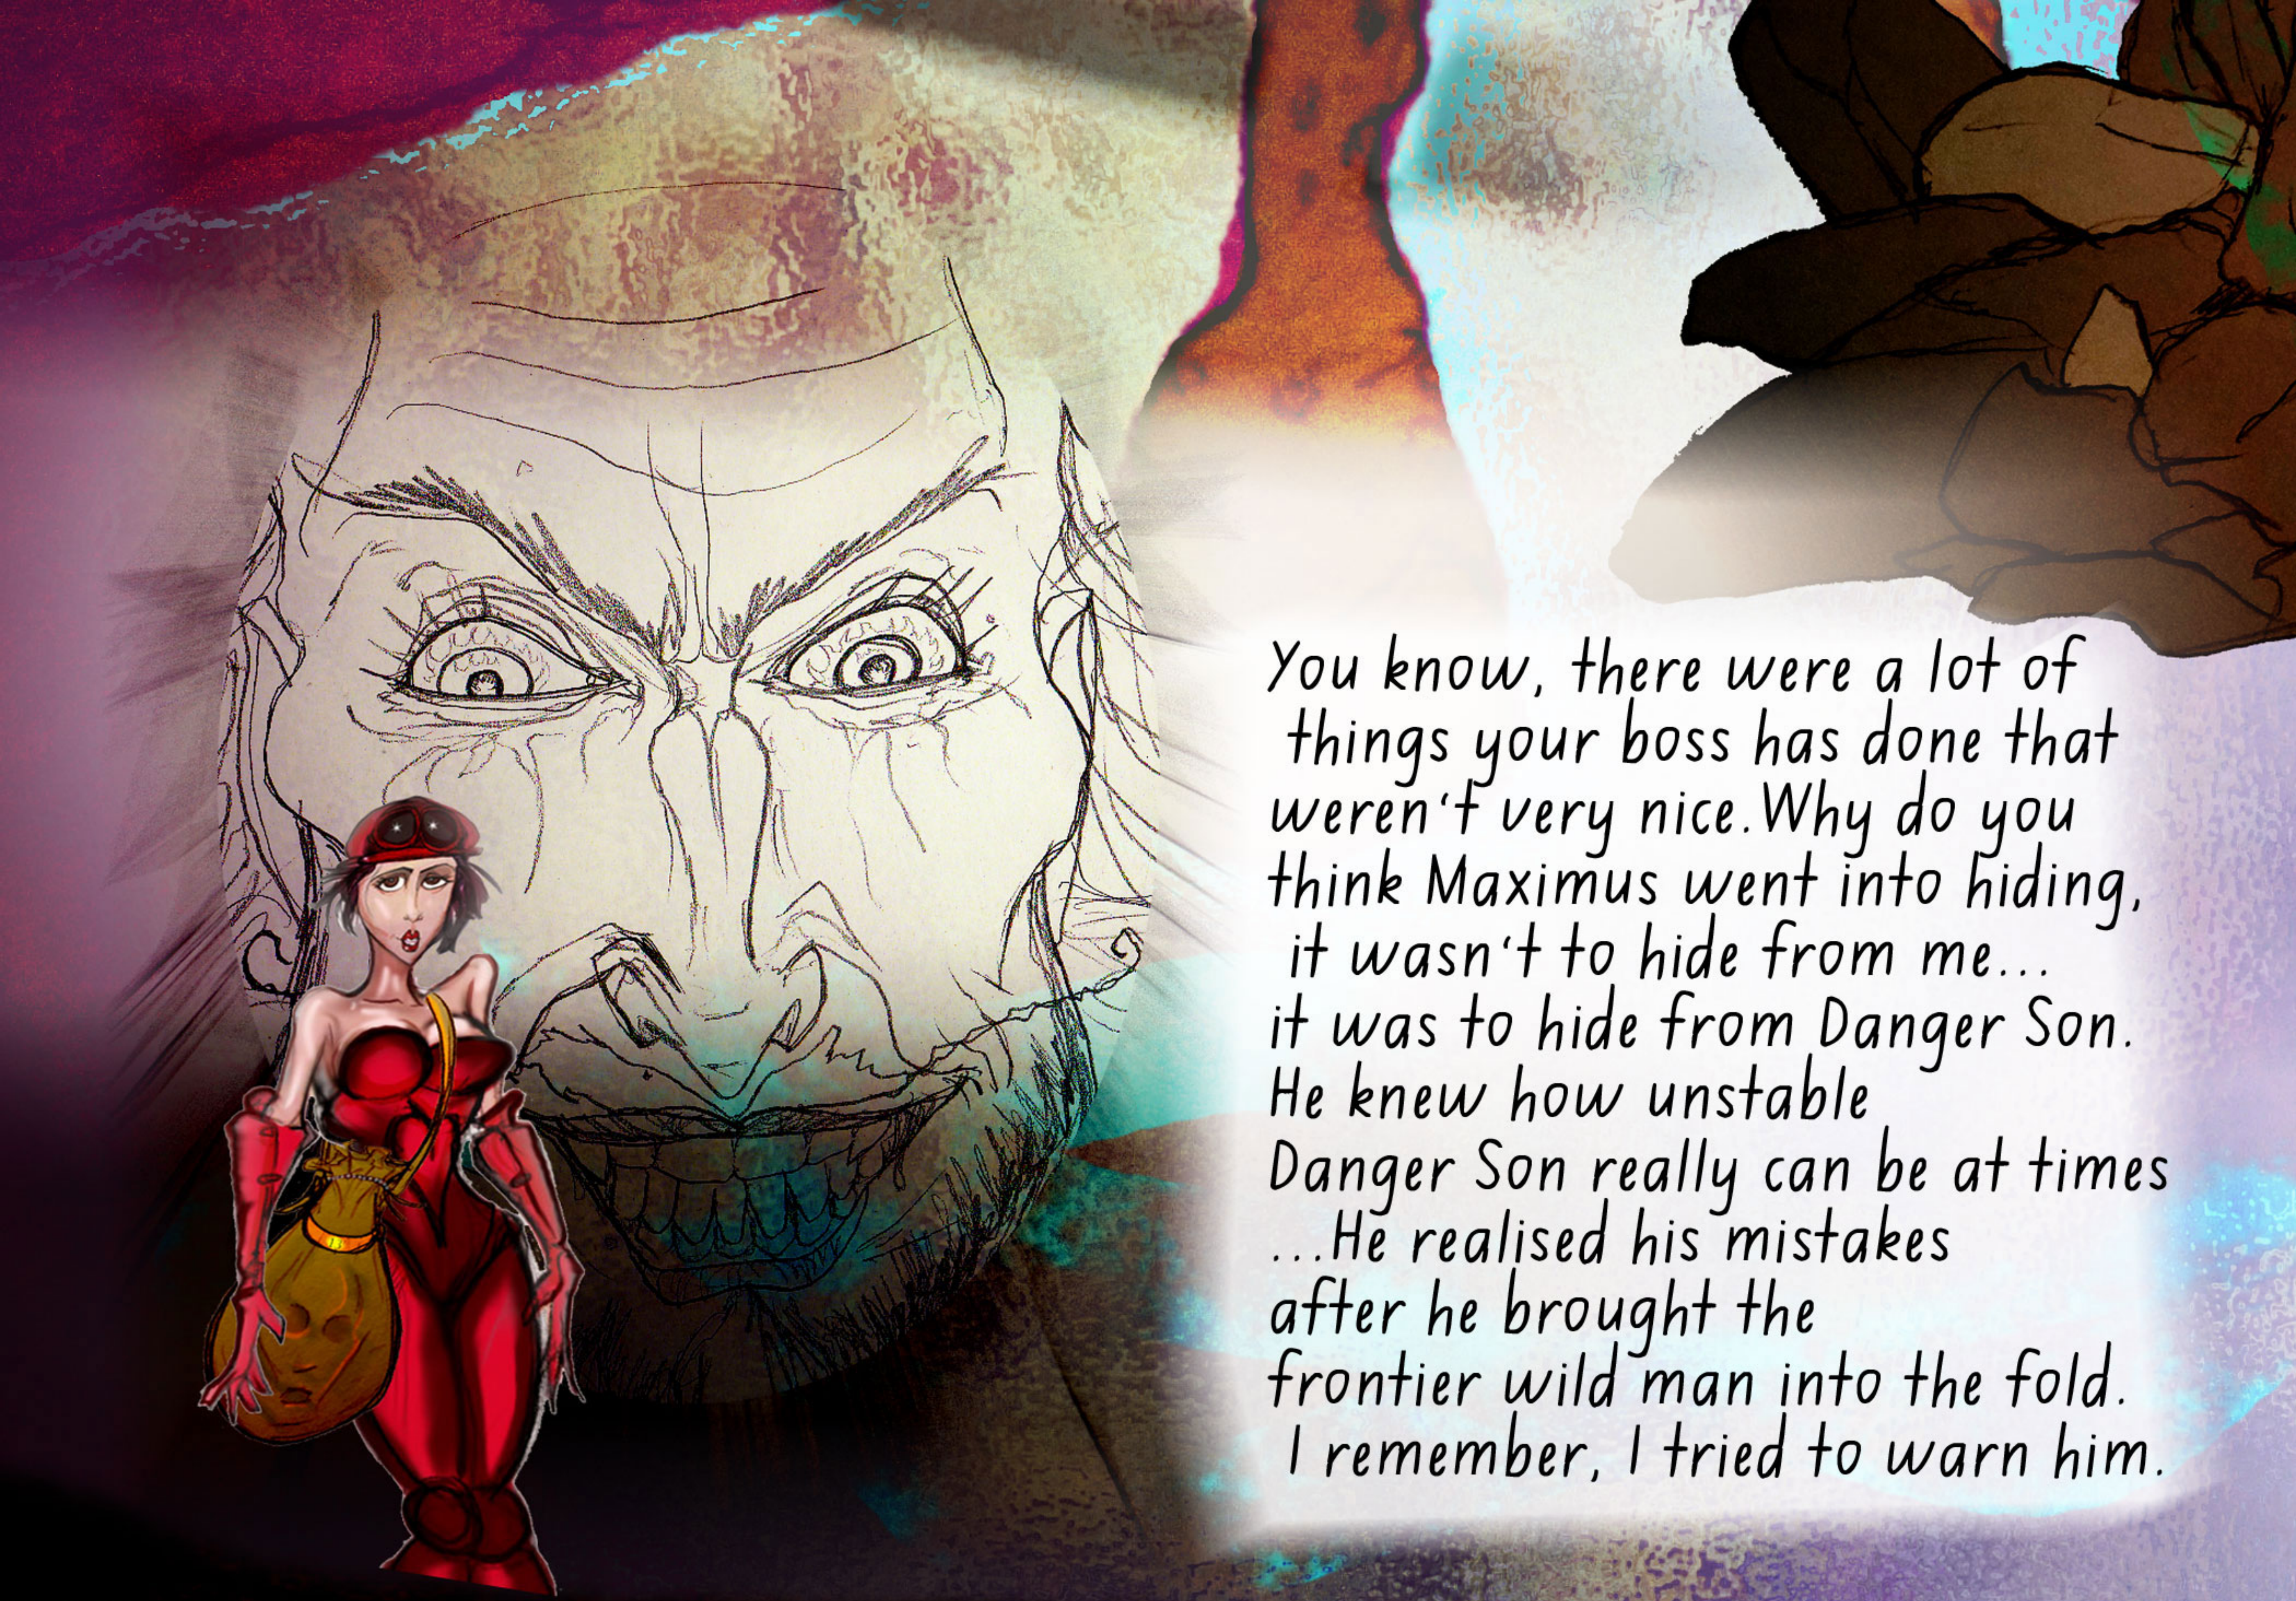

*NONE CAN STAND BEFORE  
THE COMING TIDE OF OUR ARMY.*

**I am the Champion of  
Liberty alone and now  
your Reign will End!**

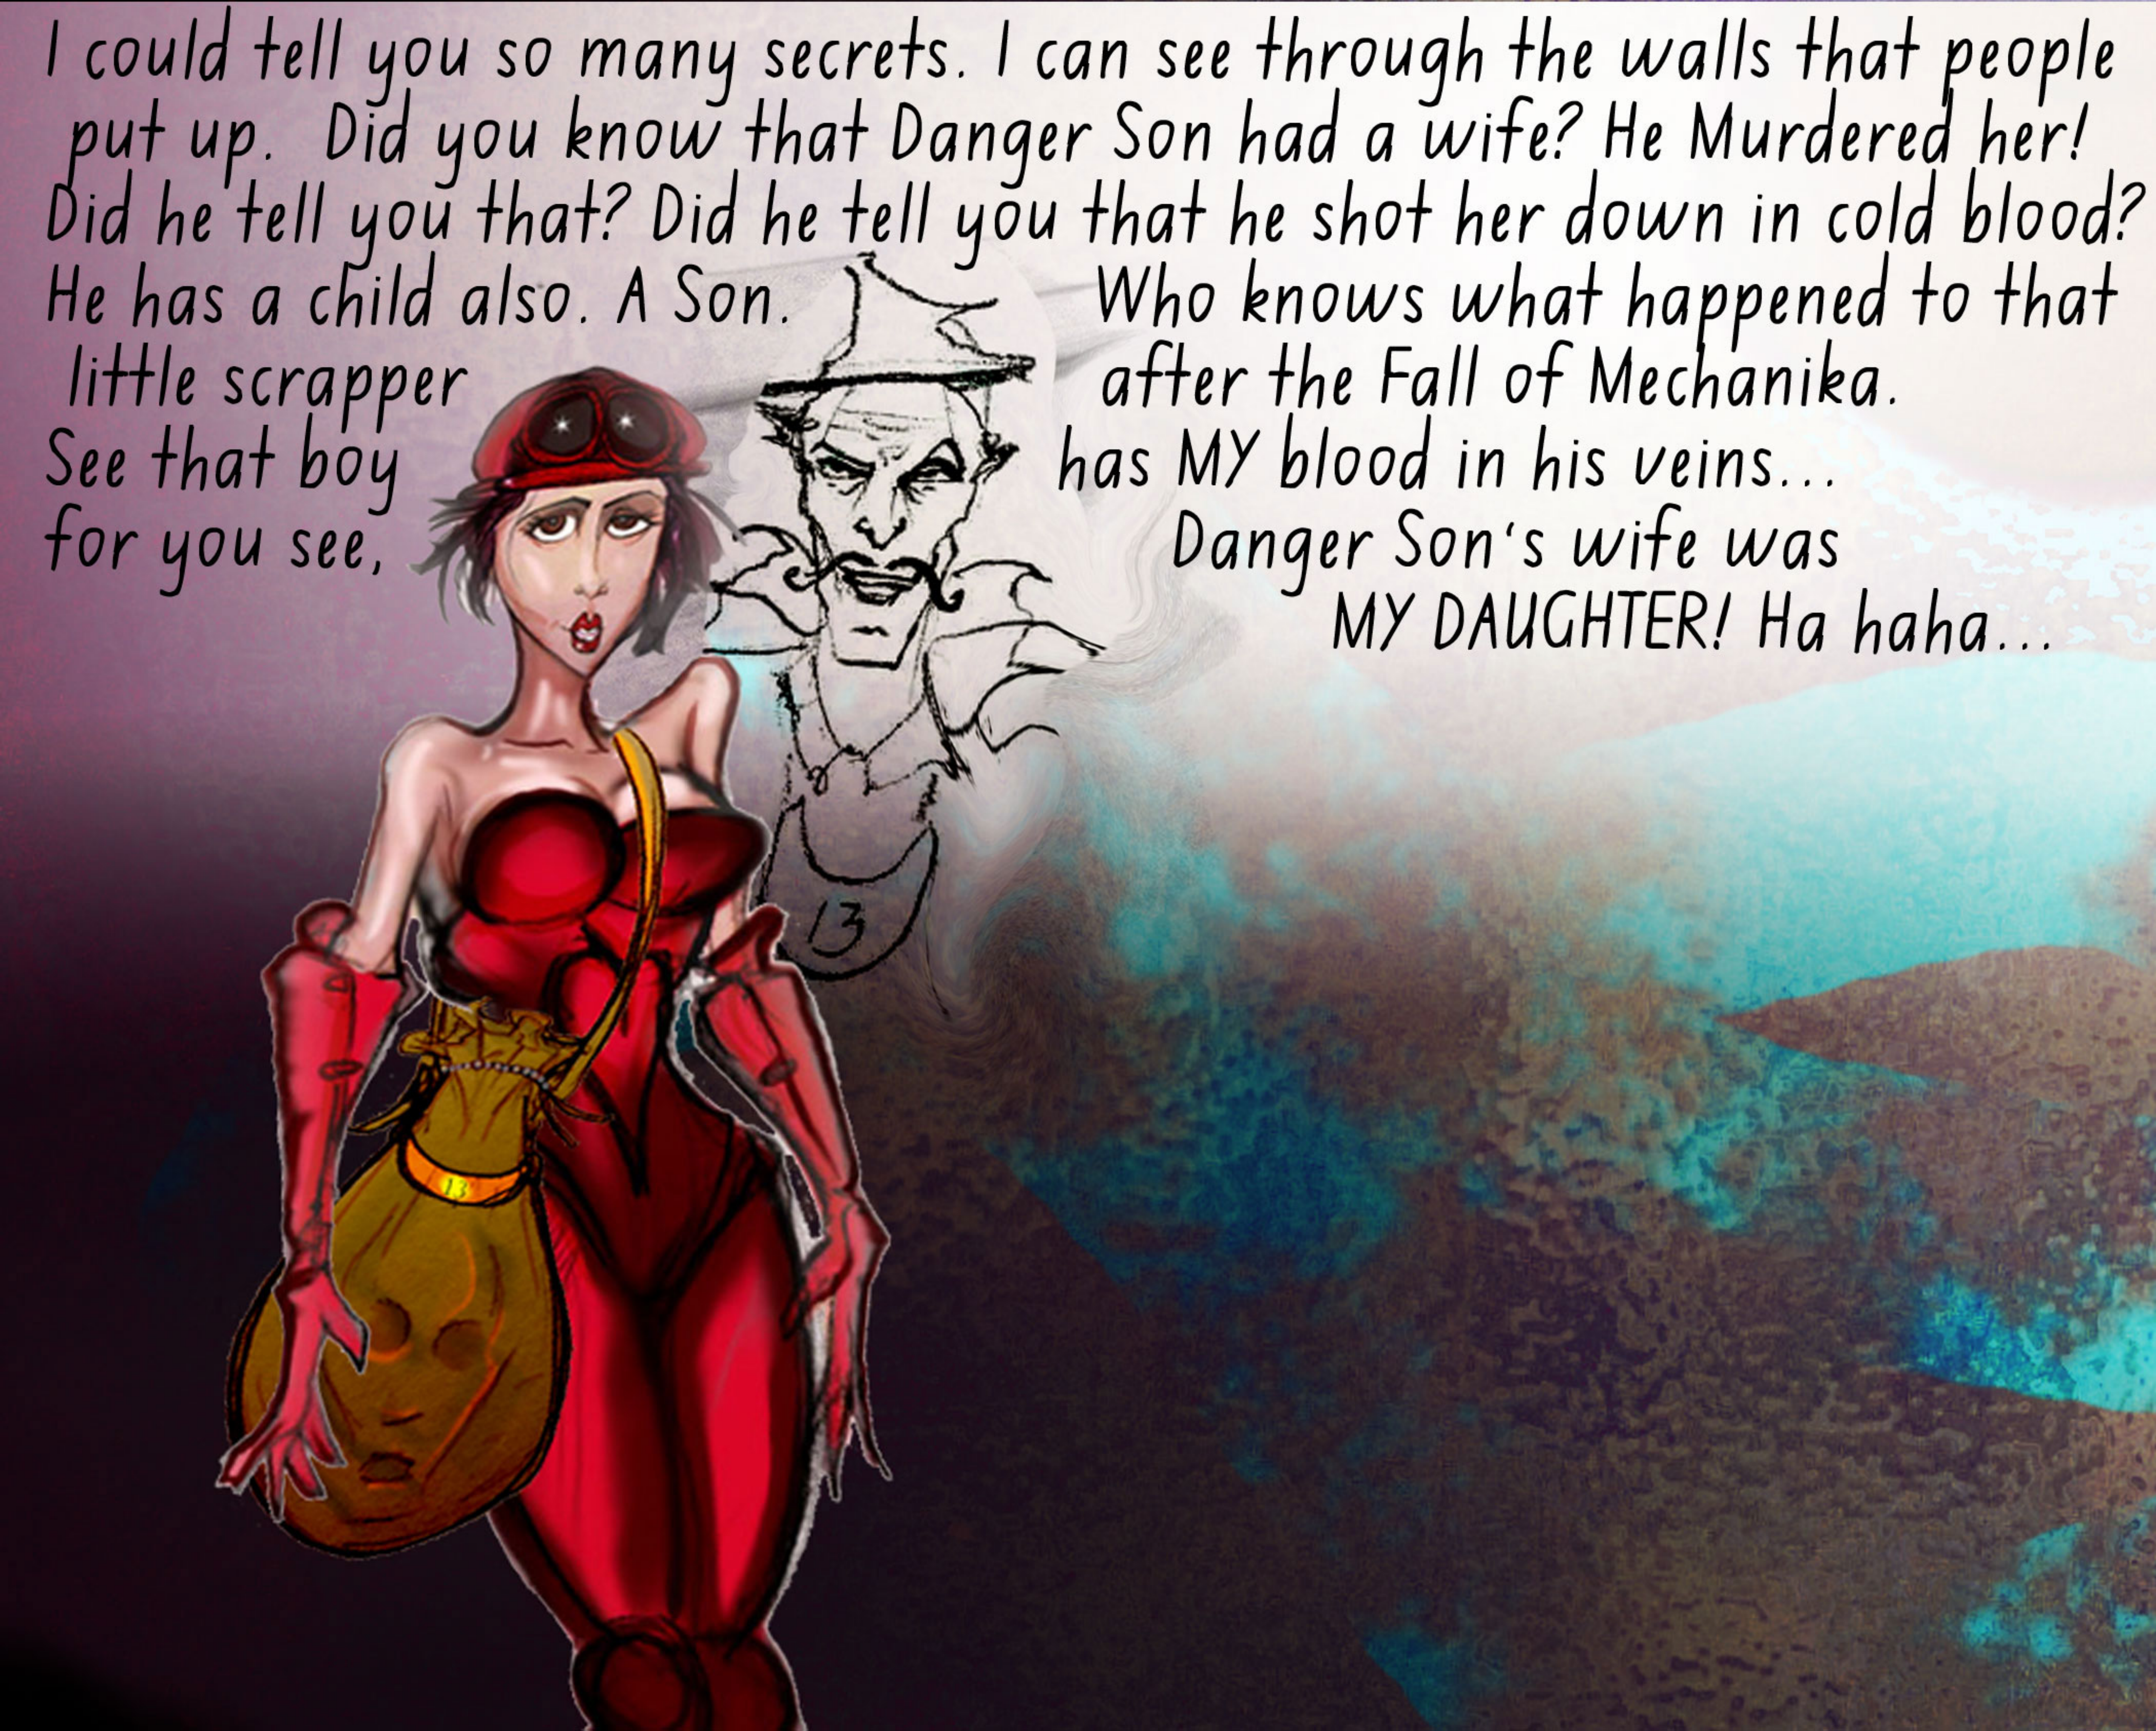

You know, there were a lot of things your boss has done that weren't very nice. Why do you think Maximus went into hiding, it wasn't to hide from me... it was to hide from Danger Son. He knew how unstable Danger Son really can be at times ...He realised his mistakes after he brought the frontier wild man into the fold. I remember, I tried to warn him.

I could tell you so many secrets. I can see through the walls that people put up. Did you know that Danger Son had a wife? He Murdered her! Did he tell you that? Did he tell you that he shot her down in cold blood? He has a child also. A Son.

little scrapper  
See that boy  
for you see,

Who knows what happened to that after the Fall of Mechanika. has MY blood in his veins... Danger Son's wife was MY DAUGHTER! Ha haha...

No! You didn't know  
Any of this.  
Of course you  
didn't. You are only  
told enough to  
get the mission done.  
Regarding the  
Queen of Mechanika..  
.Let me inform you  
that I gave her the  
power to rule an  
entire realm.  
She wanted to be  
the Queen.  
I granted her that wish.

Maximus is a greater manipulator than you could ever realize.

He has all of  
you doing  
his dirty  
work.

He has you convinced  
that you are the  
heroes...  
when in fact, you  
are only pawns!  
Tools!

**ALL...All...have fallen...by my hands...**

**With the power of the Nexus Danger Suit, I shift the speed of my suit,  
I phase right through the herd of unfortunated bastards.  
They fall like cut timber.**

YOU HAVE PASSED THE TEST,  
MY CHAMPION..  
ALL OF THESE  
OTHERS..  
THEY WERE ONLY IN  
THE WAY. I SEE THE  
DEATH OF THESE  
MEN AS YOUR GIFT  
TO ME!

HAHAHAH!  
I HAVE RULED  
OVER THIS  
LAND SINCE  
BEFORE YOU WERE A  
TWINKLE IN YOUR  
FATHERS EYE.

**Your Reign of destruction ends this day!**

I AM  
EVERYWHERE  
AND NOWHERE,  
DANGER SON  
...MY CHAMPION..  
NOW, LISTEN  
TO MY SONG.

**Where  
are  
you!?**

I hear your song! Can't ...think...everything blurry...  
not real...not...not real...this is a dream?  
Can't focus.

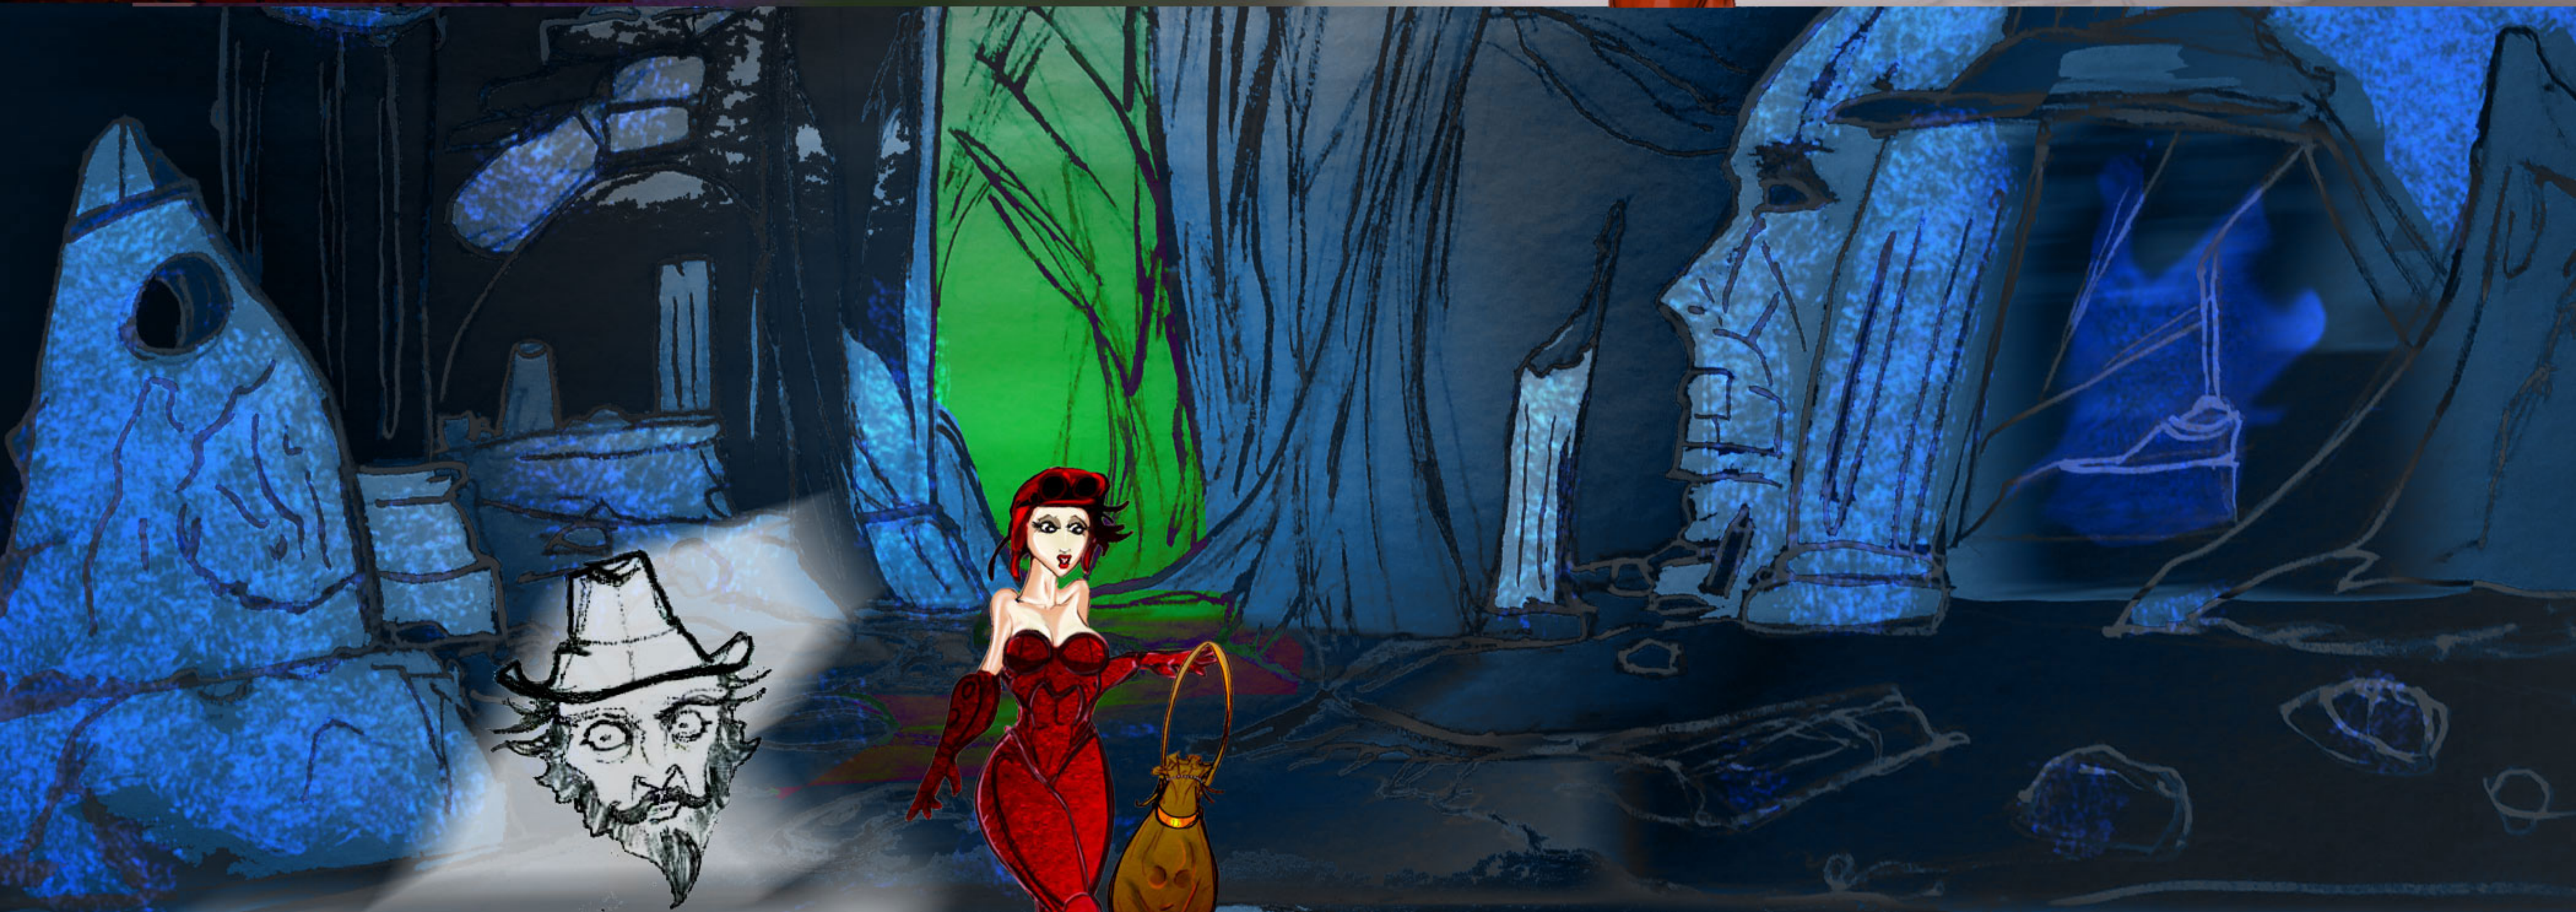

OOO AHH OOO AHH  
COME A LITTLE CLOSER  
...CLOSER TO ME...  
OOO AHH OOO AHH  
COME A LITTLE CLOSER...  
CLOSER TO ME...  
OOO AHH OOO AHH  
COME A LITTLE CLOSER...  
CLOSER TO ME...

...must...  
serve  
the  
sorceress.

YESSES.

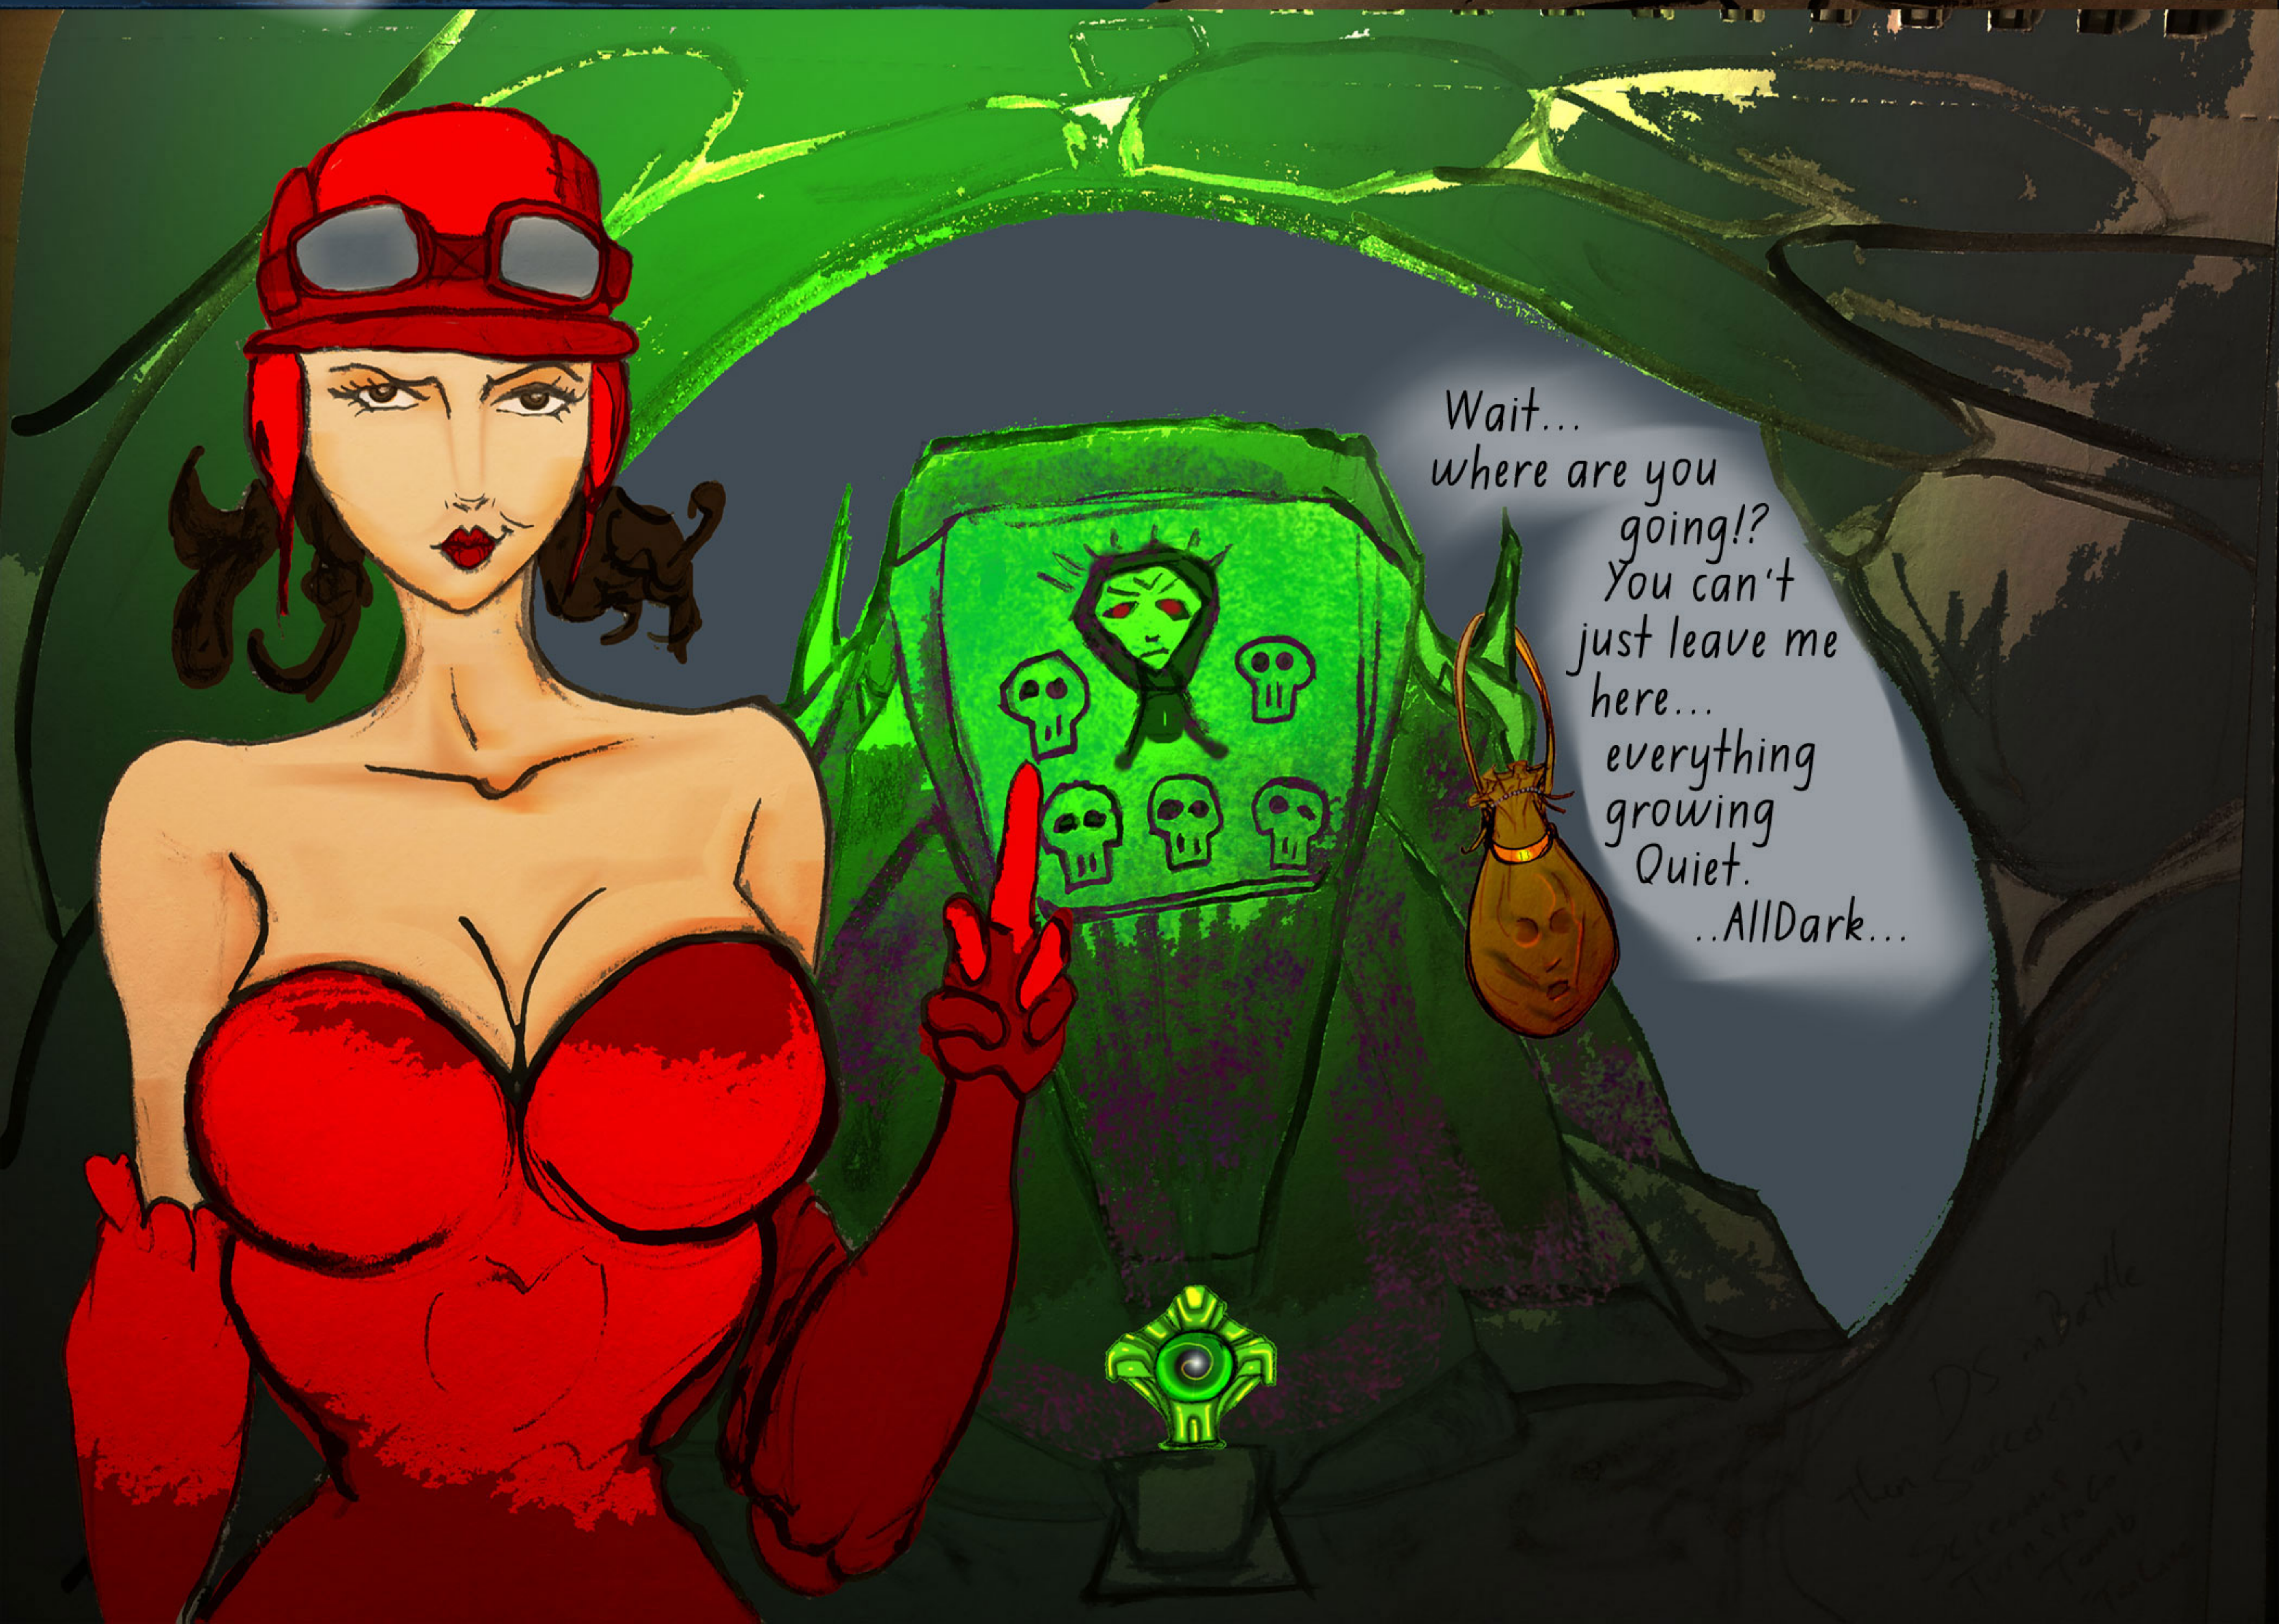

I can give you the power to grasp the truth from the shadow of lies. Maximus stays in the safety of his solitude while all of you dance to his drum beat. You could be ten times the leader that Maximus and Danger are put together. Roxy, This is your time to step up into the spotlight and take command of the stage. You could undo so many wrongs.

Yes Roxi, here at the Tomb of the Singing Sorceress... you can take her power and with me as your guide we will be unstoppable.

Wait... where are you going!? You can't just leave me here... everything growing Quiet. ..AllDark...

NOW, WITH THE UNSTOPPABLE POWER OF THE NEXUS DANGER SUIT, I WILL HAVE DOMINION OVER THE PHYSICAL AND SPIRITUAL REALMS! I DON'T NEED AN ARMY, ALL SOULS WILL BOW TO MY REIGN.

-Calling all Units-

WAIT!  
...WHAT IS  
THIS?!

-Calling all Units-

What is that sound...  
so far away...  
Roxi!  
So good to hear  
your voice!

THE MAGICAL NULLIFICATION  
DEVICE! SOME ONE HAS DARED TO  
REPLACE IT IN MY TOMB!  
IMPOSSIBLE! MY ARMY HAS THE  
DEVICE! NO! NOOOOOOOOOO...

The deed is done,  
AllDark and the Sorceress are  
shut down for good.  
Our equipment is back online.

Good...OK, Team, let's clean  
this mess up and go Home.

the END.

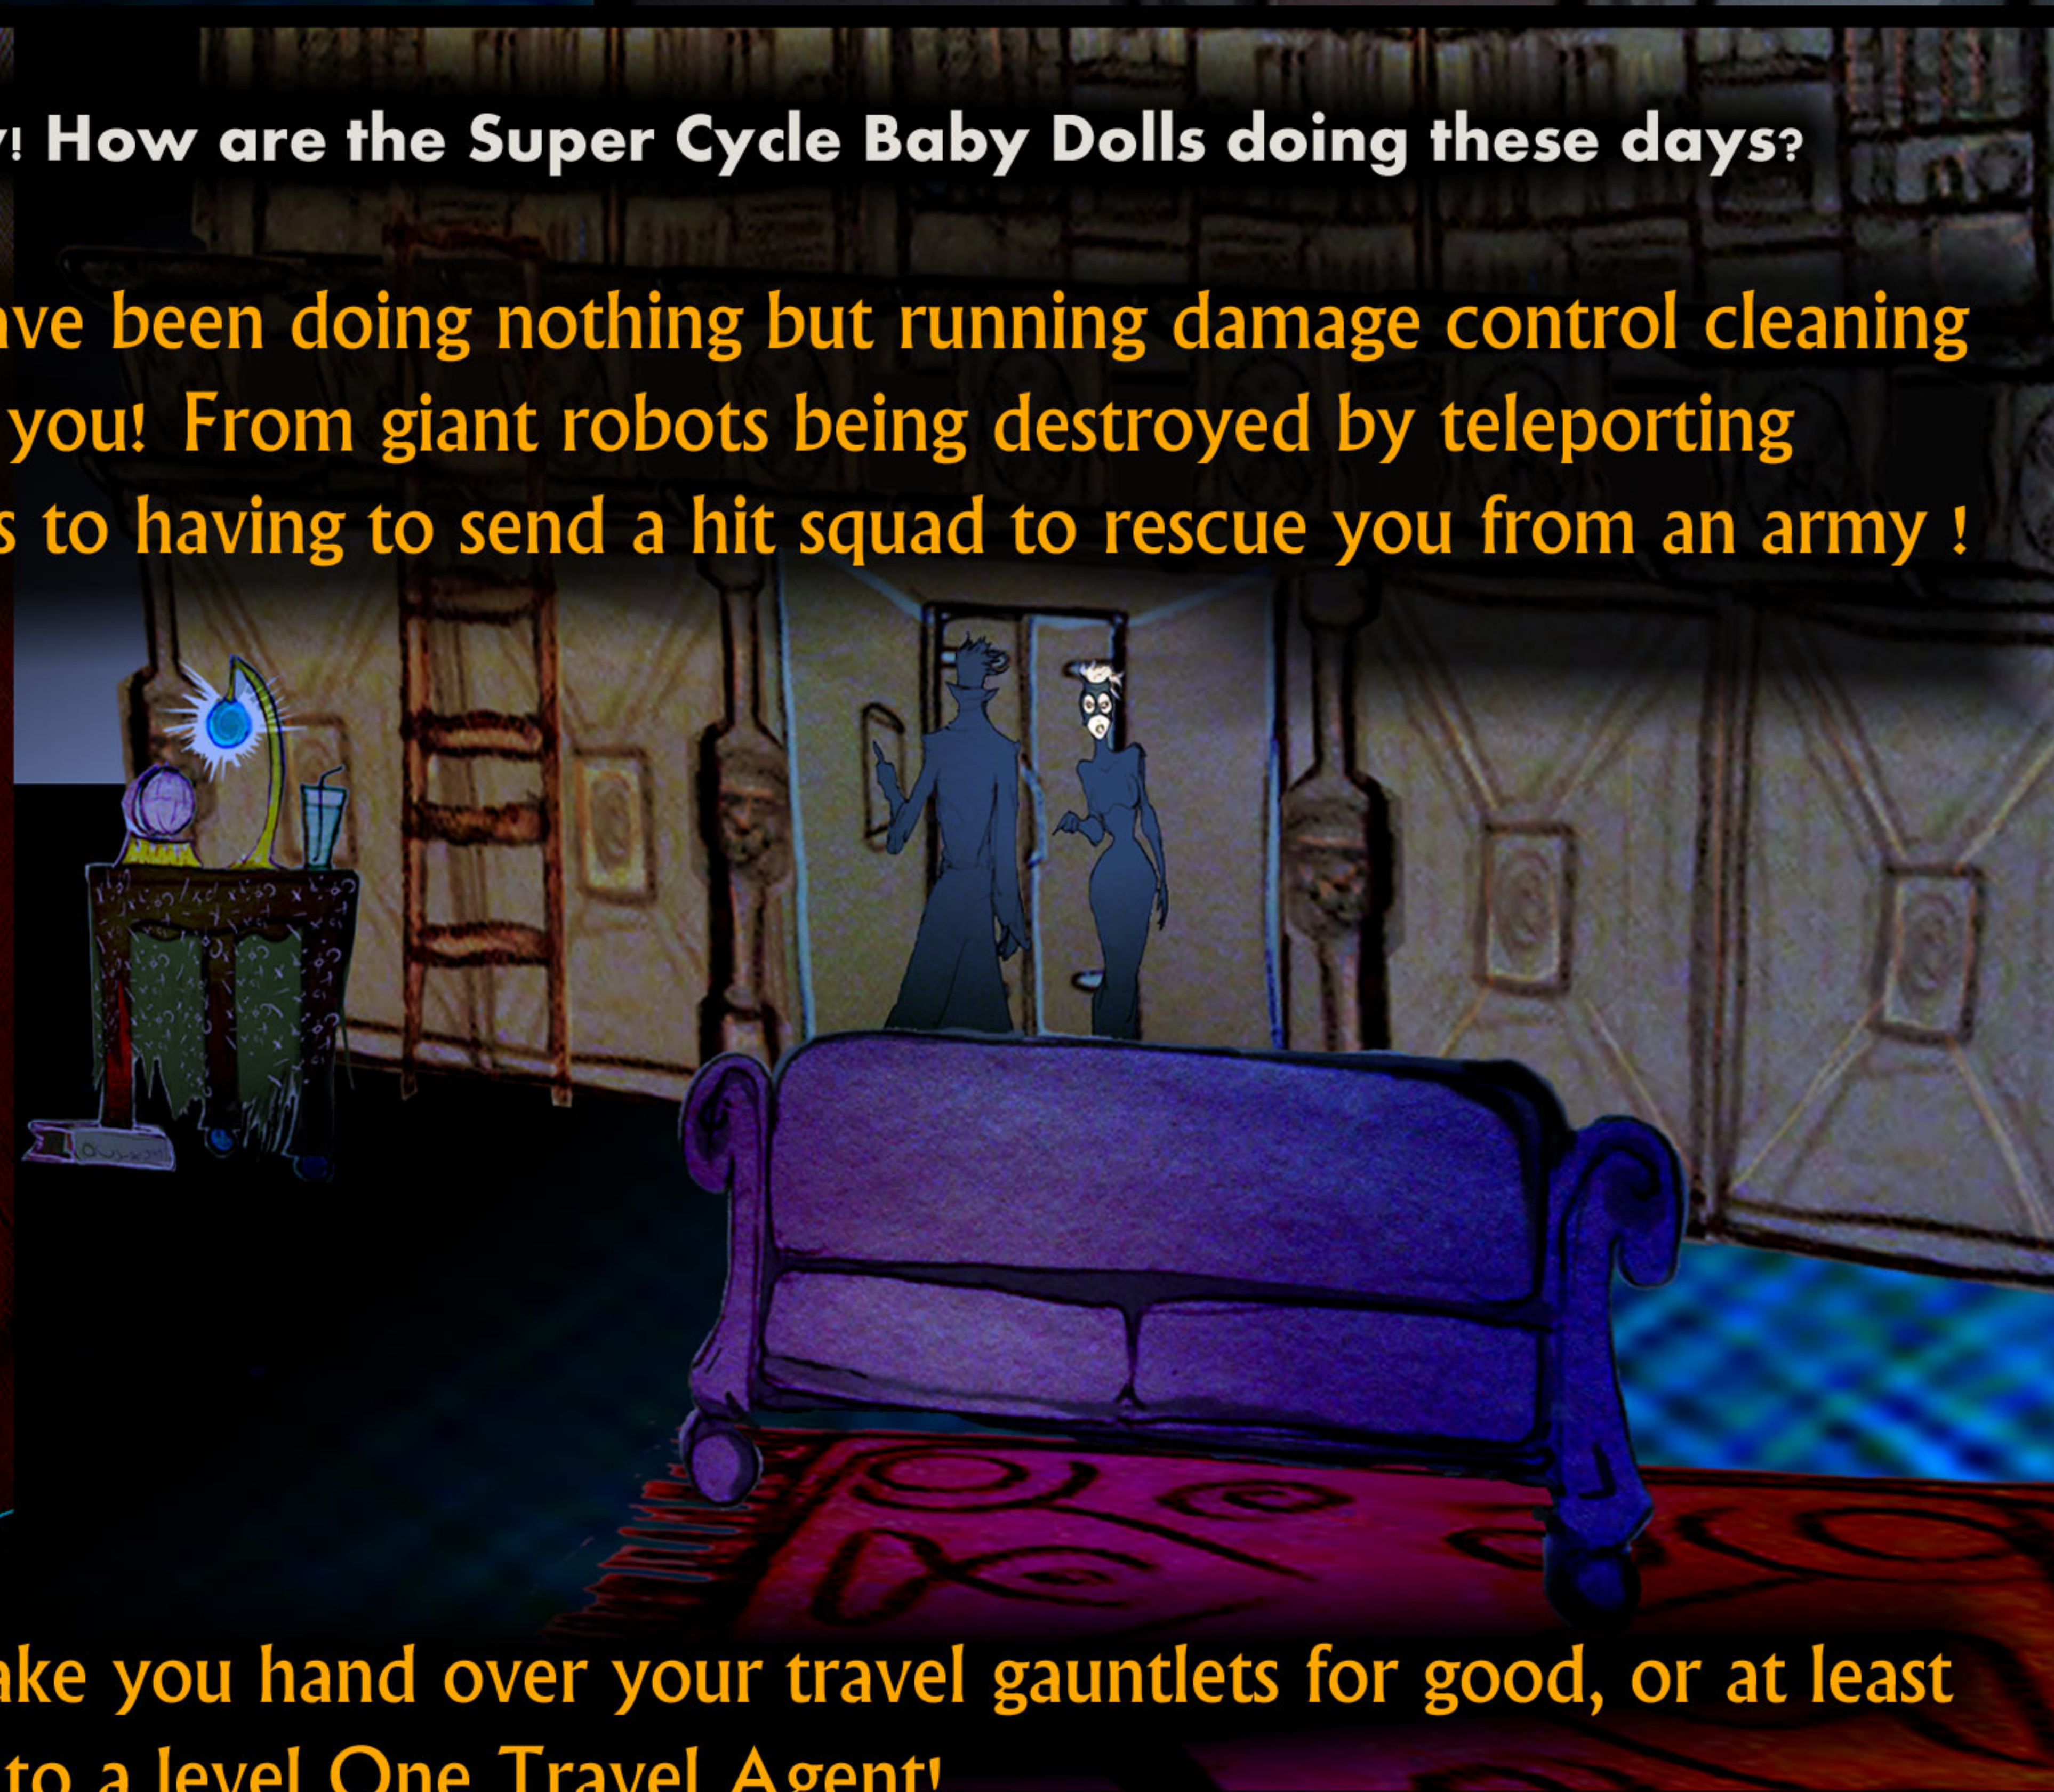

Finally, peace and quiet, maybe now I can  
get around to reading  
all of these books that line the shelves...

**Bing bong**

...some one is at  
the door.  
A guest?

**Enigma Rivercrow! How are the Super Cycle Baby Dolls doing these days?**

You! I have been doing nothing but running damage control cleaning  
up after you! From giant robots being destroyed by teleporting  
monsters to having to send a hit squad to rescue you from an army !

I would like to make you hand over your travel gauntlets for good, or at least  
bump you down to a level One Travel Agent!

**...but you aren't authorized to do that...  
so, to what reason do I owe the  
honor of welcoming you to  
my home?**

**No, You are correct. I  
am doing something  
even better.  
You have been  
reassigned.**

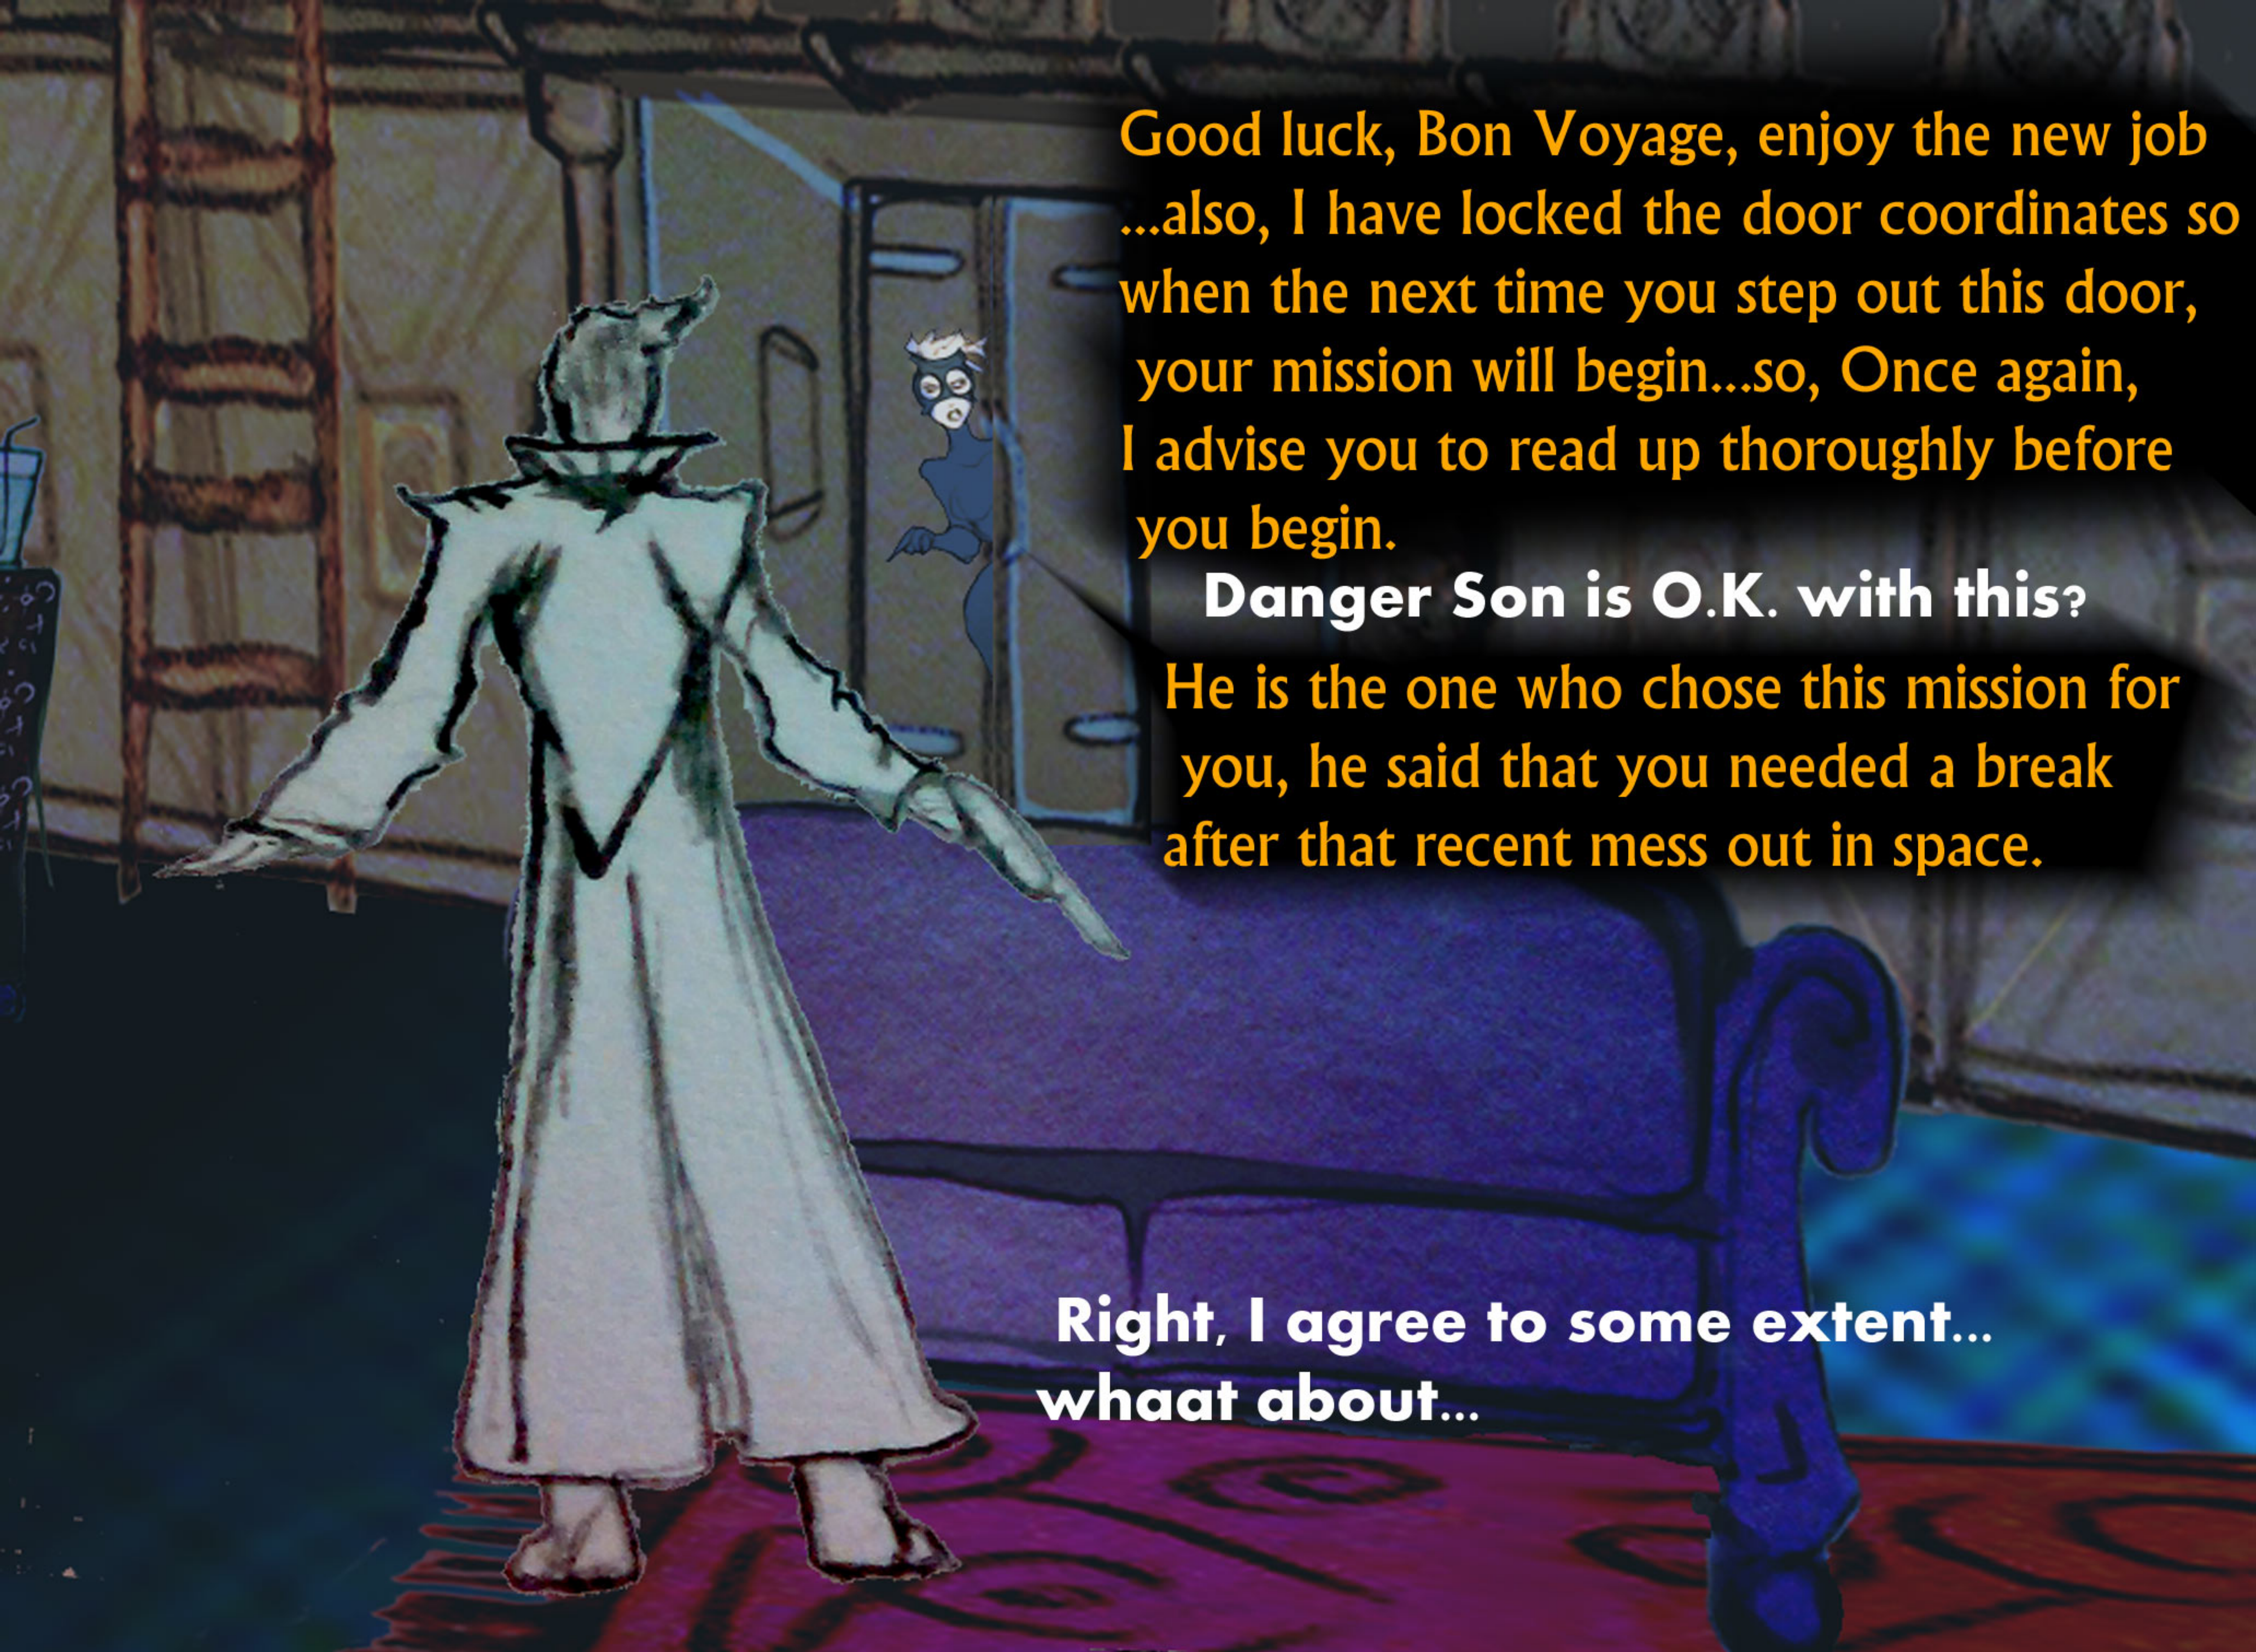

**This 1,366 page handbook outlines your new mission. I would advise you to actually  
read it because you will be stationed there for quite a while.**

**I'll get right on that.**

**Yes, of course, I know your sarcasm and I am familiar with  
your slack methods, that is  
why, you will see on your  
headset, I have just sent you  
the digital version  
of the handbook.**

**This is a  
mountain  
of material.**

**Yes, yes it is.**

Good luck, Bon Voyage, enjoy the new job  
...also, I have locked the door coordinates so  
when the next time you step out this door,  
your mission will begin...so, Once again,  
I advise you to read up thoroughly before  
you begin.

**Danger Son is O.K. with this?**

He is the one who chose this mission for  
you, he said that you needed a break  
after that recent mess out in space.

**Right, I agree to some extent...  
whaat about...**

**SLAM.**

**READ THE HANDBOOK,  
like I have time to sit  
around and just read books...**

Maybe I'll just open  
the door and have  
a peek at...

**WHAT**  
**THE...!**

BOOM...RATATAT...SIRENS...  
BOOM...BZZTZAP...KERASH  
...BOOM...WHISTLE...BOOM.

The young man listens to the symphony of mass destruction ...all of the power in the city zone is out. The public has no way of knowing what is happening. Confusion and fear rule the hour.

His young mind can only speculate what horrors are manifesting in the shadows.

He would soon find out.

ROOAR!  
KERASH!

OMNI!  
Can you answer the question please?  
What is the function of the travel gauntlets that allows for invisibility?

...Wha?

*Ha ha ha, what a loser!  
Pay attention,  
Dweeb.*

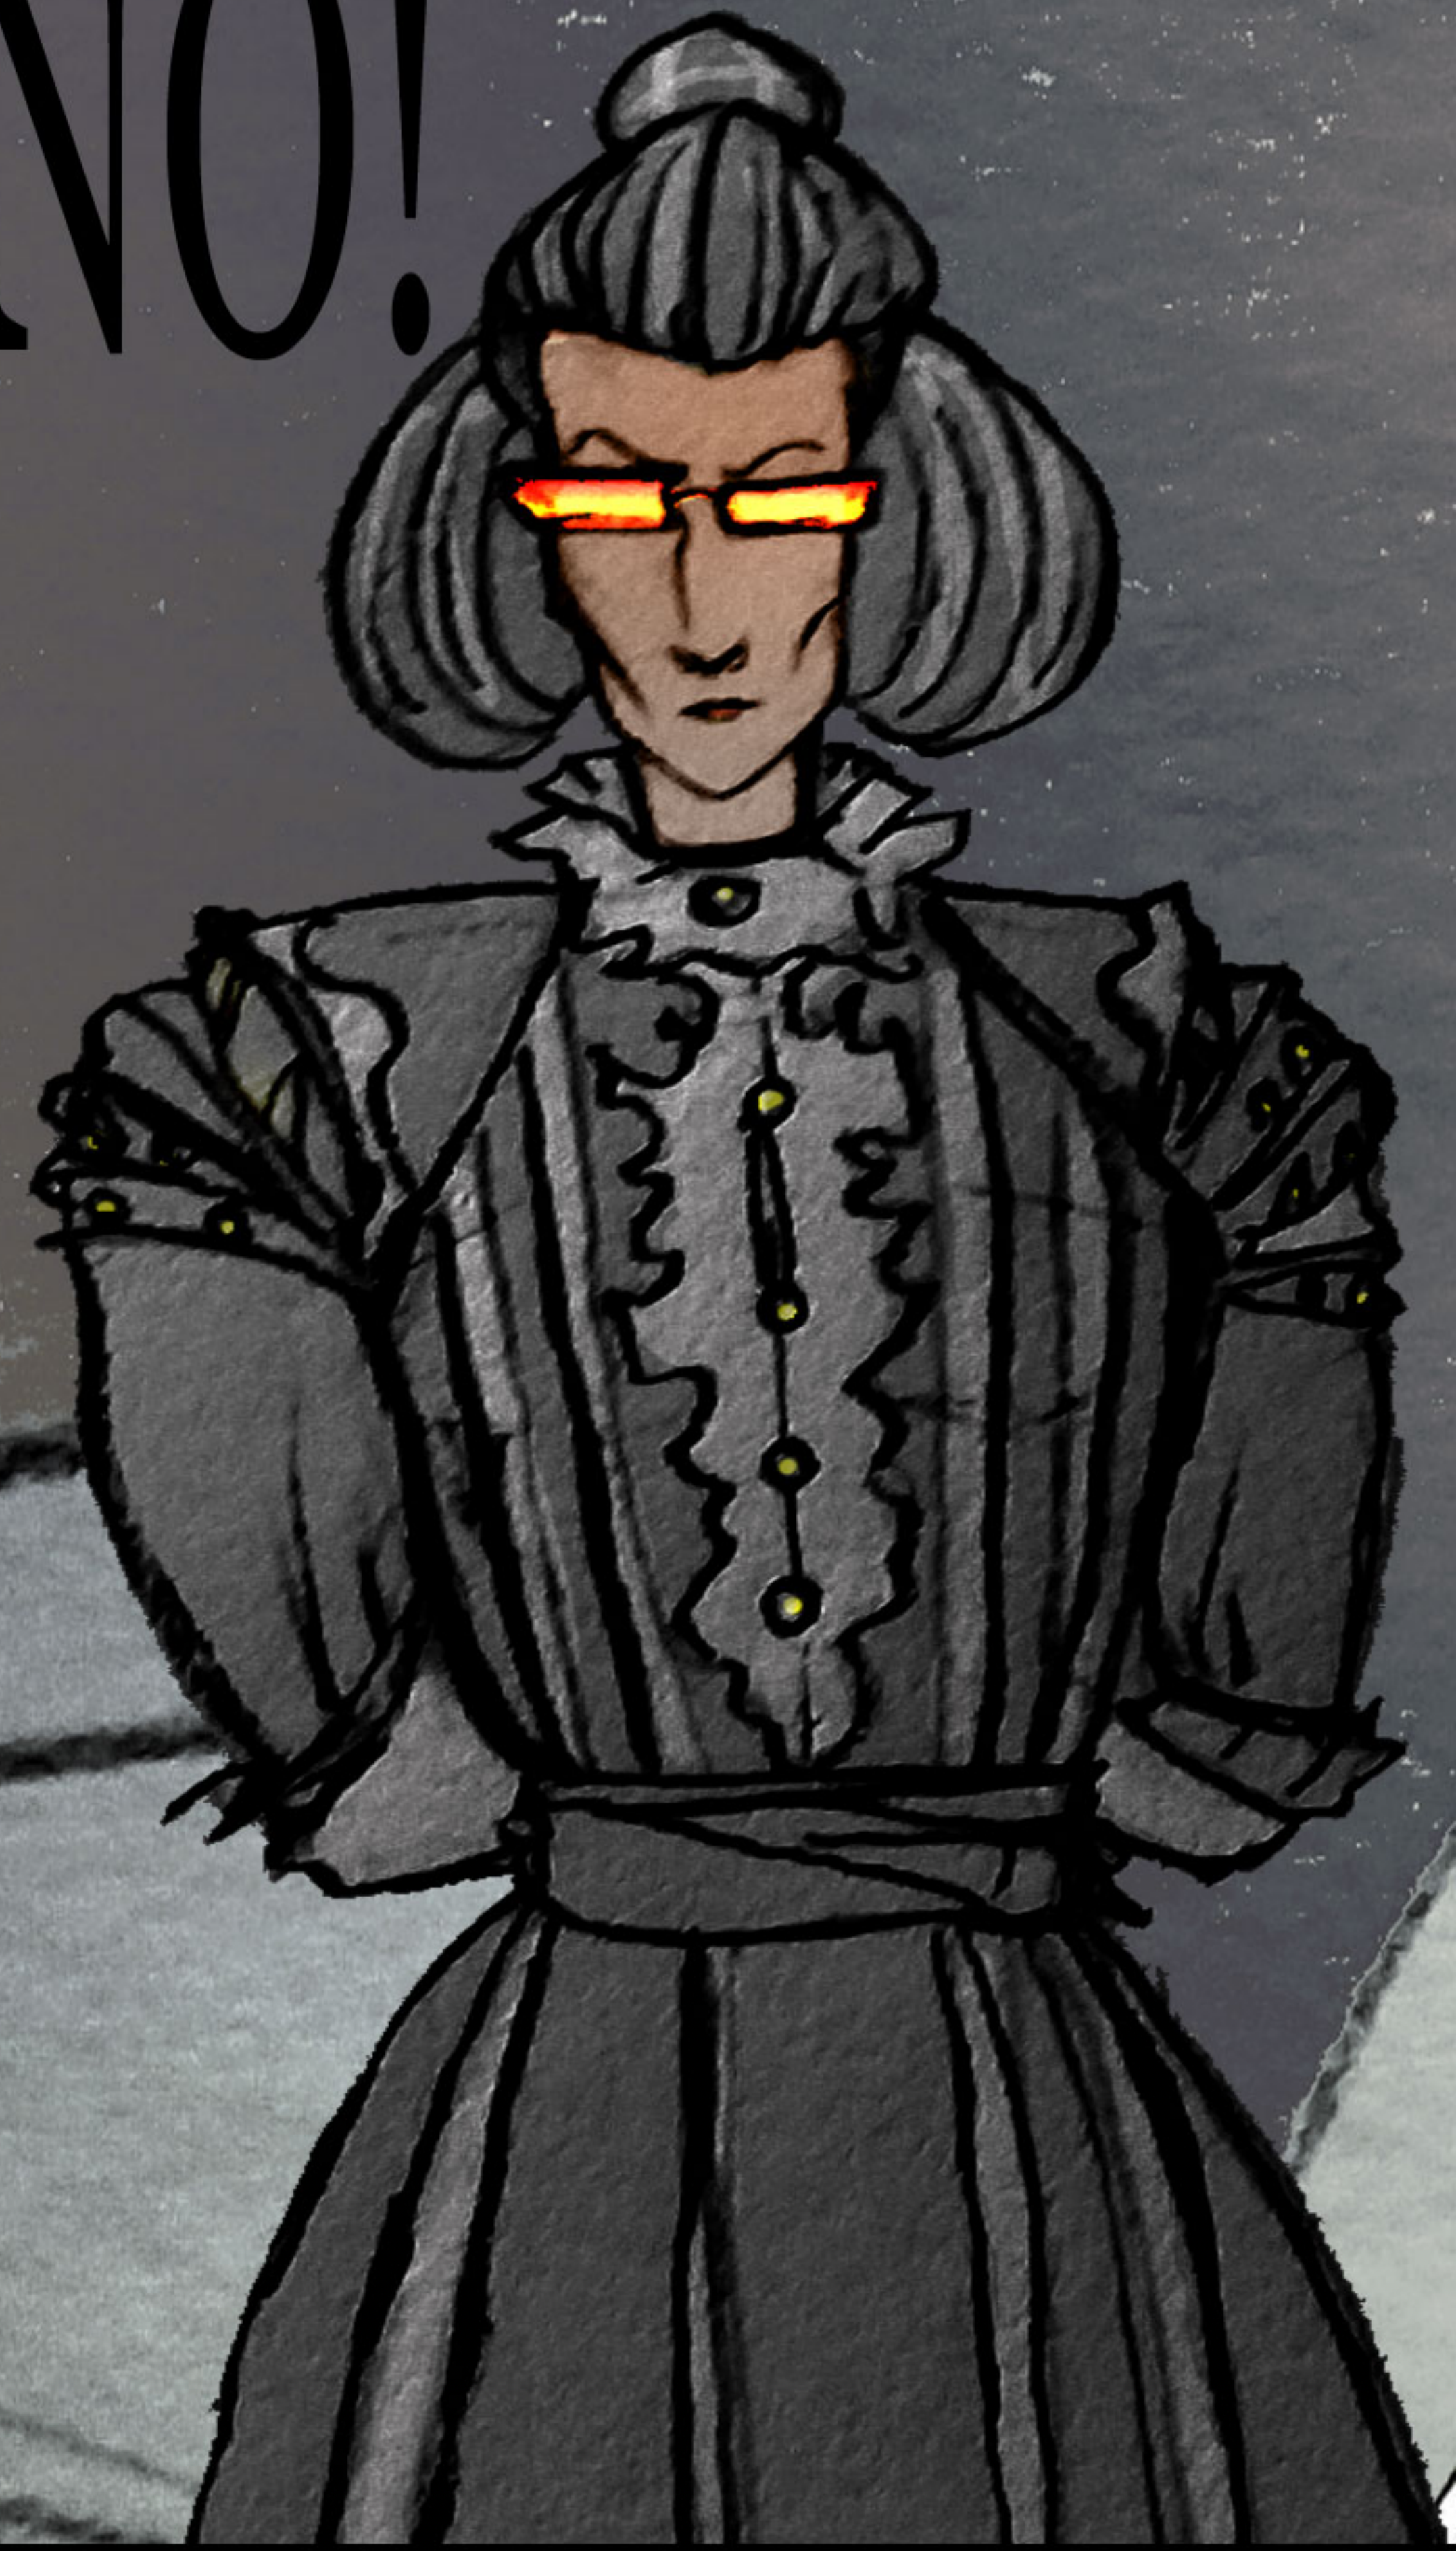

Omni Atomic,  
If you are not going to pay attention during my lecture I suggest you leave the assembly for the day.  
Go on!  
You are excused!  
I will make note of this!

Aw, come on Miss Maxine! I...

NO!

I will hear none of it, young man!

*Just quit already,  
Space Cadet!*

JOKE

# WYZARDLUND, the battle in the south has ended now.

The singing Sorceress has been sealed in her tomb along with the remains of AllDark. Order is being restored. Here at the Sand Castle, The Zartacla Prison is being held. The Fugitive Faction must now undergo the task of recapturing the escaped convicts.

All which were released when the prison was brought to this realm through the magic of the Sorceress.

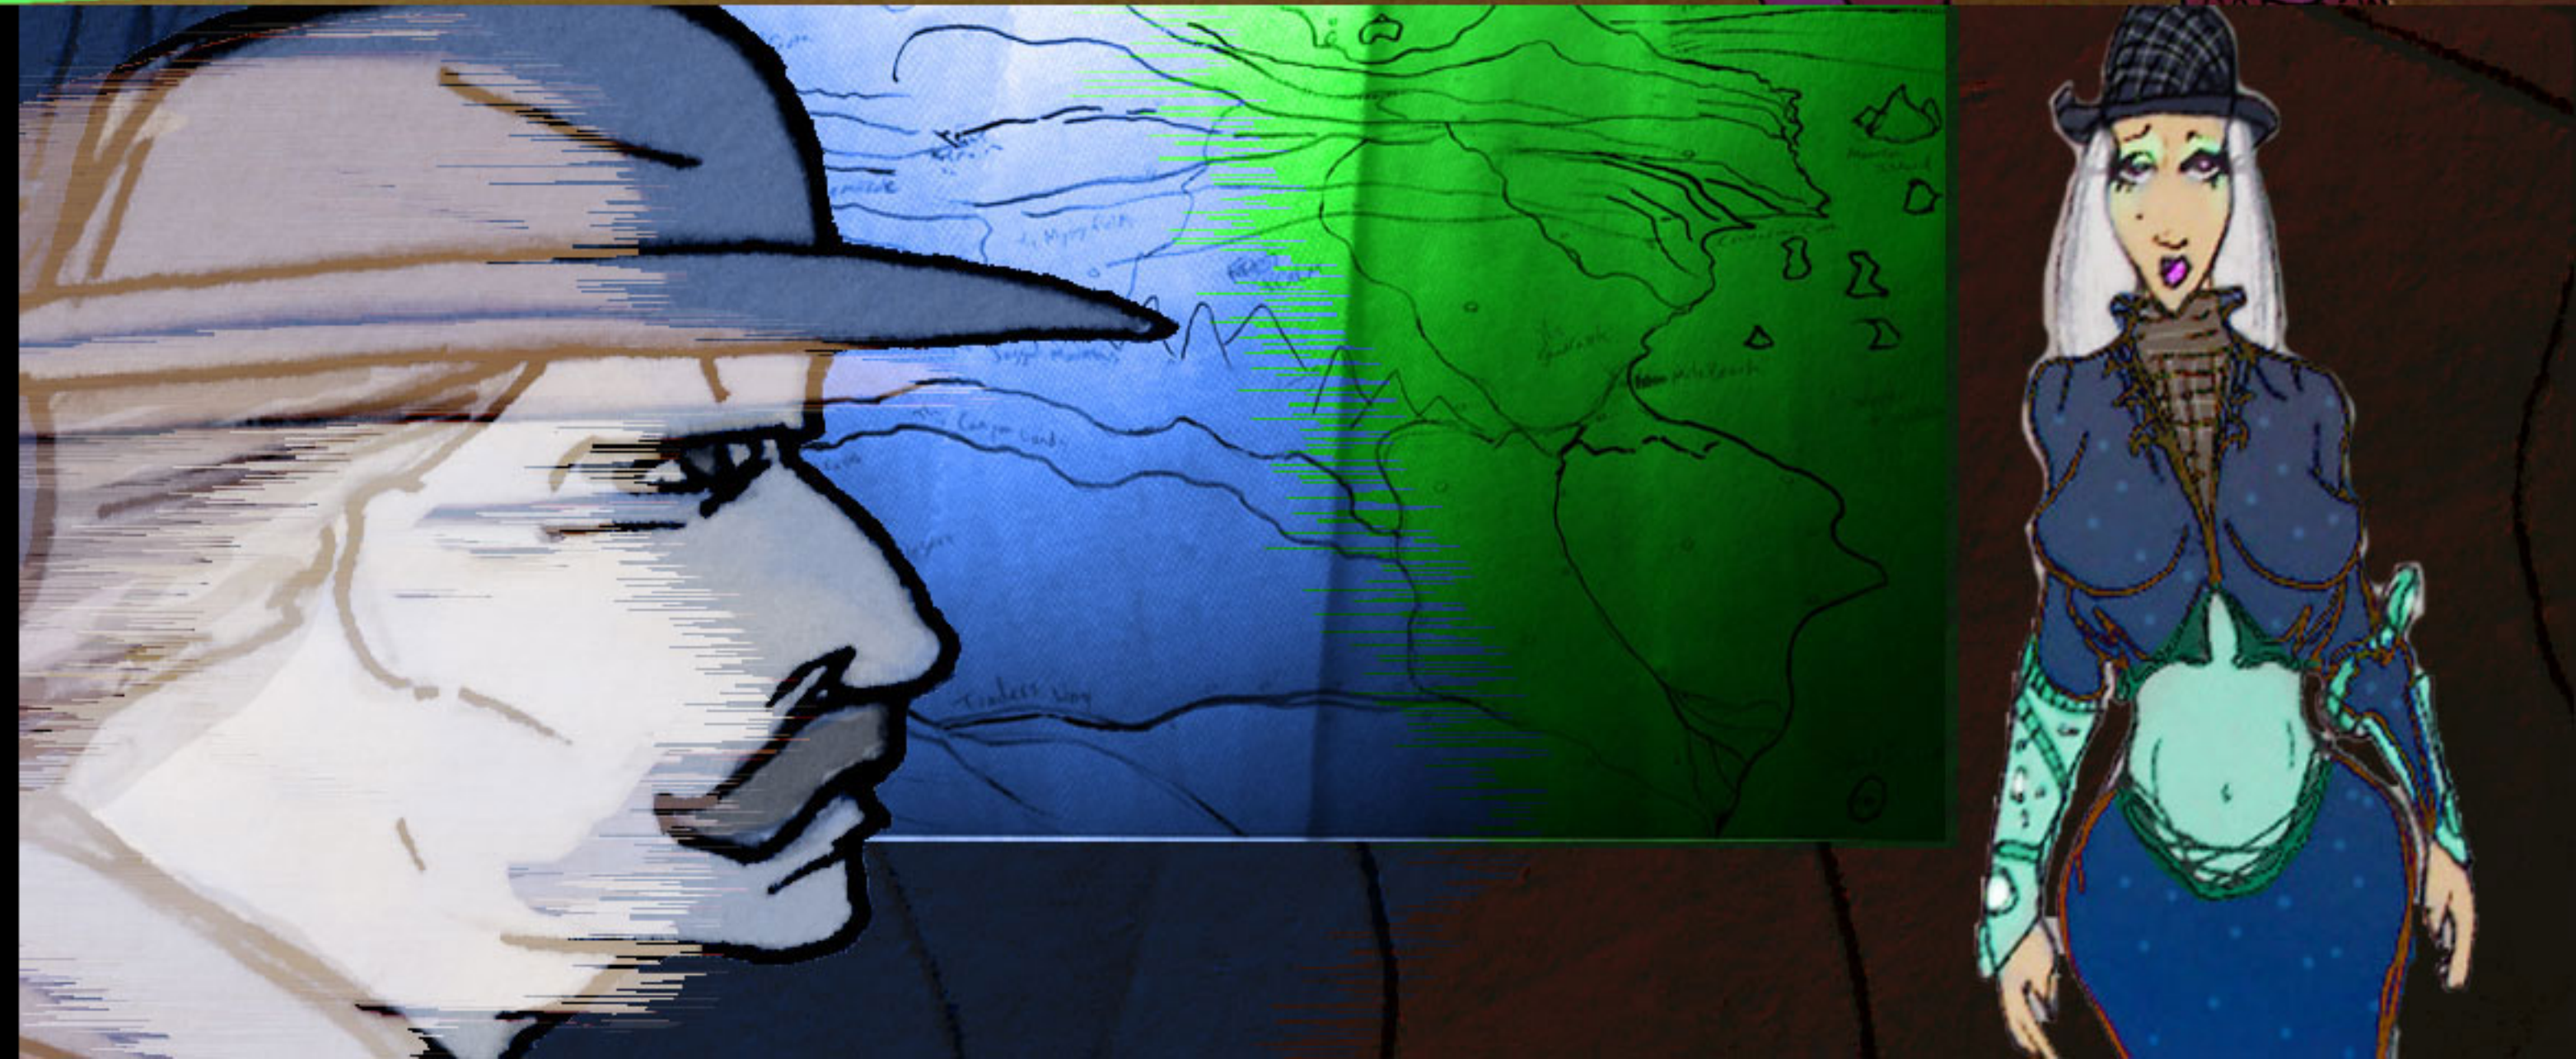

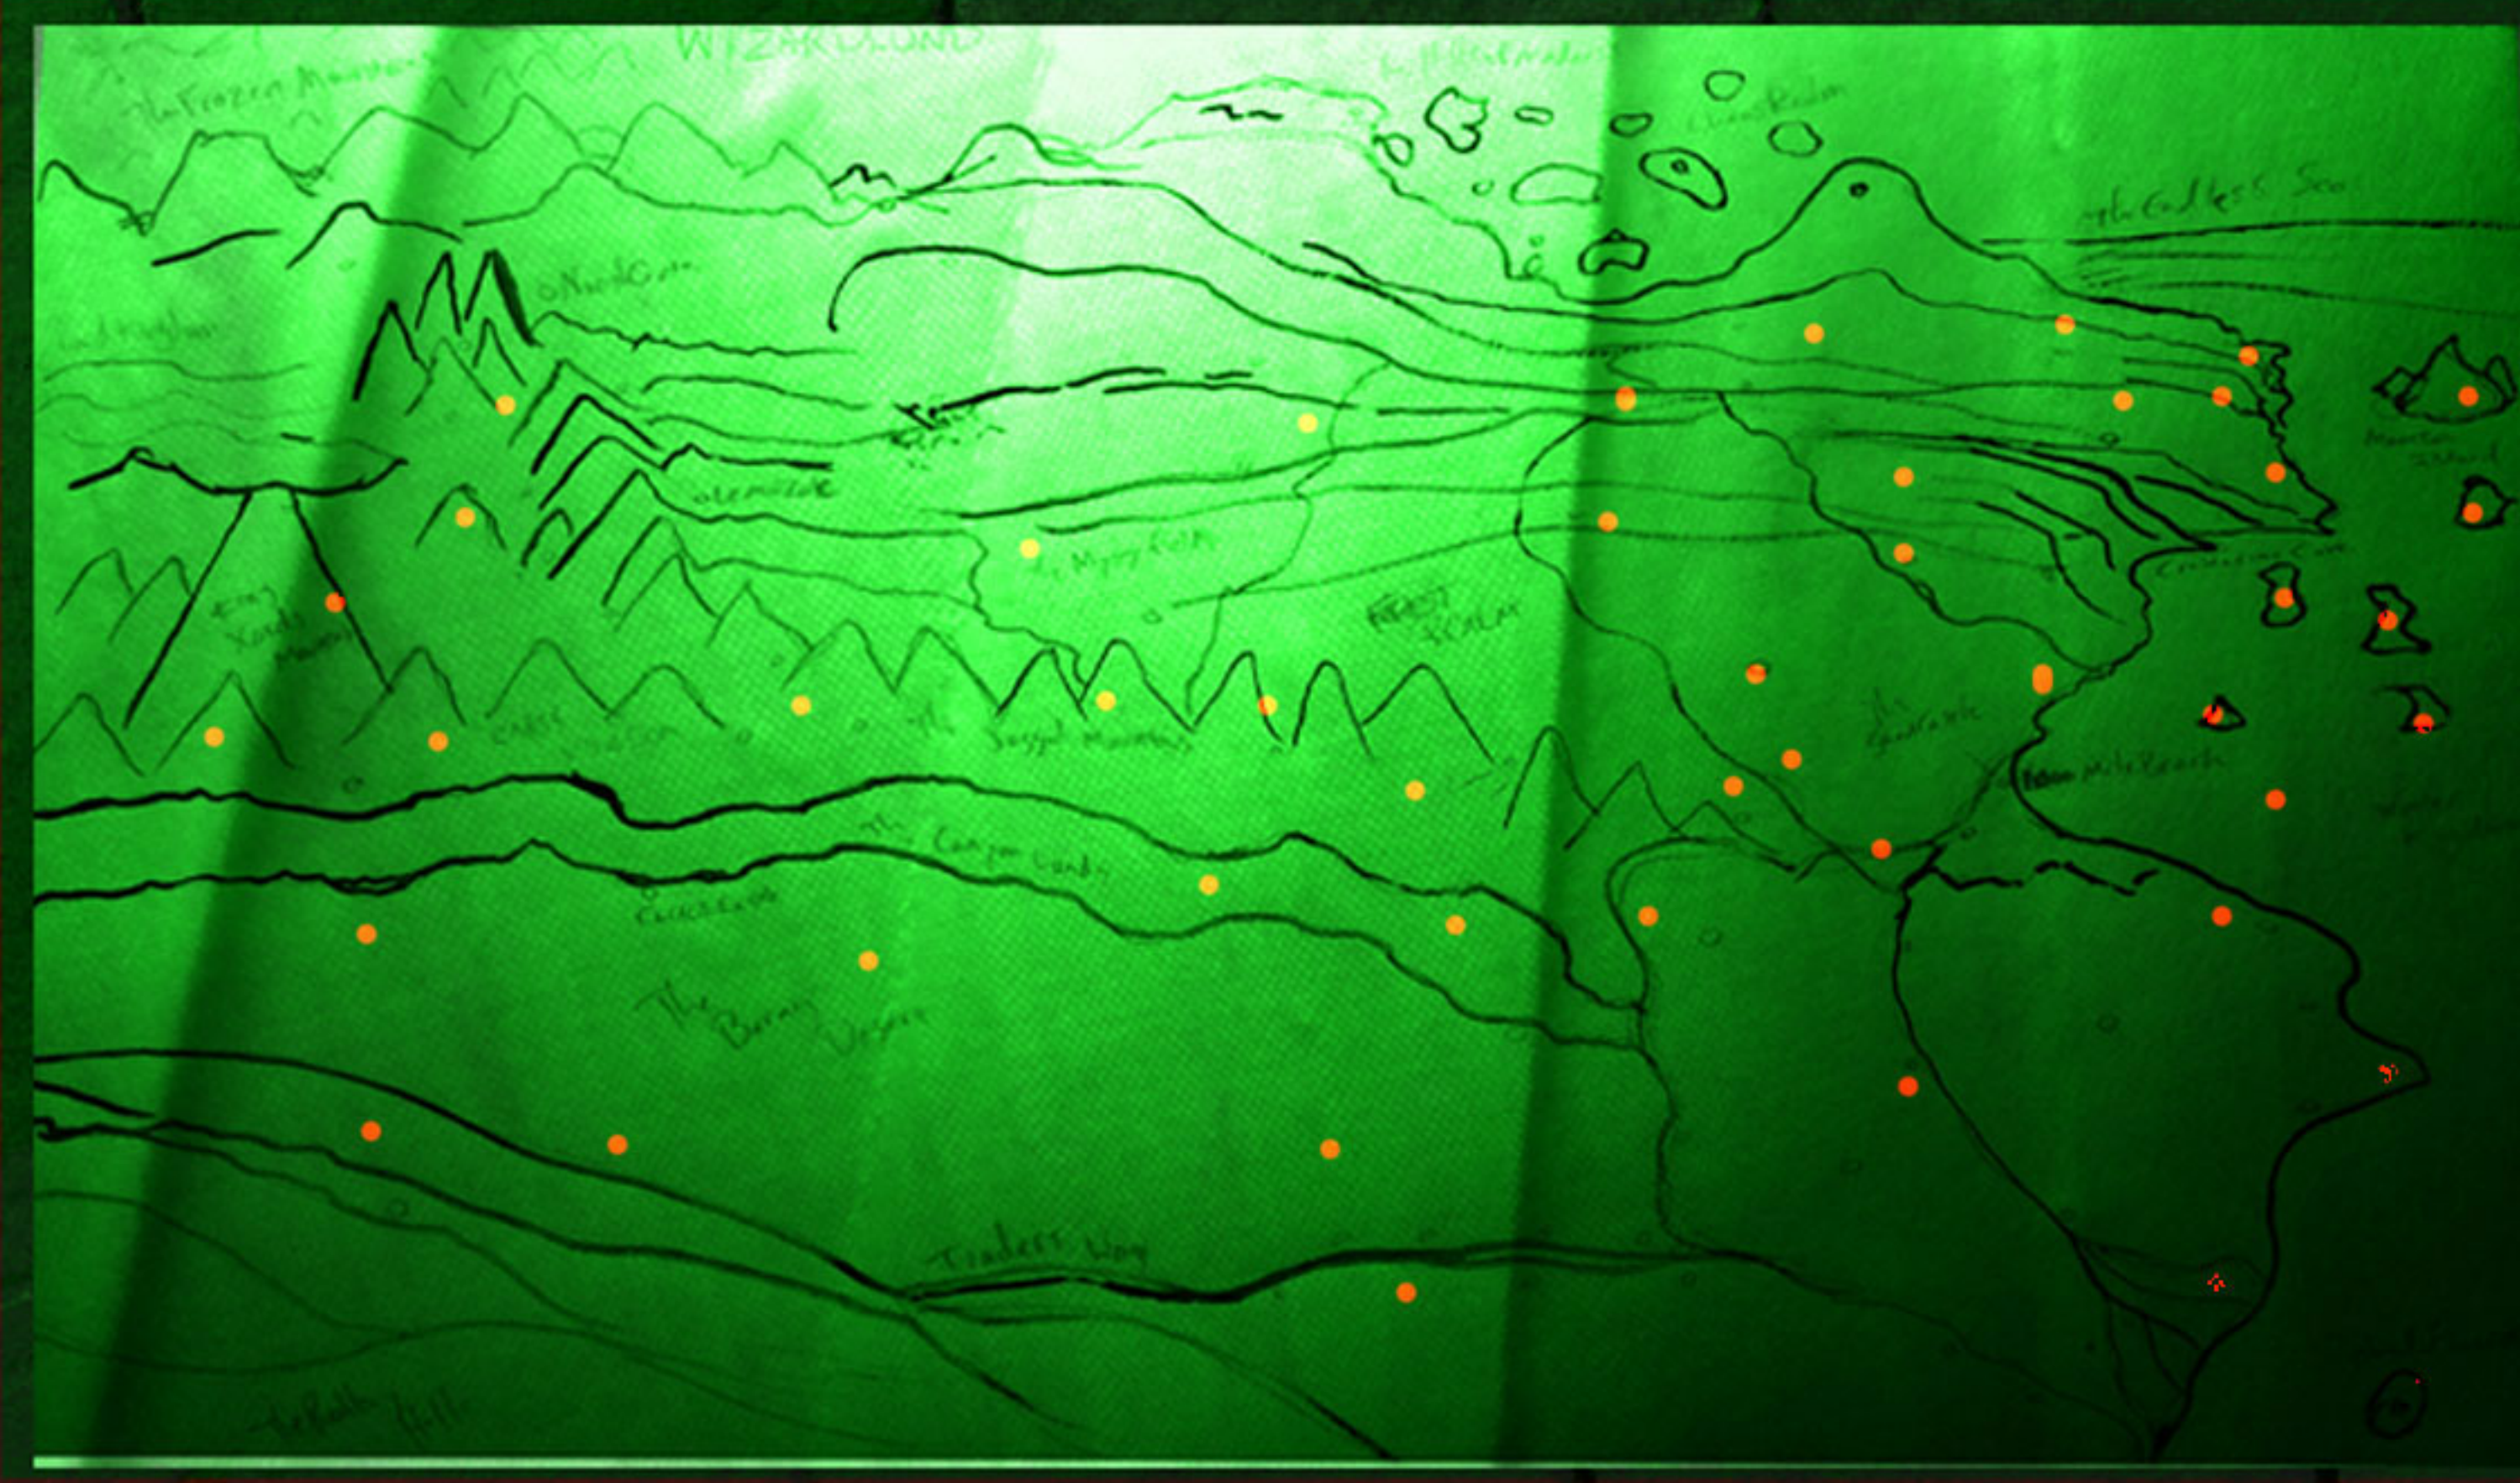

Maximus converses with his agents via holographic imagery...

- I leave it in your capable hands to fix this dilemma with the escaped prisoners.

I must go to the palace of the high council of Wyzardlund to make a long-standing arrangement between our realms. We must avoid a second Wizard War, the first was too catastrophic. I will do what I must to keep the peace.

The red dots on the map indicate sightings of our escapees. This is no small task, Wyzardlund is vast and strange and these criminals are the some of the worst people in the galaxy.

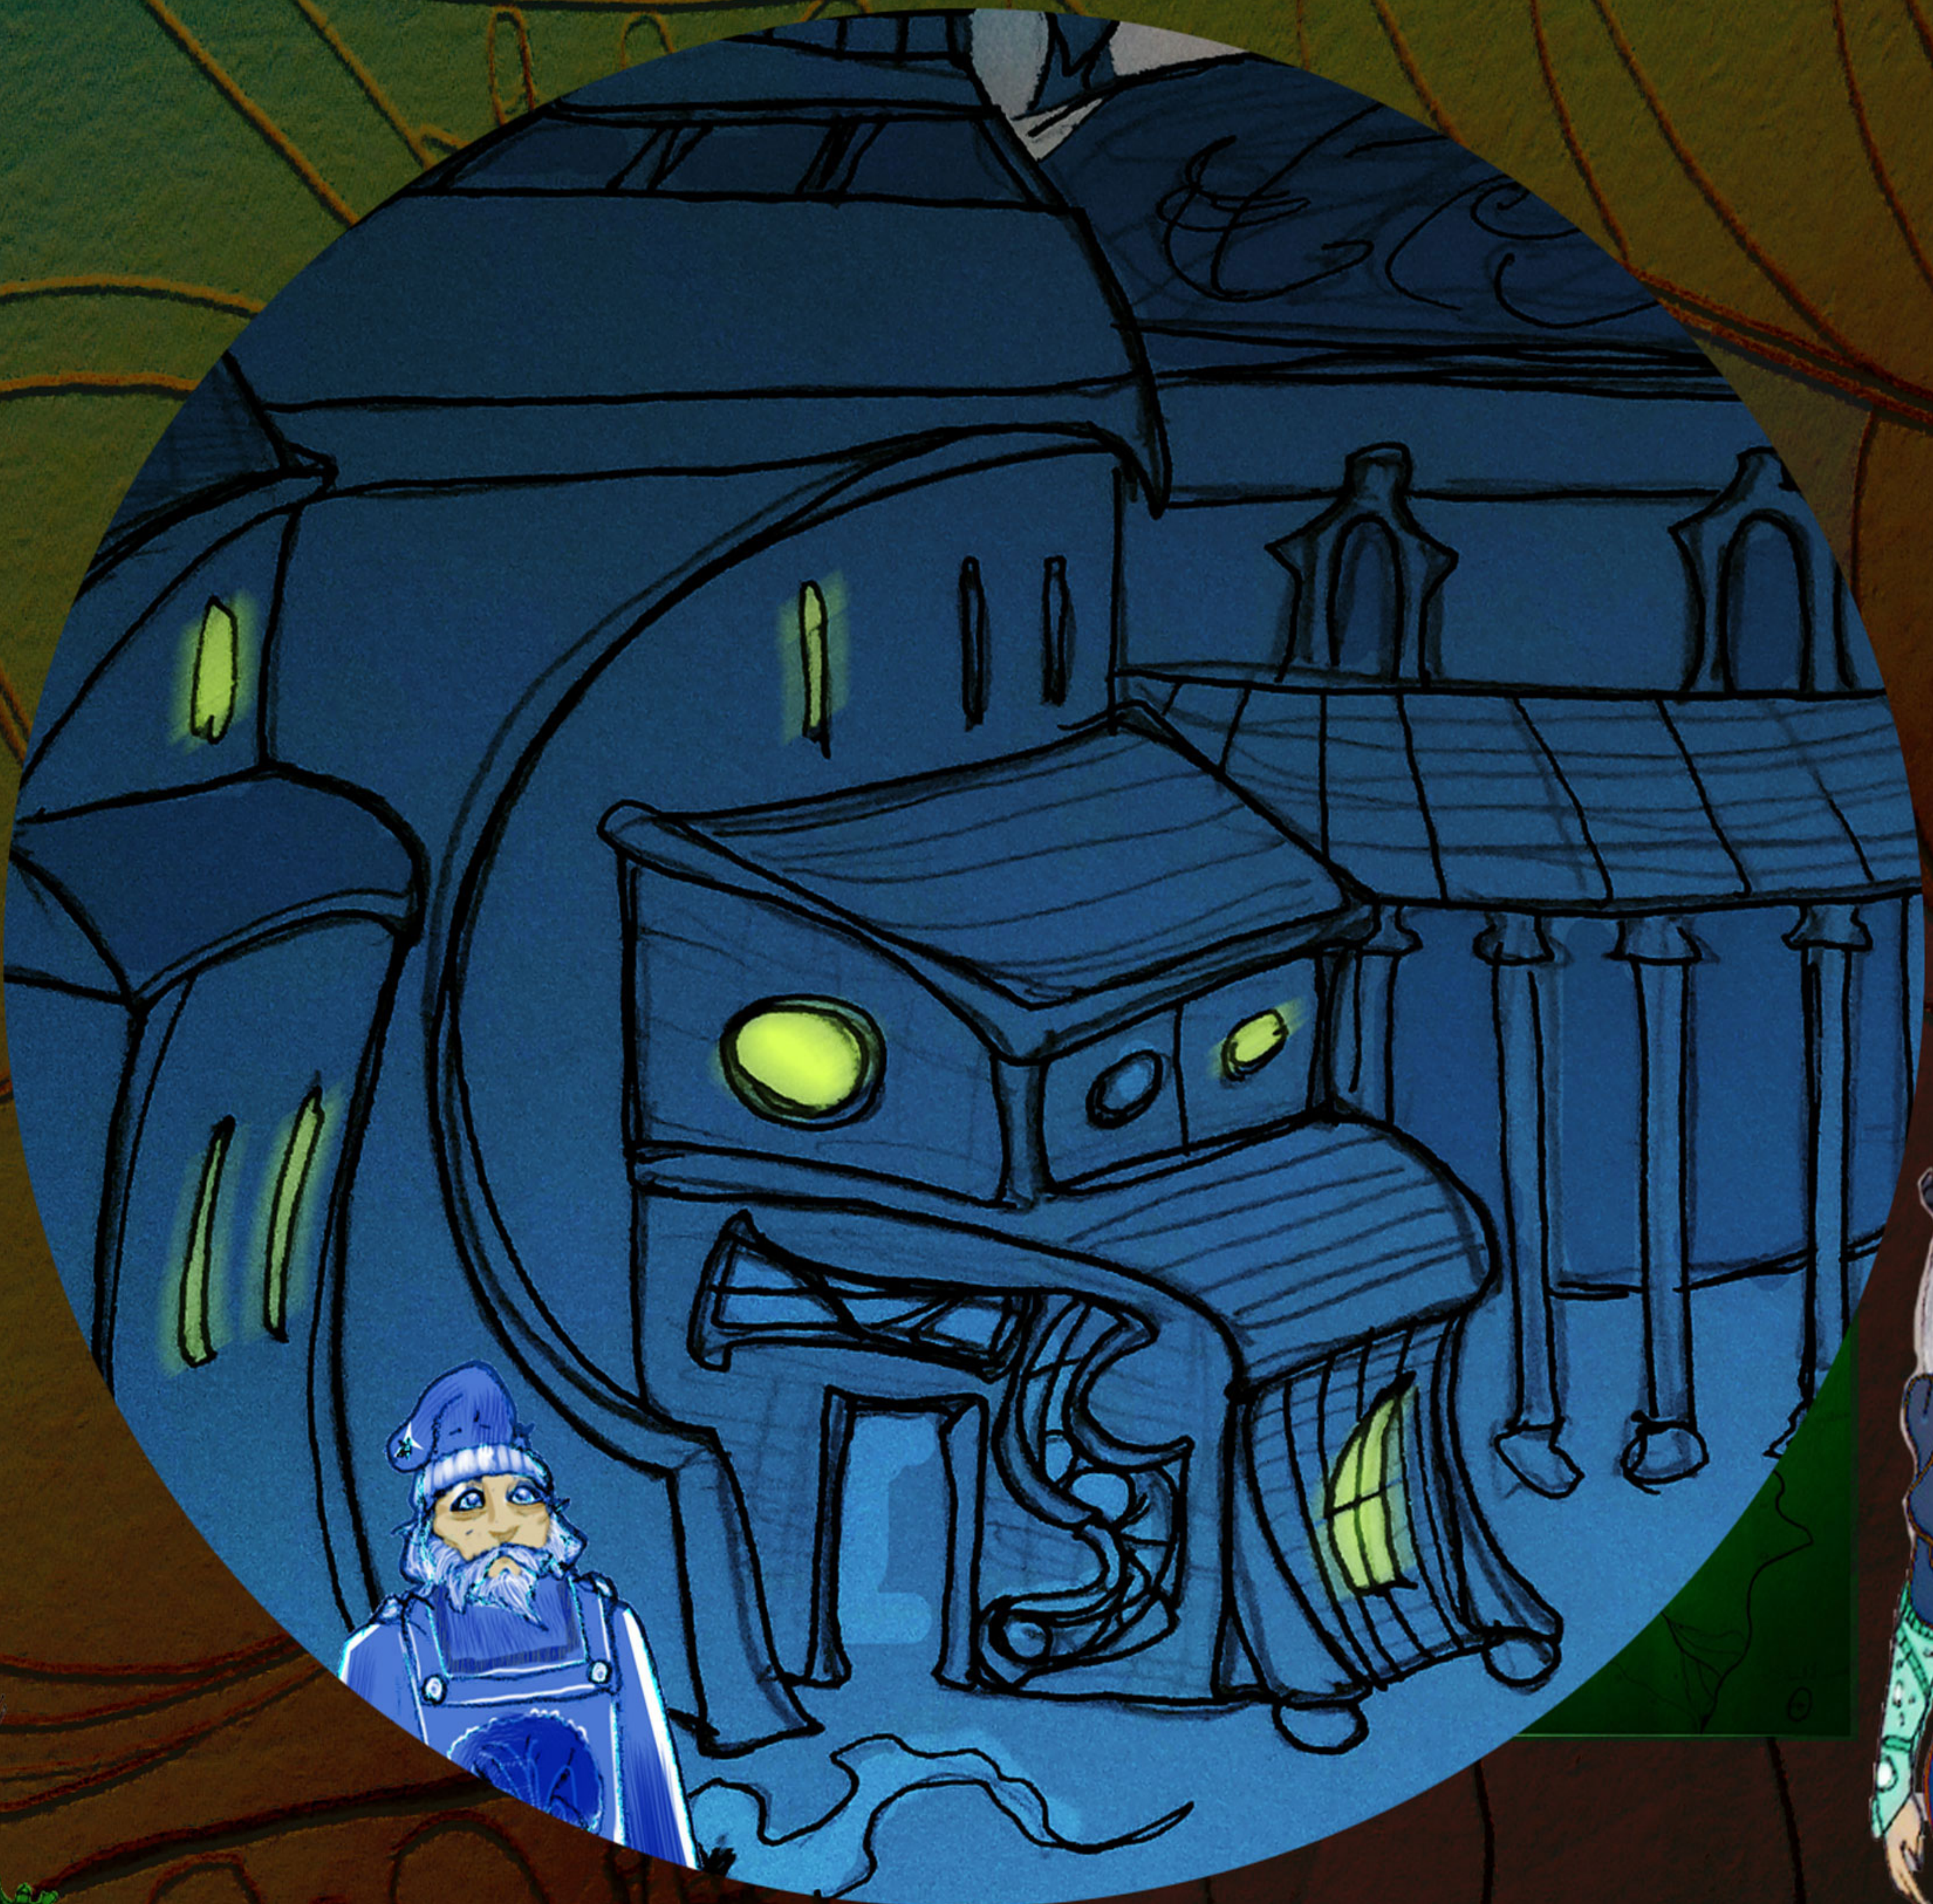

I am here on the beach, lots of escape pods from Zartacla, not a lot of escapees hung around waiting for us to find them.

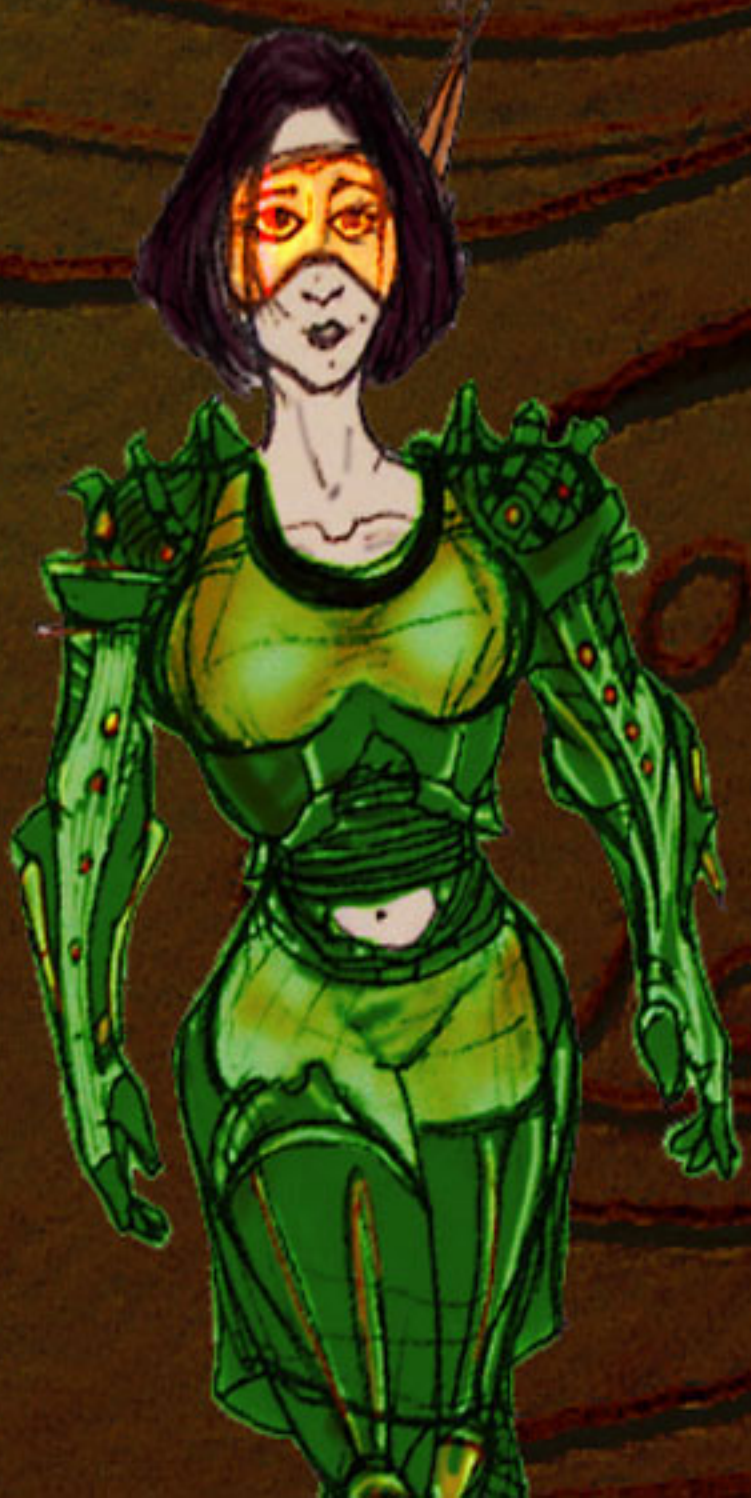

YEAH I SUPPOSE THAT IS WHY THEY WERE LOCKED UP IN THE FIRST PLACE

Our contact in Sanctum City is sure of the location of one major target. An officer of the Industrium.

He was last seen by our associates purchasing various metals and gems from a shop in that vicinity, he paid with gold.

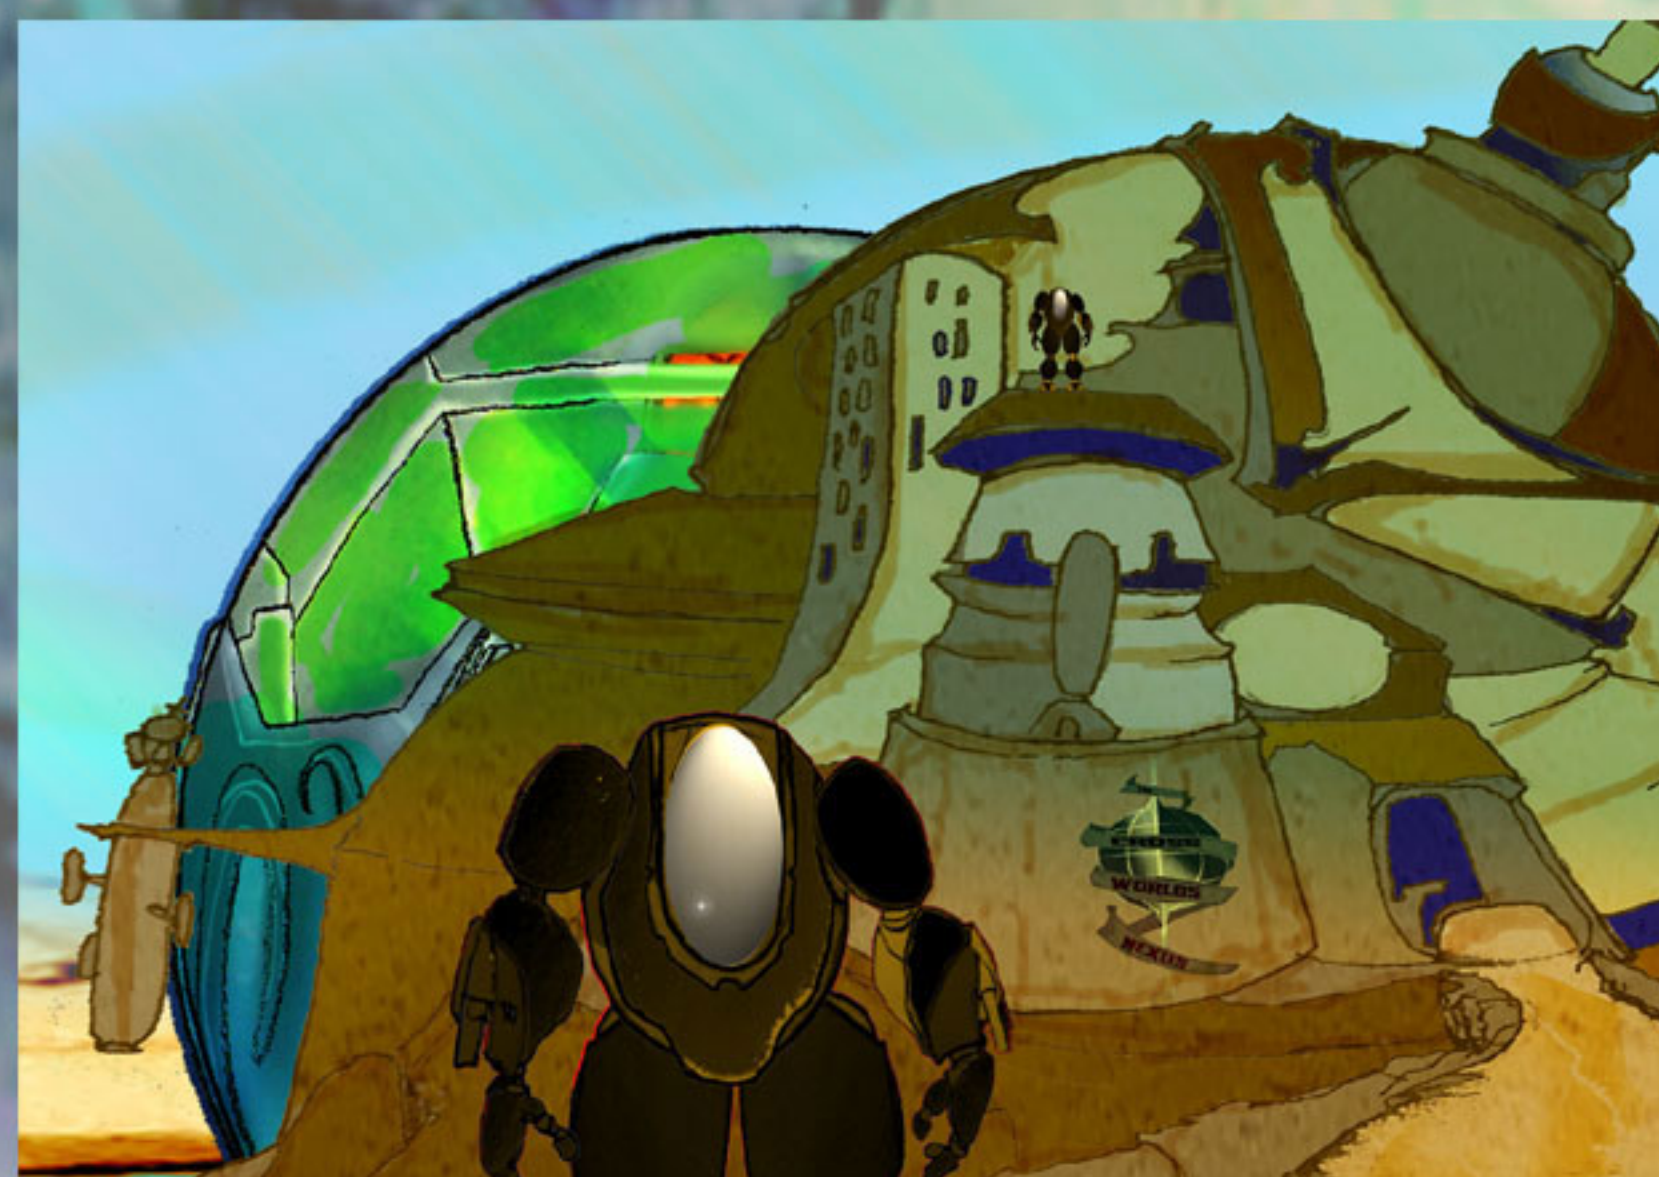

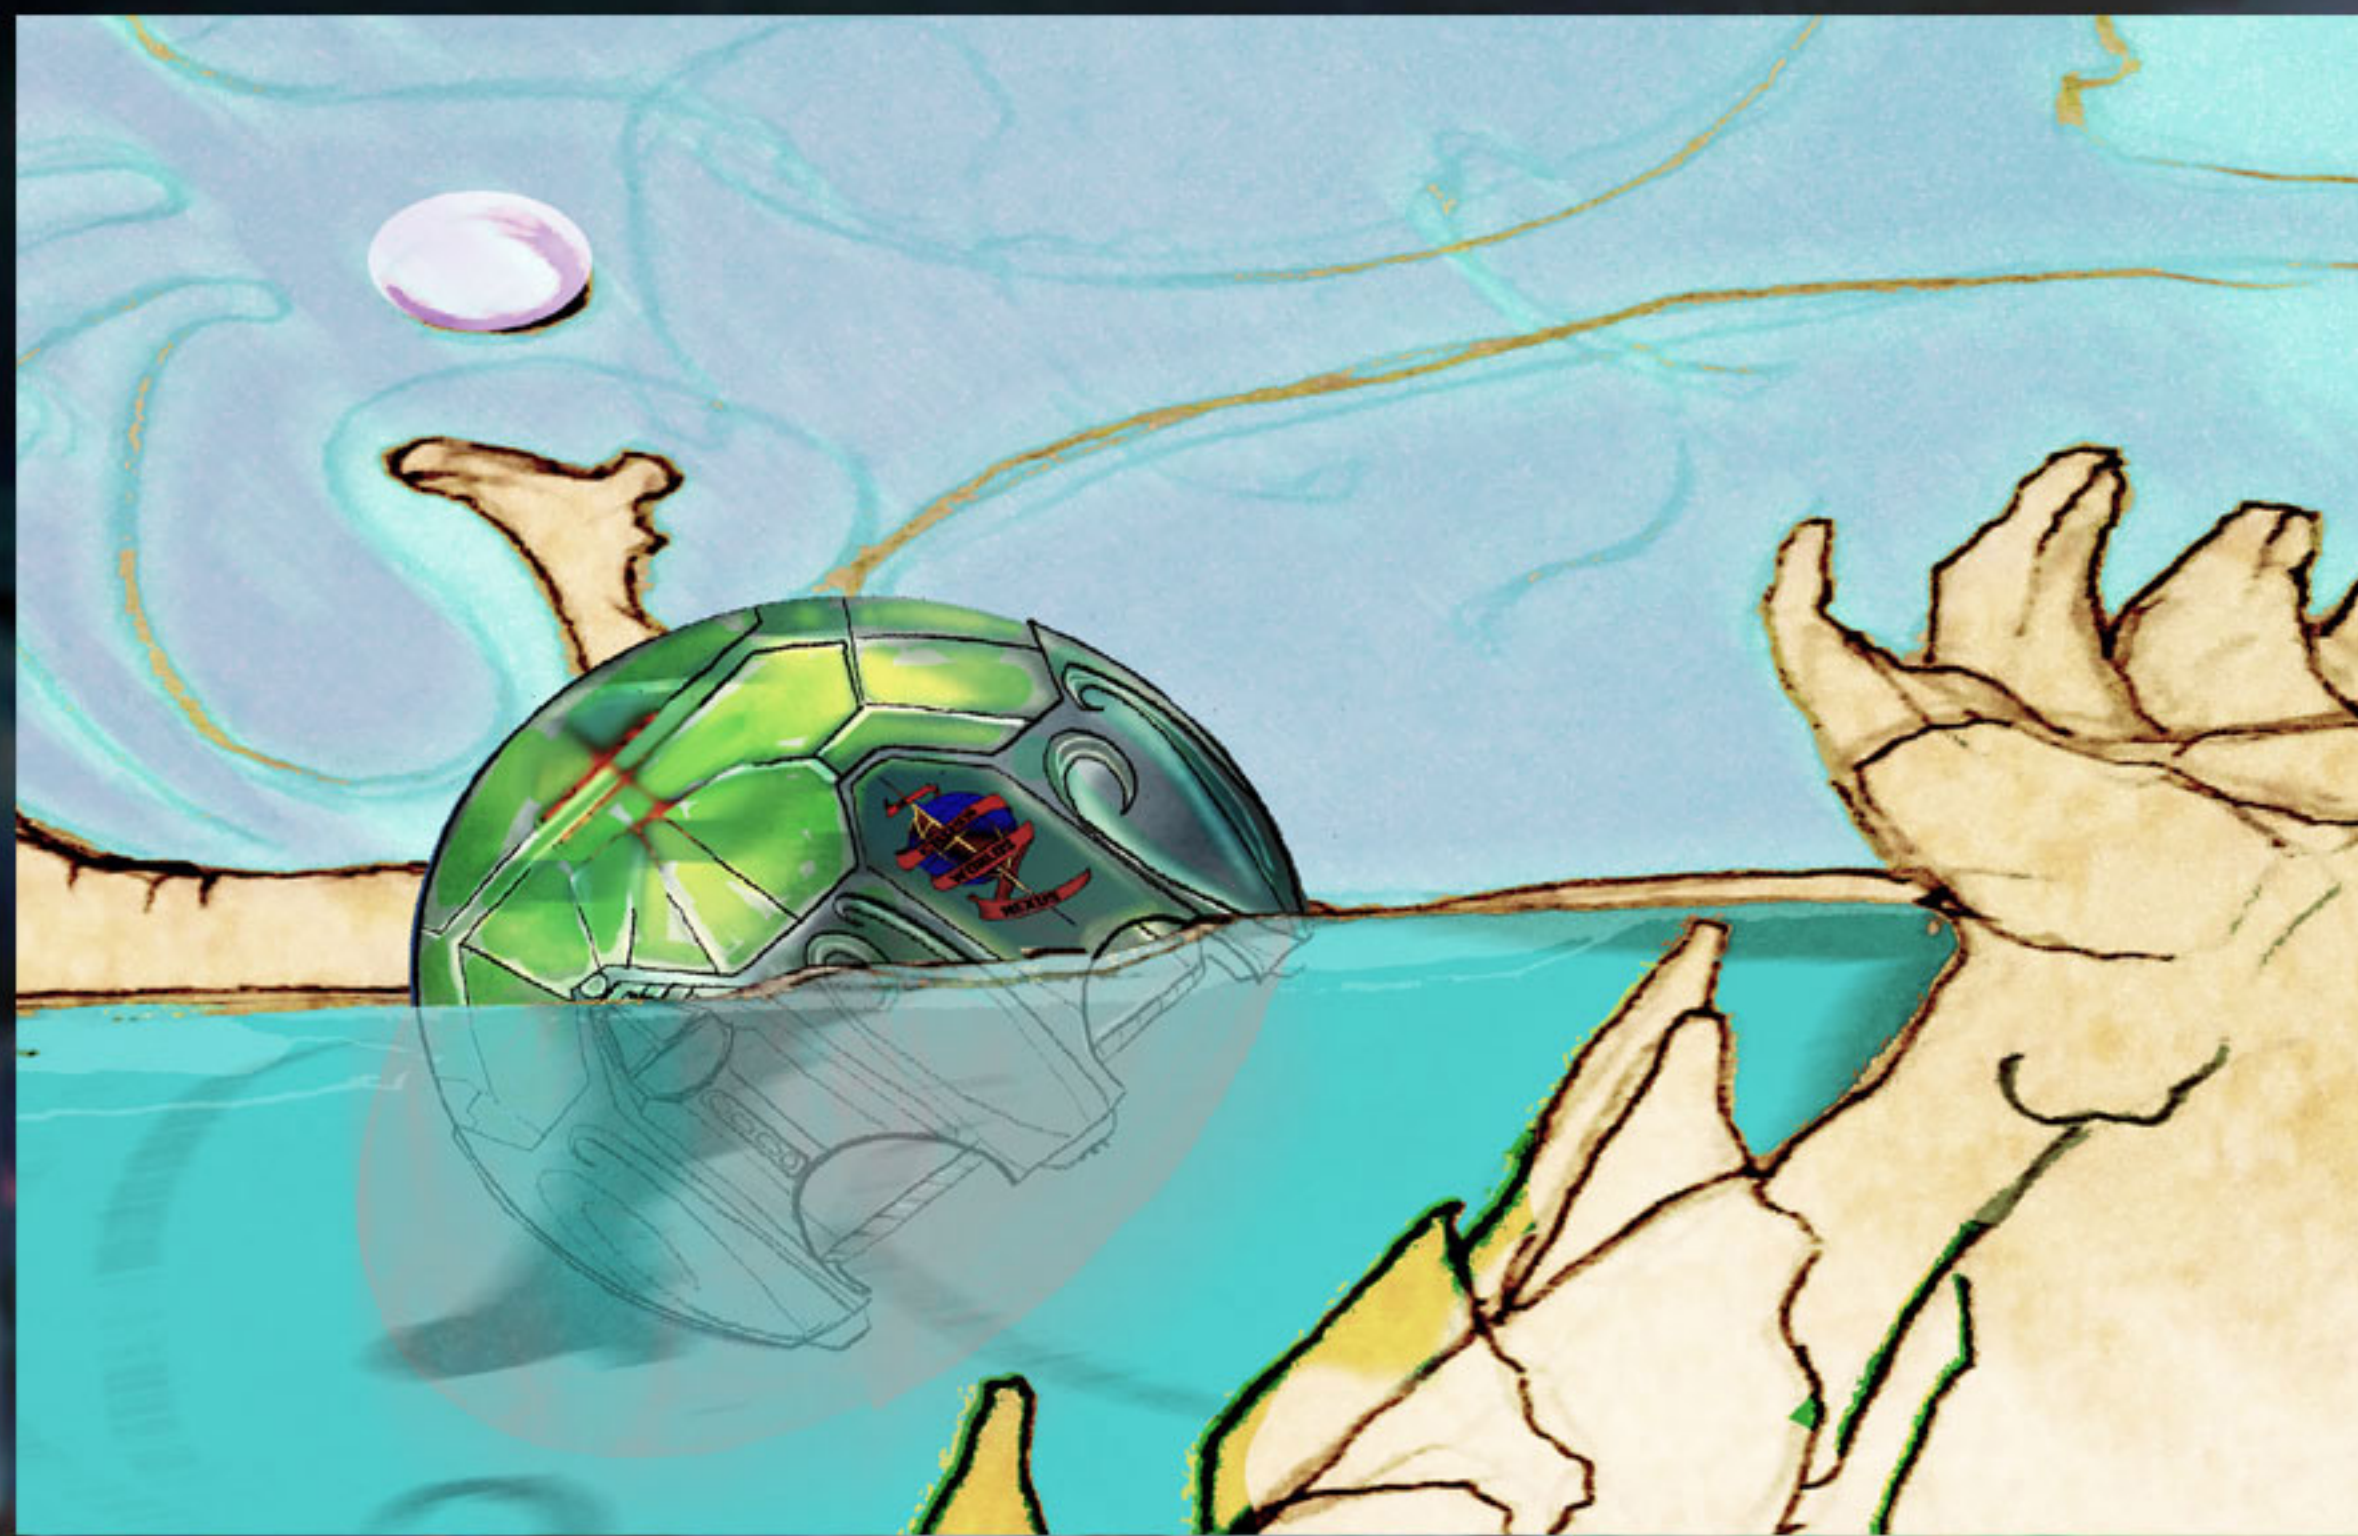

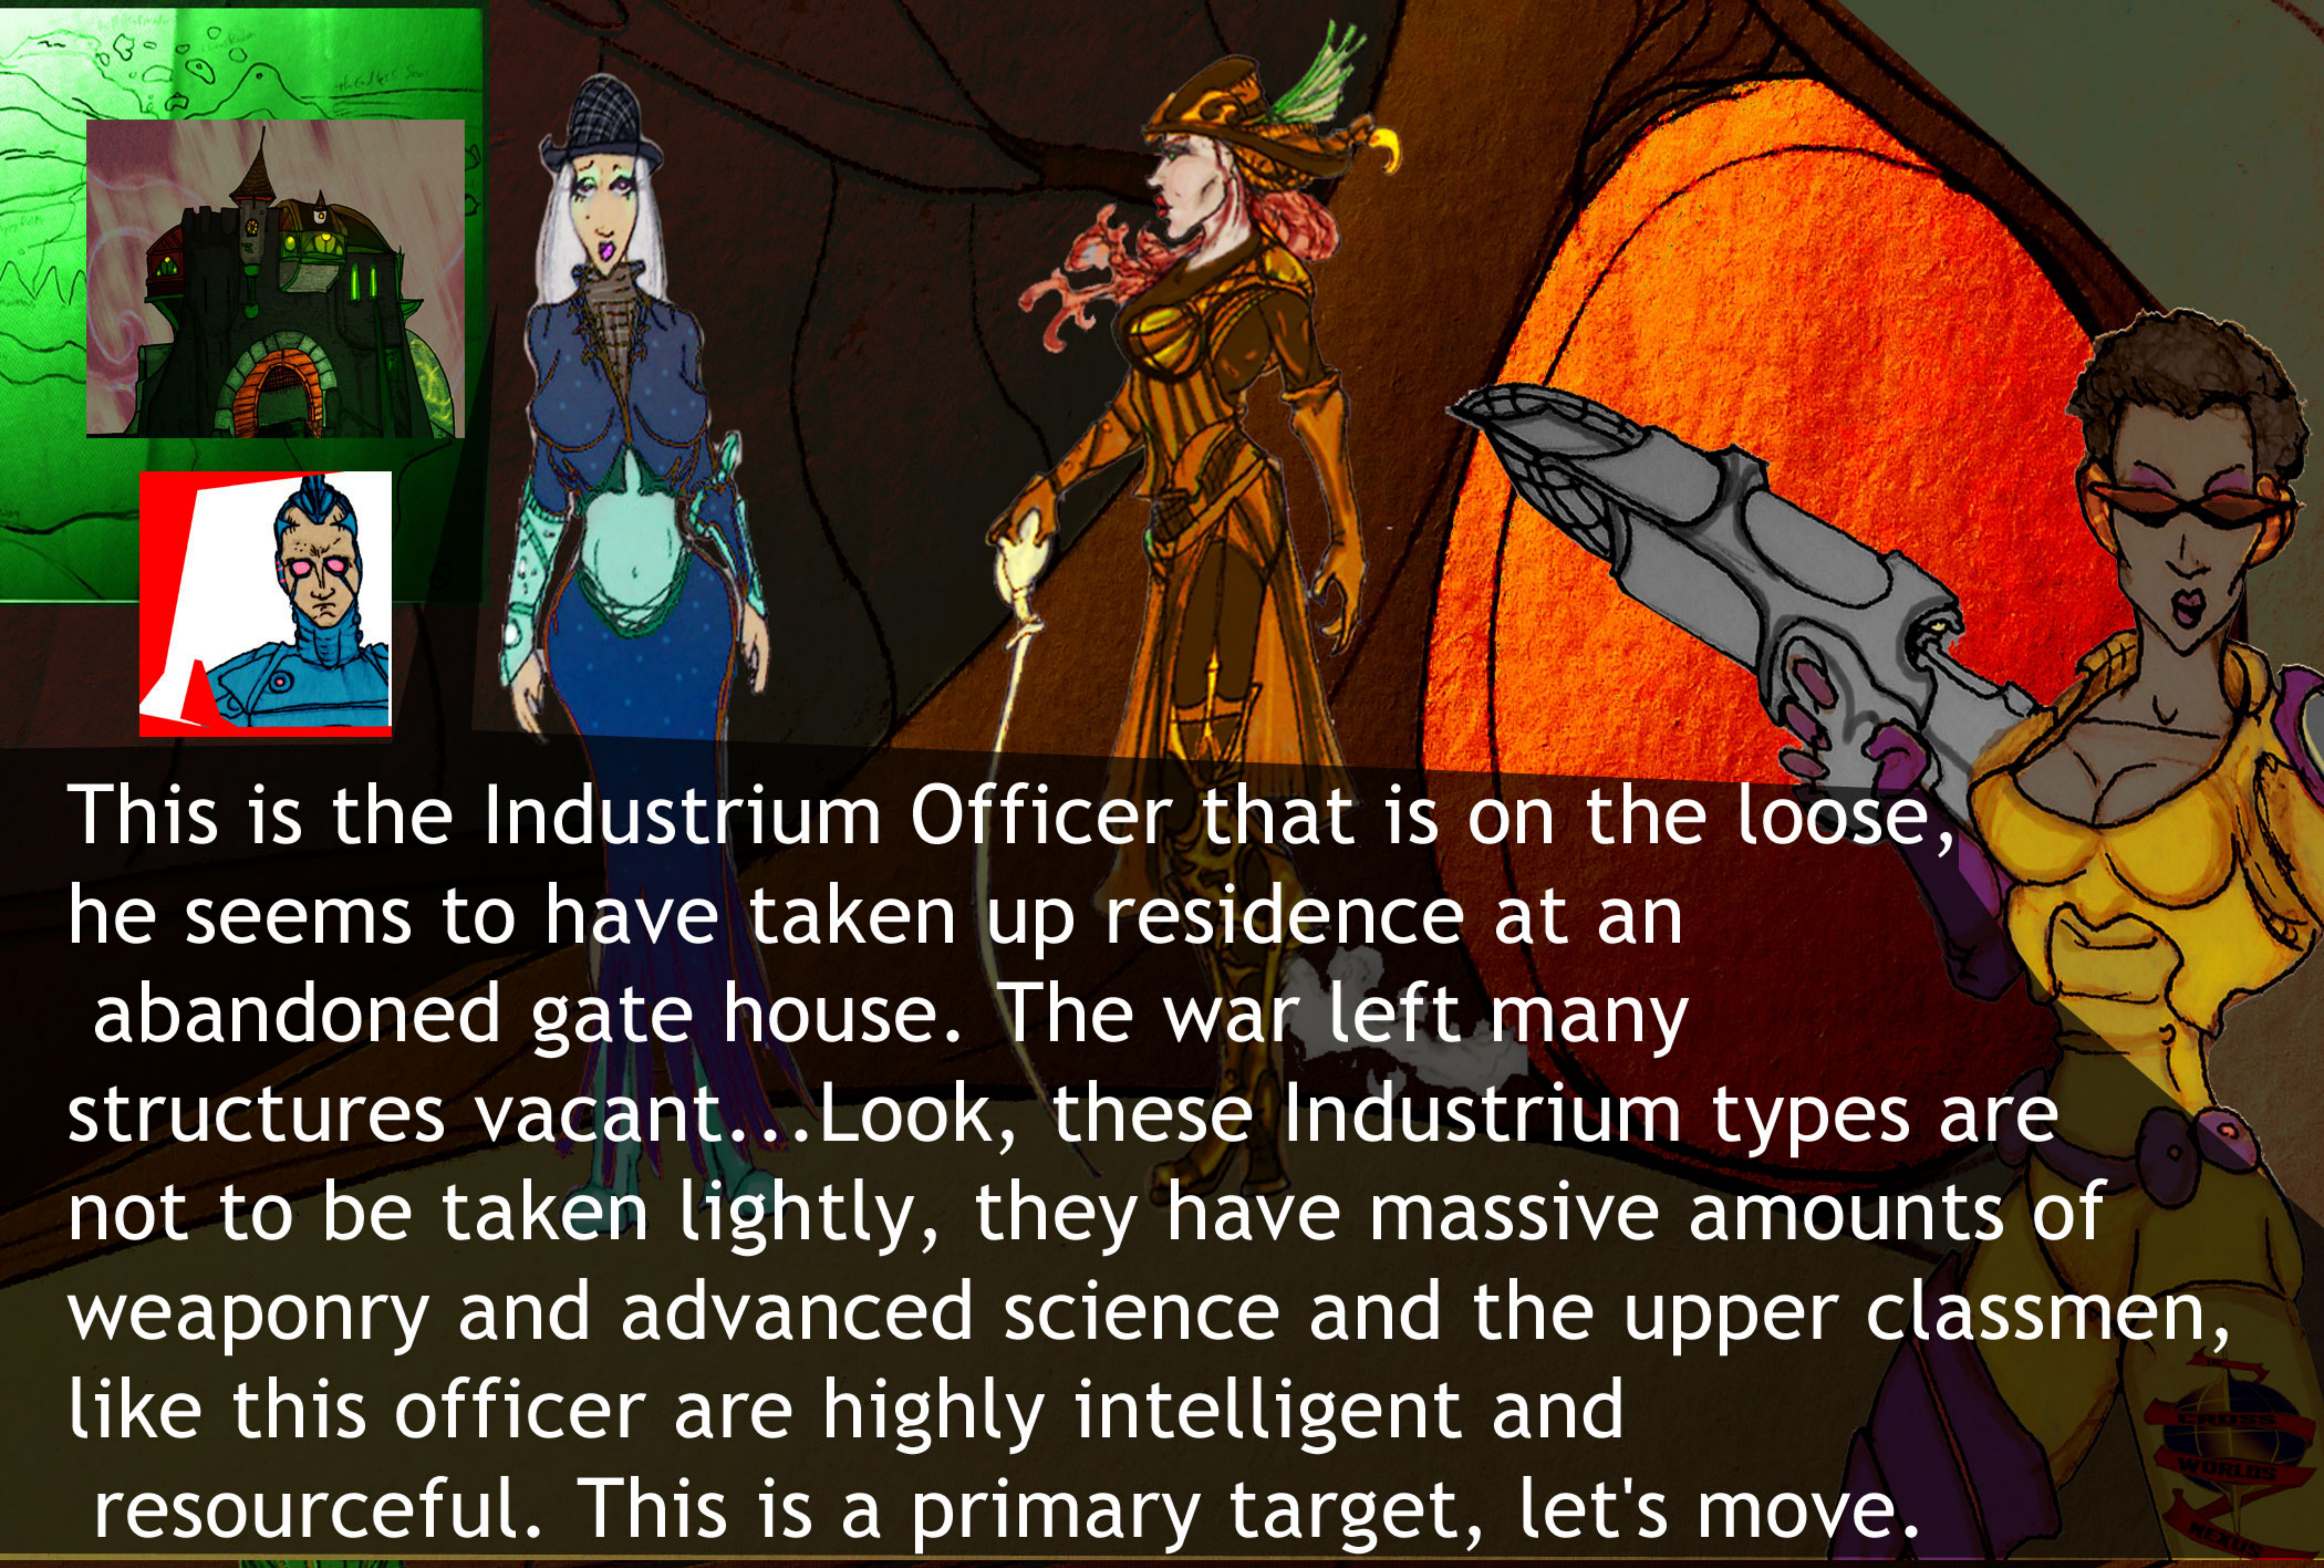

The Zartacla prison system is back online and will be able to hold anyone that you bring in. The Sand Castle is turning out to be an excellent base of operations.

Lero, Bolan,  
how are  
things at  
the facility?

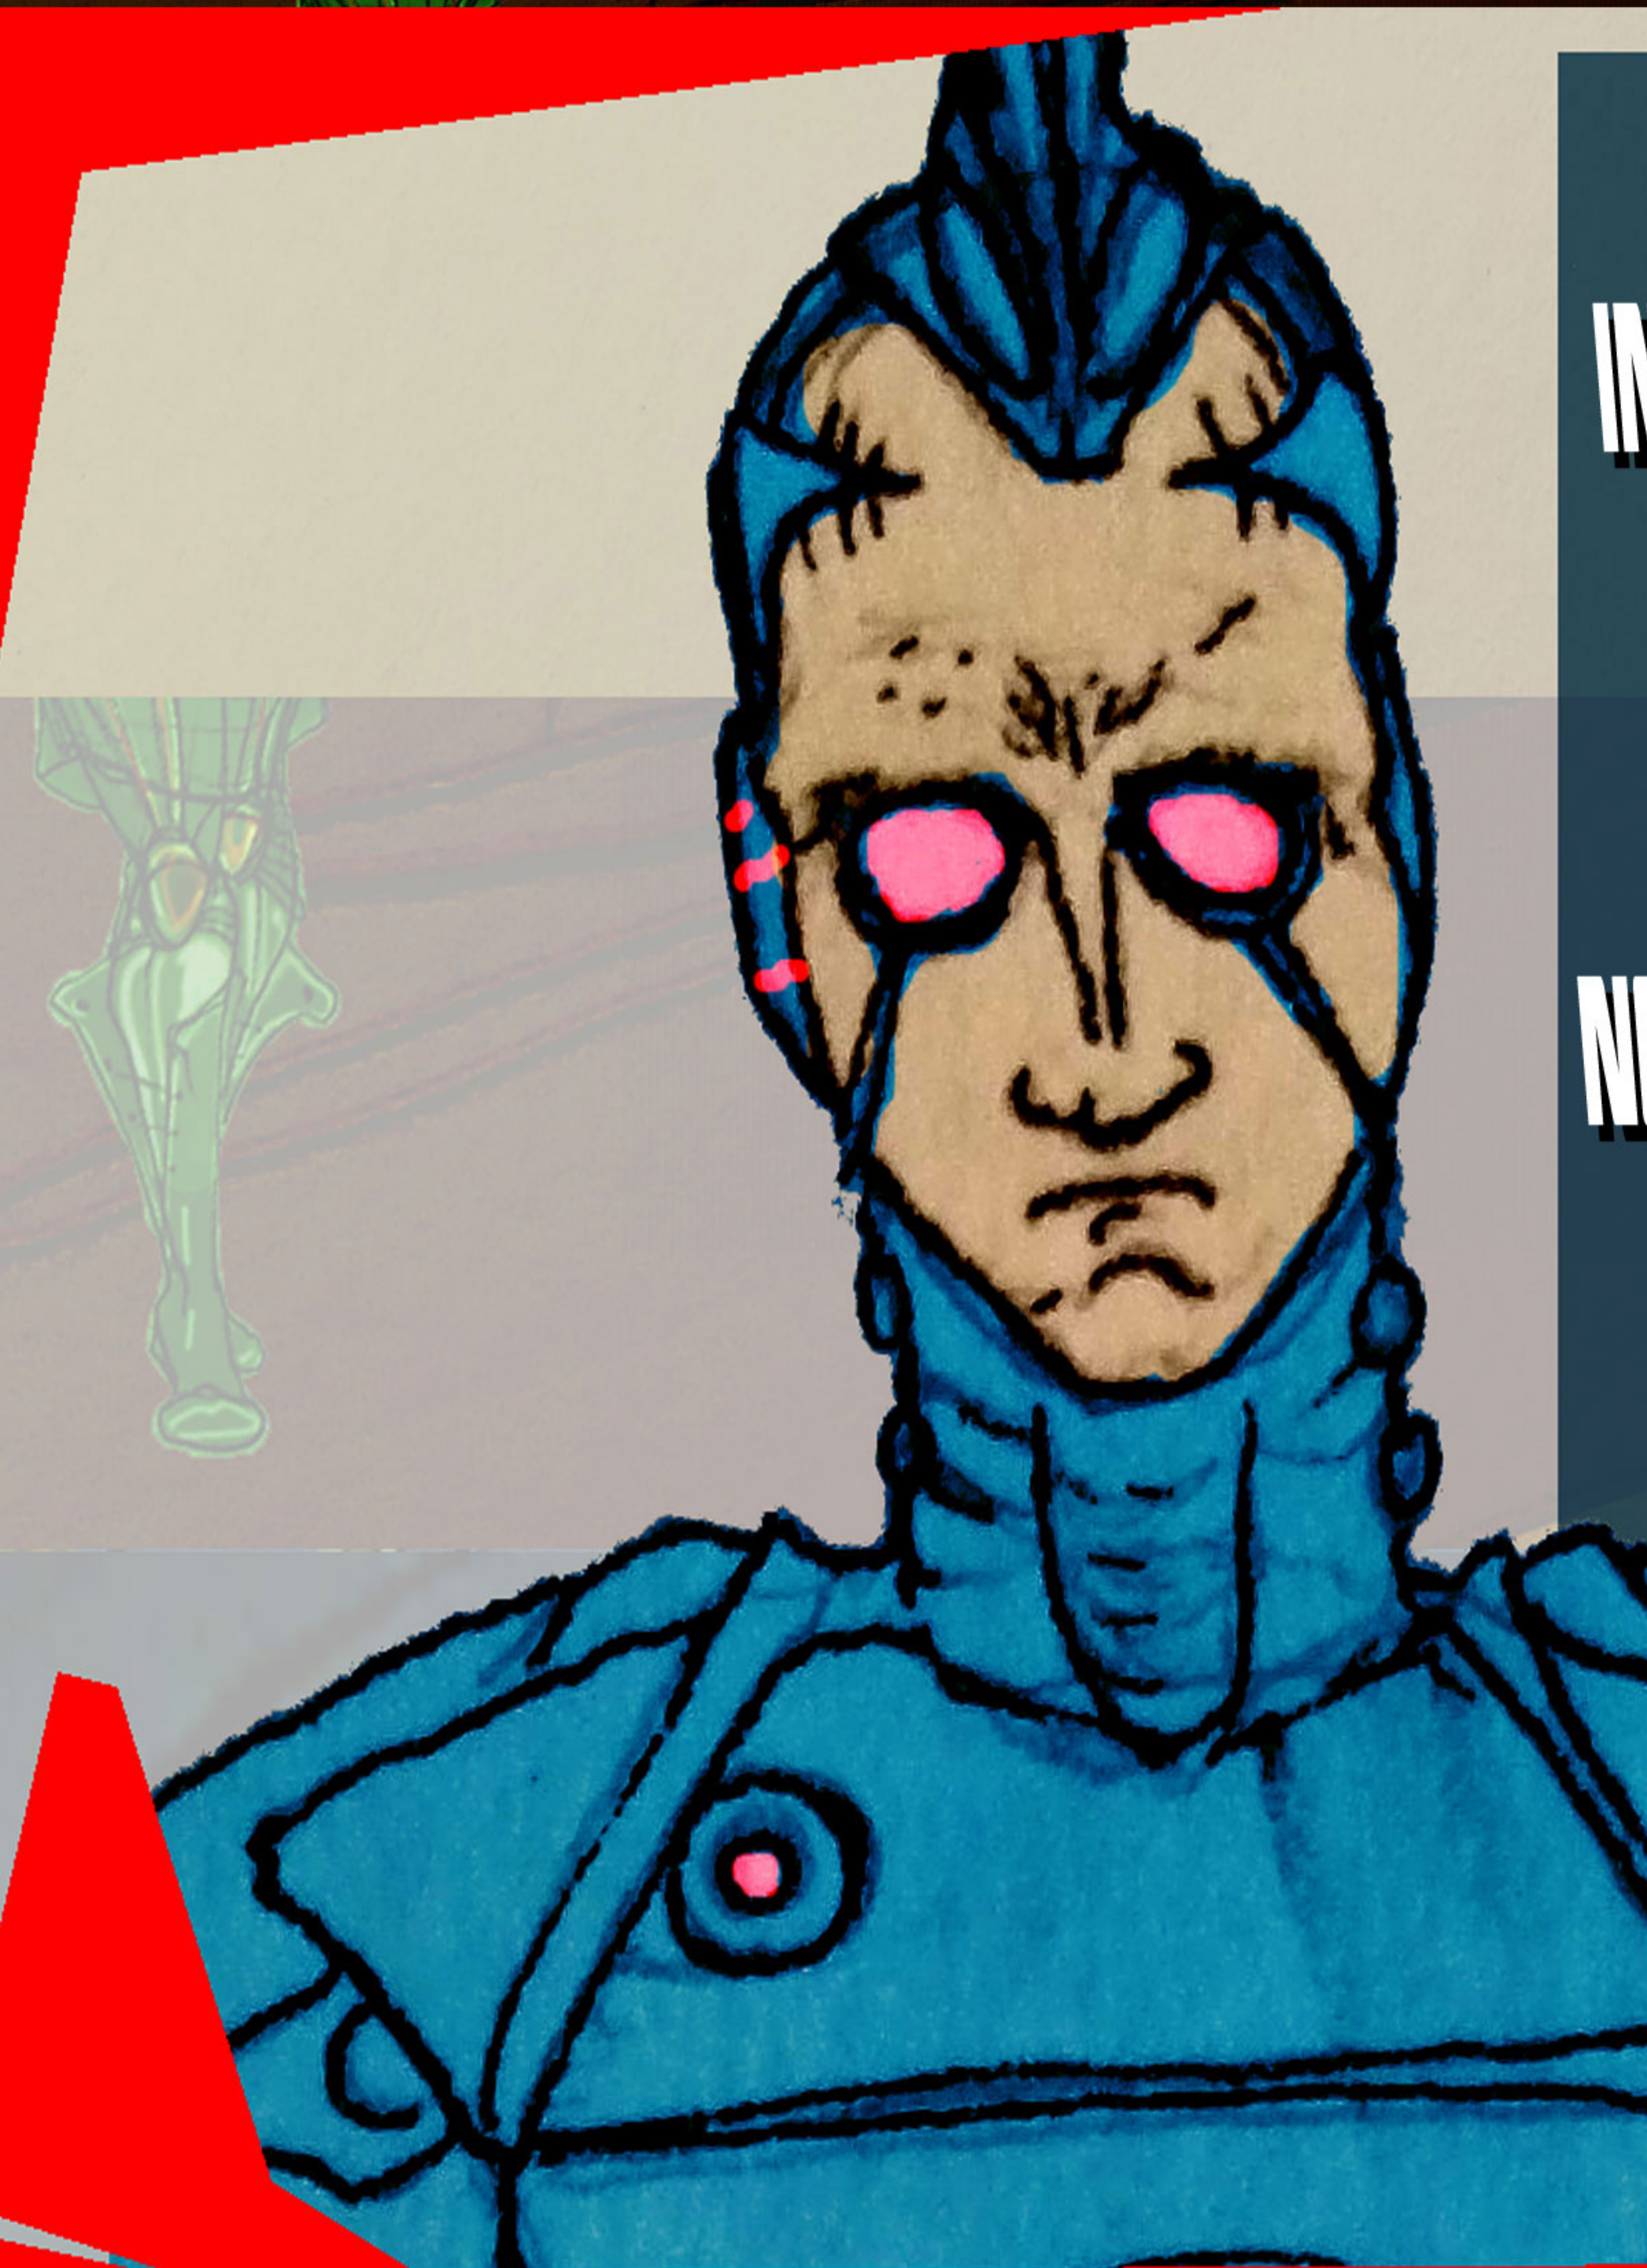

It is great to have my senses back, the Sorceress song was both enchanting and disturbing in the way it took hold of its victims, I can't even remember the song now, strange?

This is the Industrium Officer that is on the loose, he seems to have taken up residence at an abandoned gate house. The war left many structures vacant...Look, these Industrium types are not to be taken lightly, they have massive amounts of weaponry and advanced science and the upper classmen, like this officer are highly intelligent and resourceful. This is a primary target, let's move.

**INDUSTRIUM COMMAND OFFICER**

**DANGER LEVEL 10**

**NON-HUMANOID MACHINE HYBRID**

**APPROACH WITH**

**EXTREME CAUTION**

HEY PRETTY LADY, ALL  
DEM TANKS IZ EMPTY!

Yes, Thax, I understand that they are all empty, however, that does not change the fact that we must inspect and scan every Zartacla escape chamber that we find, scan and log them into the system. You see, the criminals are all tagged with corresponding codes so that we can sync up the lost and found fugitives as we progress through this unfortunate situation.

If we do not act with all haste in capturing our prey, this realm of Wizardlund could be irreversibly altered in ways that would be most unfavorable. The Fugitive faction technology and weaponry are back online, however we lack a network suitable for full capacity.

Hopefully Maximus is successful with opening up better channels of transit between our worlds, he will have a great deal to contend with at the peace talks that are taking place. Not to mention one of our missions actually caused much of the chaos that occurred in this realm, however, some would argue that those chaotic events were inevitable. We need more of our equipment brought over here so that we are able to operate at maximum efficiency, until then, improvisation is essential to get the job done.

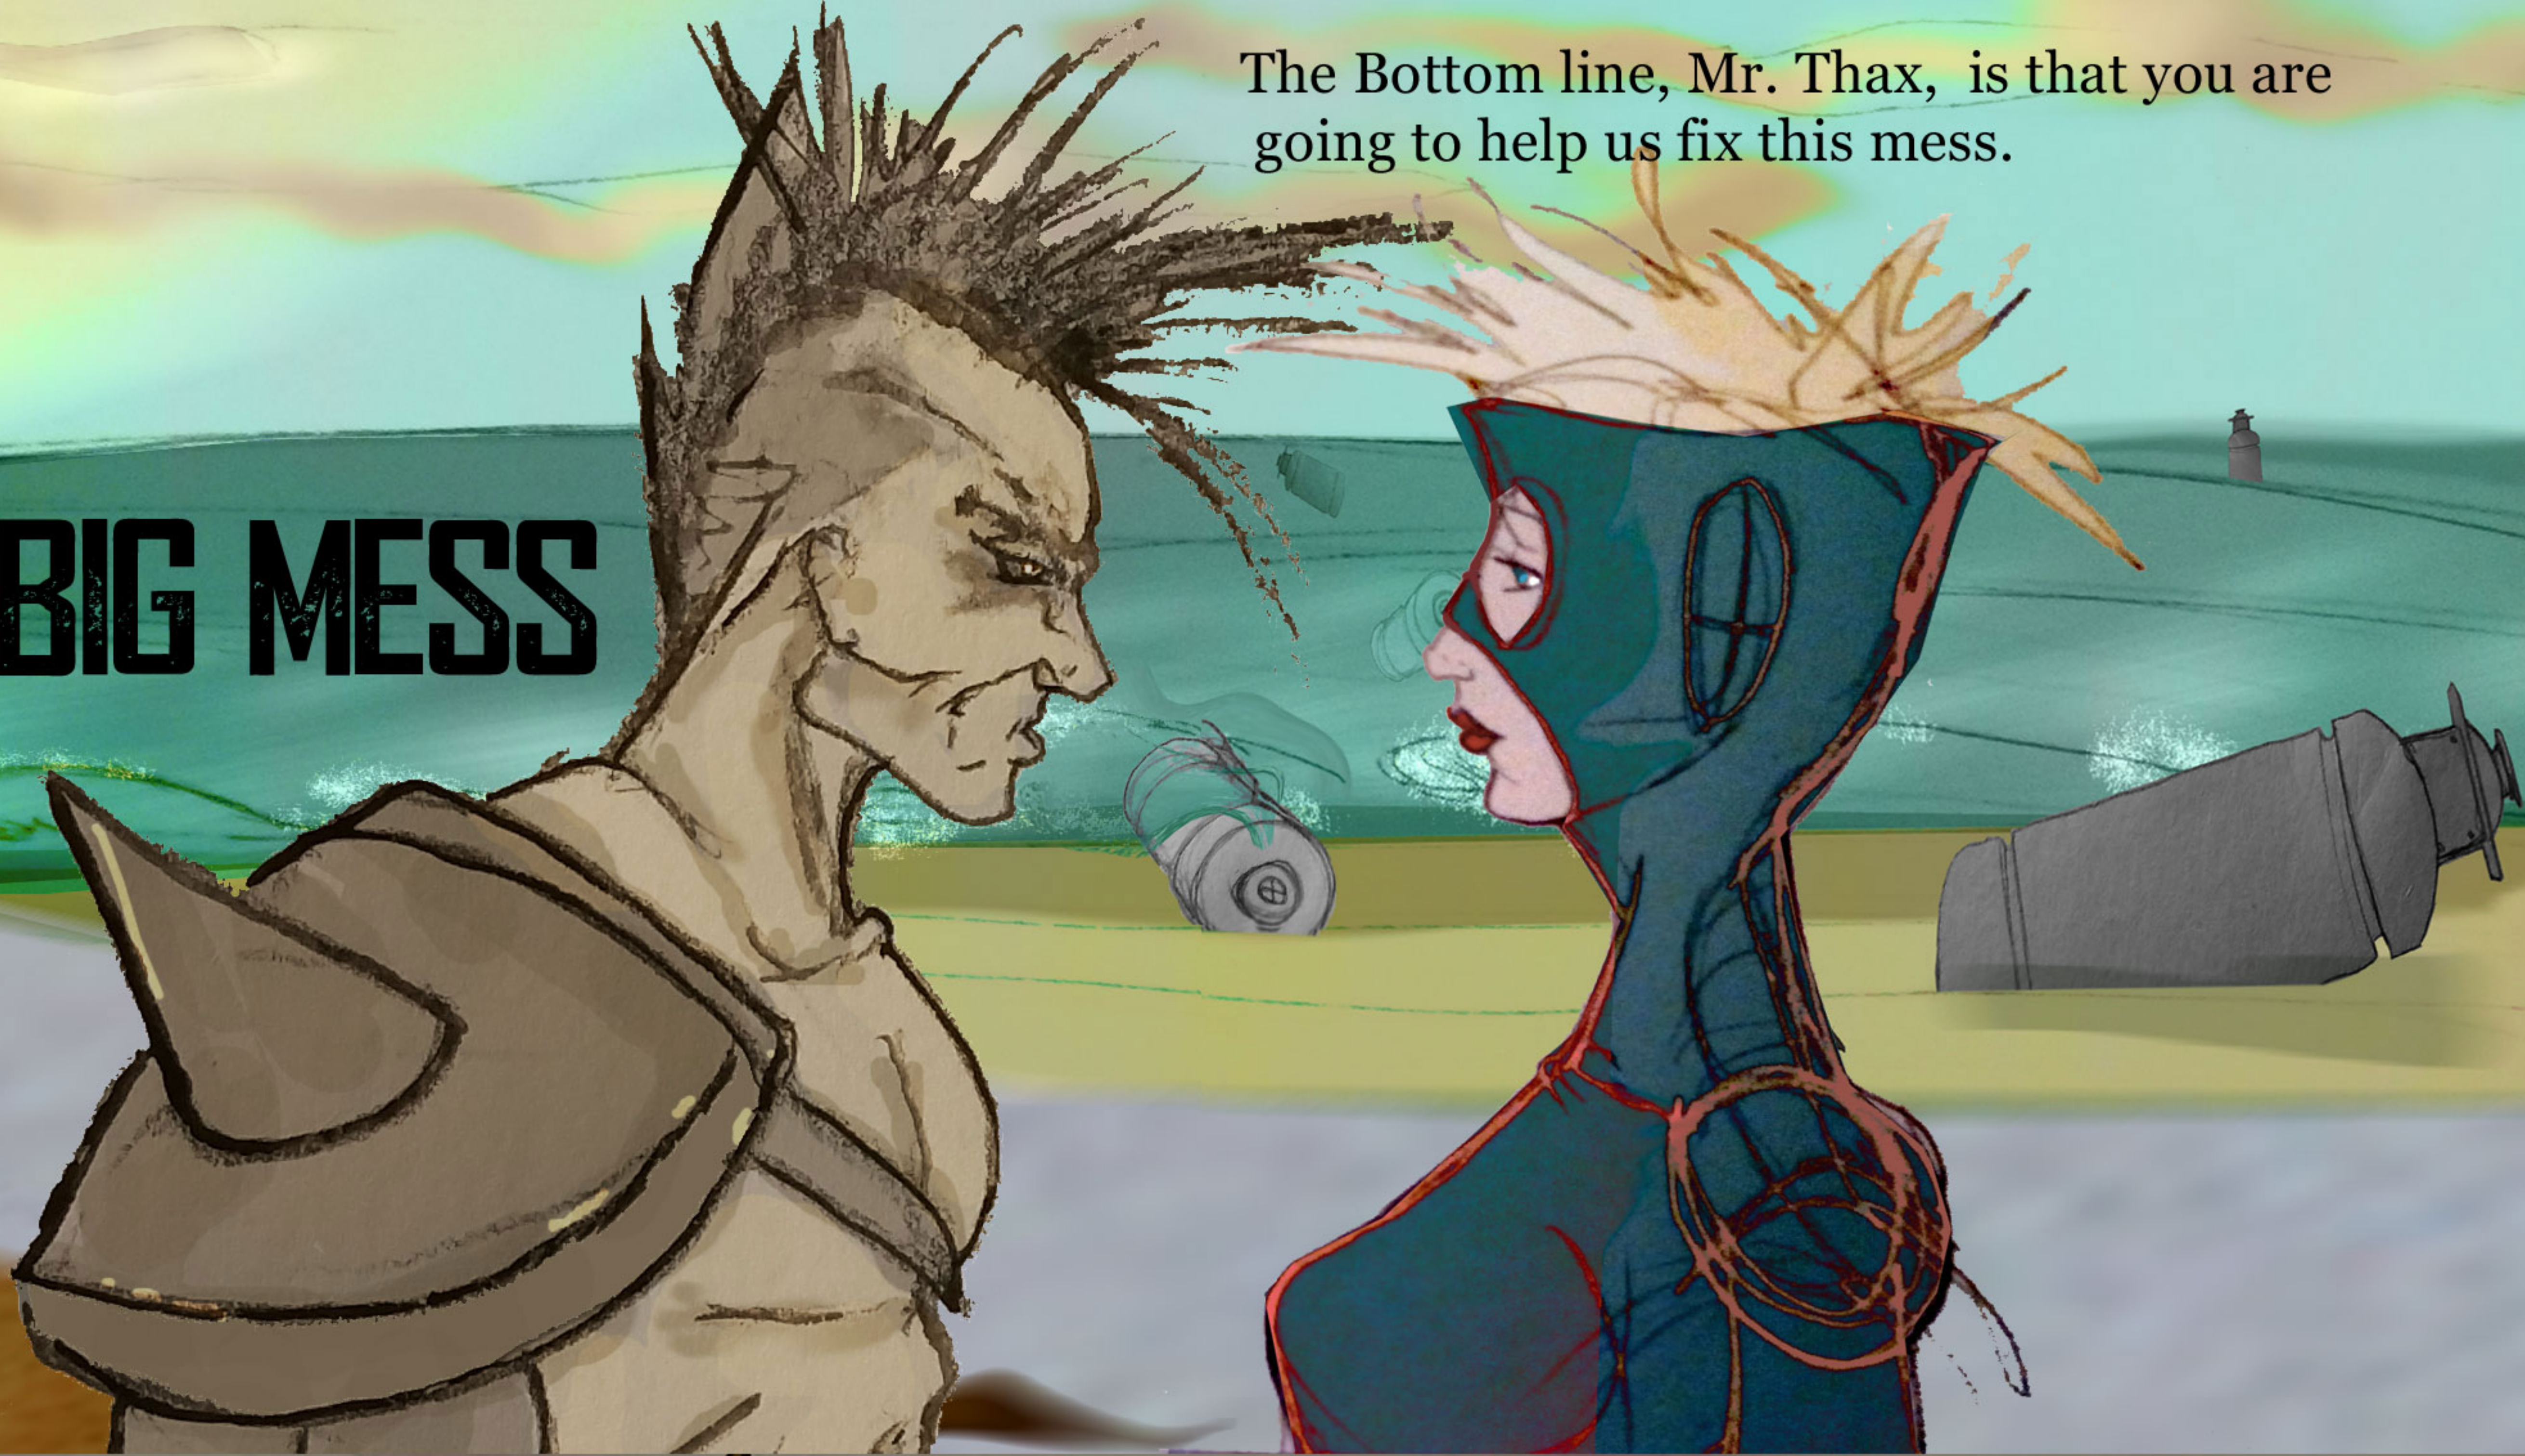

**DEM WORDS ALL HURT MY BRAIN**

The Bottom line, Mr. Thax, is that you are going to help us fix this mess.

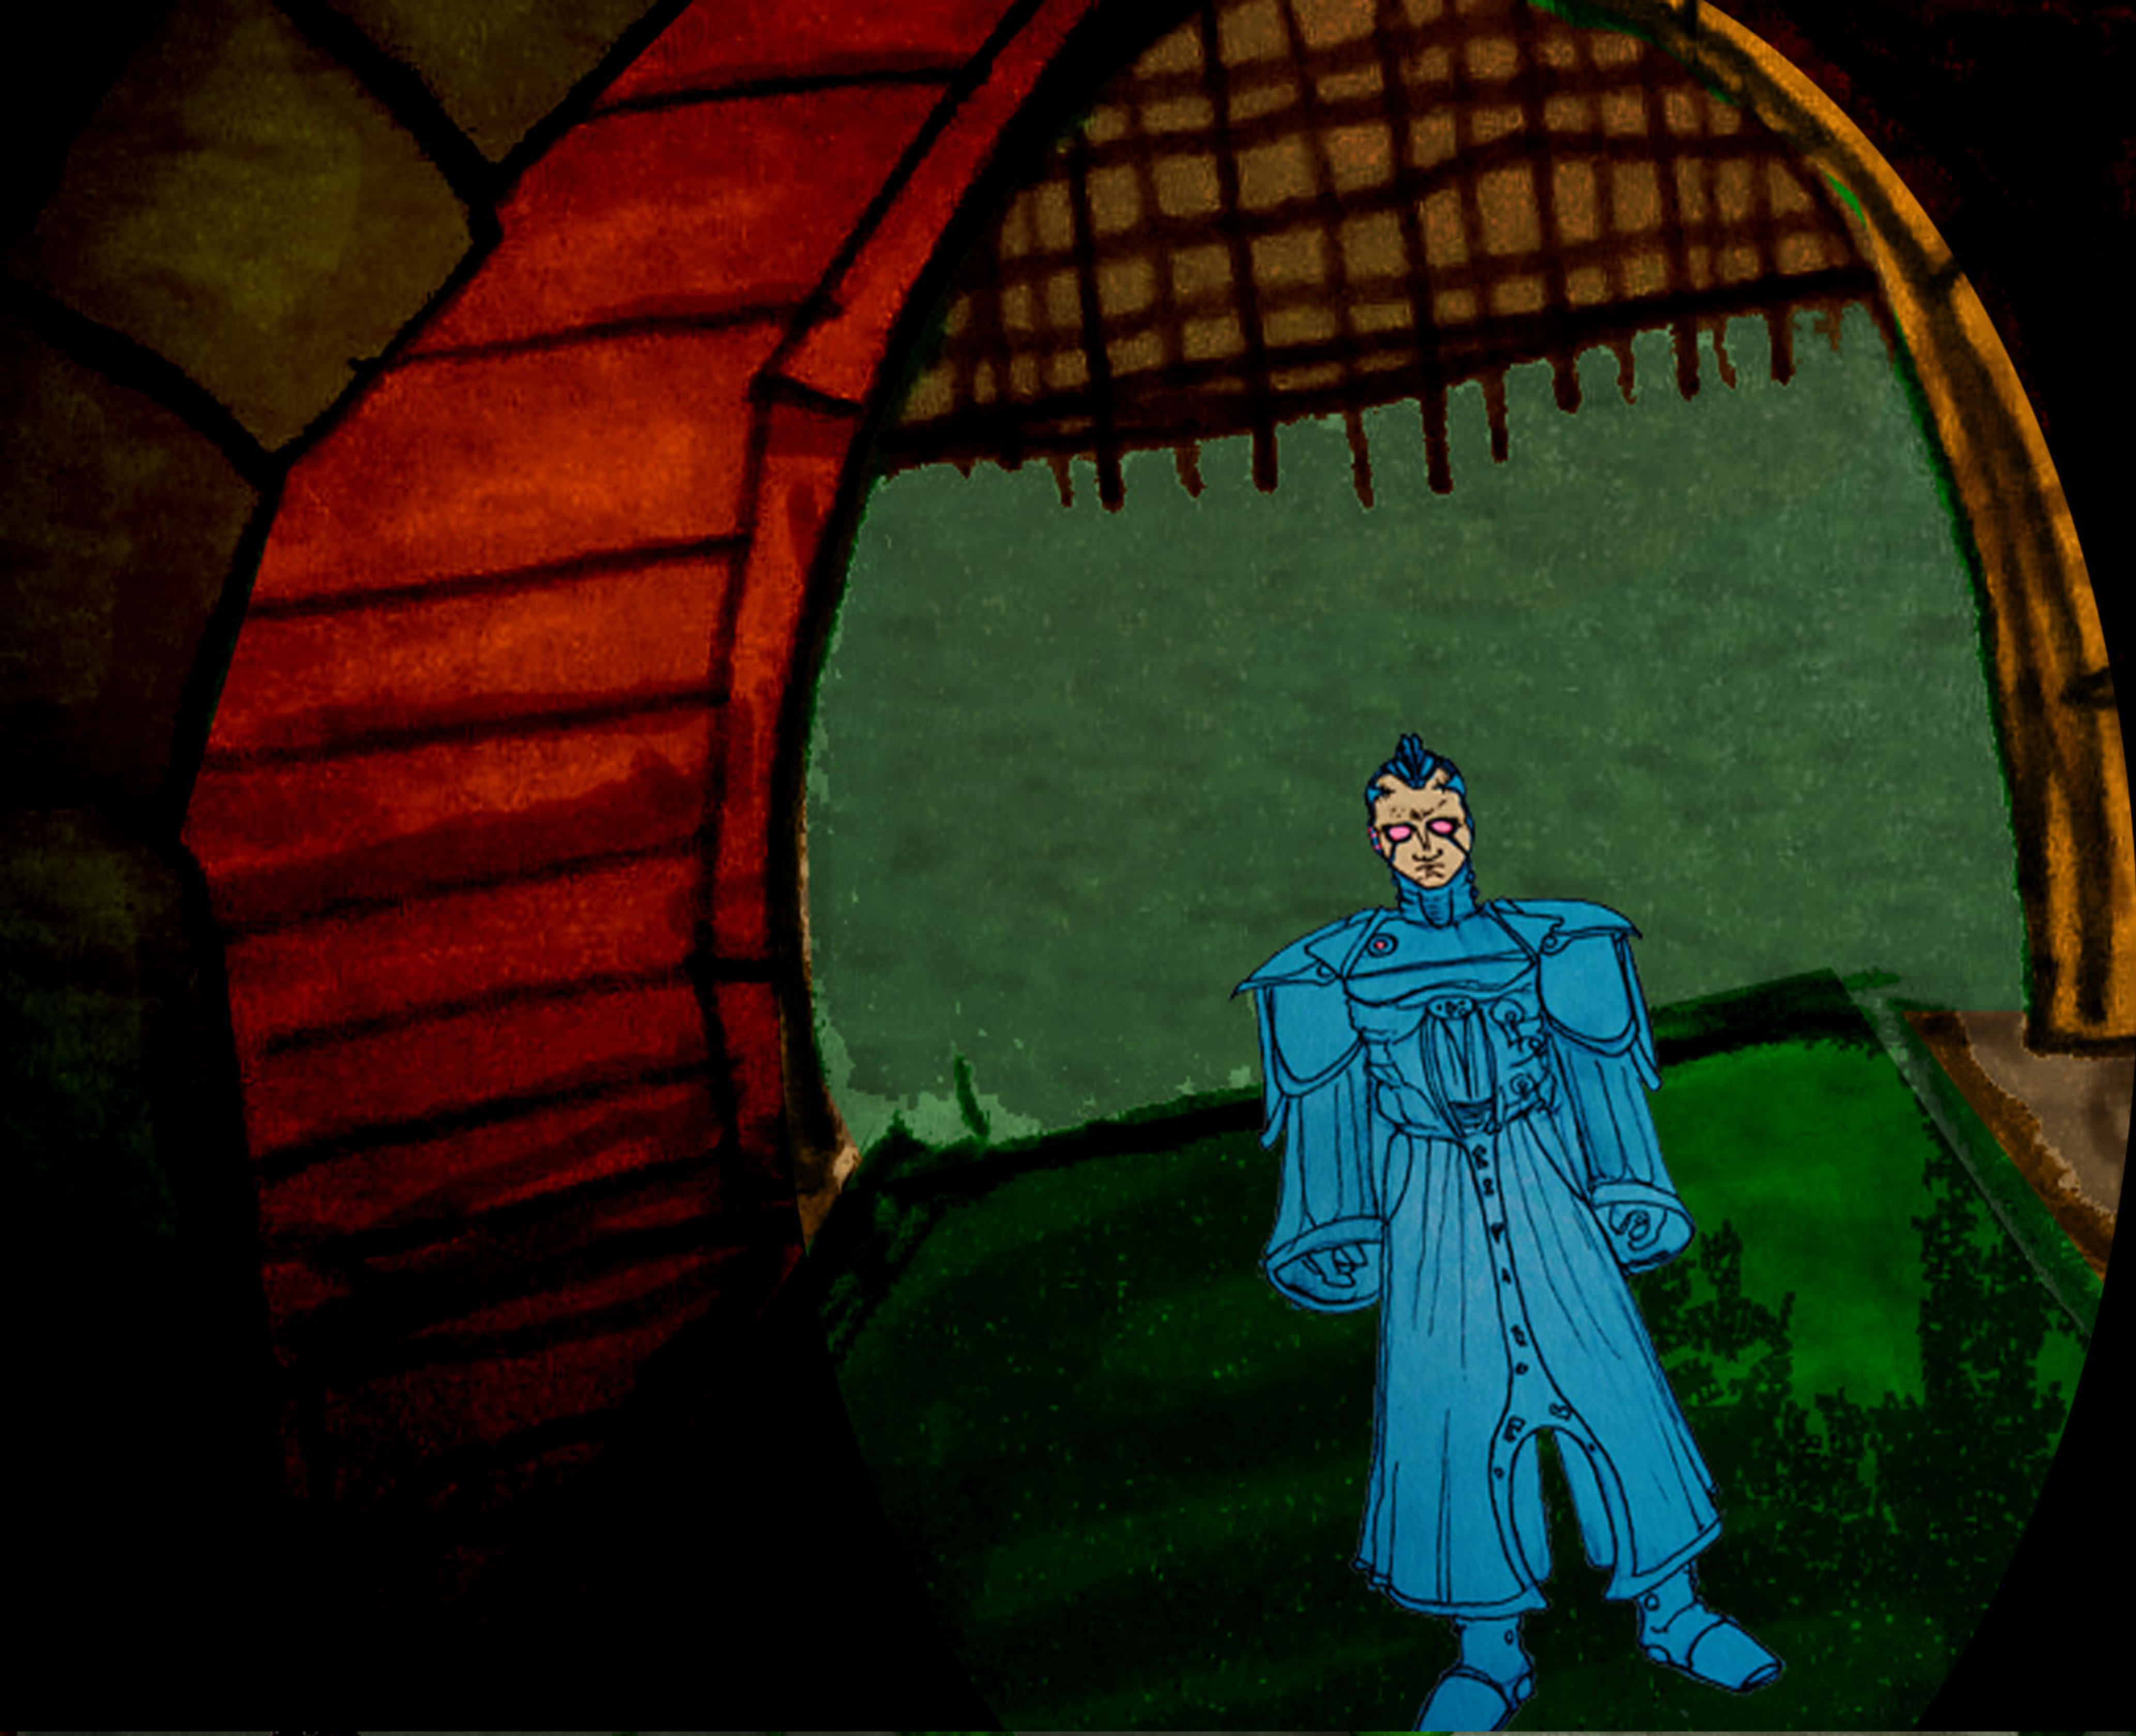

# BIG MESS

LATER, AT THE ABANDONED GATE HOUSE...

**THERE, IT IS DONE...  
INDUSTRIMUM CORE WORLDS WILL  
HAVE RECEIVED MY MESSAGE FROM  
THE MAKE SHIFT TRANSMITTER  
THAT I ASSEMBLED FROM THE  
RECENTLY ACQUIRED PARTS.**

**IT IS ONLY  
A MATTER  
OF TIME  
BEFORE...  
WAIT, I AM  
NO LONGER  
ALONE IT  
APPEARS.**

**BY ORDER OF THE  
CROSS WORLDS NEXUS,  
STAND DOWN OR BE PACIFIED.**

**THE INSTITUTE IS DOCKED TO THE CITY OF NEXXBURGH during this critical phase in the training of young cadets. Much of the classroom training is halted as the Rookie faction takes a guided tour of the massive facility where The Cross Worlds Nexus Travel agency operates out of.**

**Down this corridor, the scenario overview center is located. Much of this area is restricted access only, so consider yourselves privileged to be seeing any of this.**

**I want to be a scenario advisor.**

**Hell with that desk work, put me in the field.**

**I'll take a comfy desk job, thanks.**

**Hey, Omni, don't wander off and get lost again.**

It seems that Mr. Omni Atomic has found the Experimental weapon chamber where Danger Son Sealed The Nexus Danger Suit after the recent mission. There was a lot of controversy over the decision, some say it was made in haste, however, He is the Leader of the Fugitive Faction and it is sealed and can only be unlocked by his D.N.A.

**HEY CHIPMUNK SCOUTS, HERE TO GET SOME MERIT BADGES?**

Now if you will follow me...Why look, it is Special Agent Kid, one of our top field operatives just back from a mission.

Did you see those laser burns on his jacket?

That guy eats adventure for breakfast

WOAH

Agent Kid,  
When will I  
ever hear  
from you  
about us  
going out  
again?

**MAYBE  
TOMORROW...  
MAYBE  
NEVER.**

Hey, Agent Kid!  
I'm Omni Atomic,  
I plan  
on  
being  
a  
travel  
agent  
just like you.

**HELLO.**

I'm ready to go! Can you put the good word in  
for me, these academic types won't lighten up,  
I mean, c'mon do I really need to know every  
detail of a mission before I step into the field?

**DE JA VU**

What? Is that like a secret  
code or something? Are  
you talking in code?

**HEY THERE...YOU  
HAVE A LOT TO  
LEARN...JUNIOR.**

At this time, there will be a brief intermission in the tour, Please wait in the Plaza, The Wyzardlund Peace talks are about to take place, so, if you care to, you might want to tune into Nex News Now, there will be live coverage of the event.

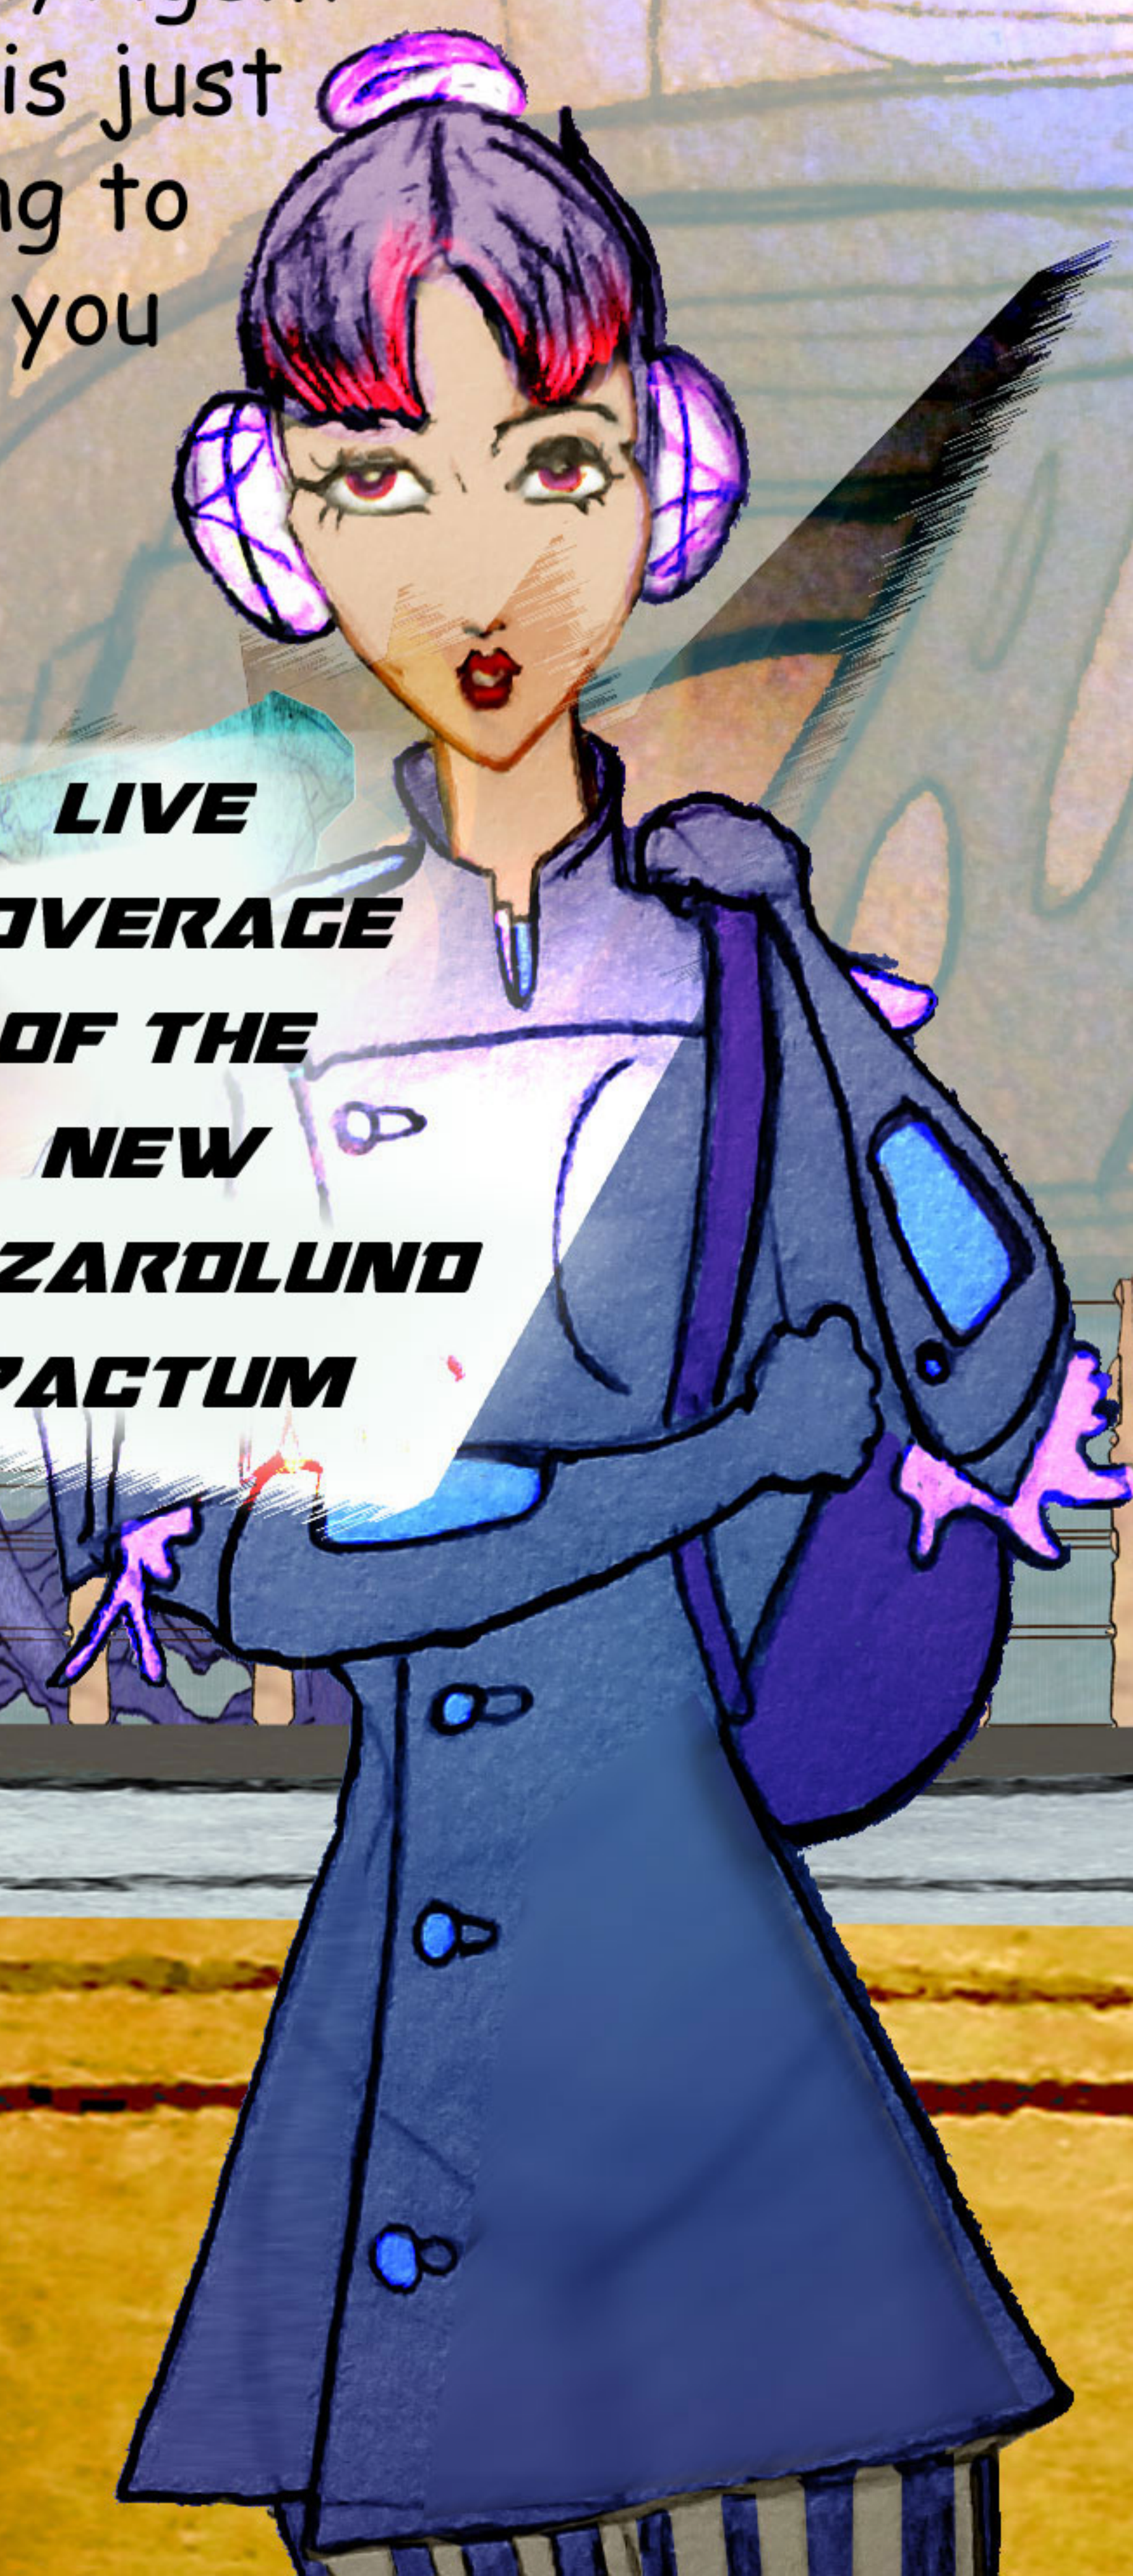

I know plenty, just put me out there, I'll show them all.

Omni, Agent Kid is just trying to help you out.
